

TEUTONS TIGHTEN GRIP ON RUMANIA; WITHIN GUNSHOT OF CAPITAL

The Teutonic grip on Rumania remains unshaken and at last reports was tightening with three converging forces continuing unchecked their advance toward Bucharest.

Invasion Near Capital

Despite tenacious resistance by the Rumanians, which appears to have increased as Bucharest was neared by the armies of Field Marshal von Mackensen and Gen. von Falkenhayn, the invaders are now almost within gunshot of the capital. They are near their objective on the southwest where Tzovana, 16 miles distant, has been reached. From the west they have driven to within 50 miles, reaching Glavatzotzu. On the north-west they have broken the Rumanian line, permitting of a new influx of Ausro-German troops by way of Tzovburg pass and Campulung.

Success for Rumanians

The Russians meanwhile have been attacking heavily all along the frontier of Moldavia, the Rumanian province which projects northward between Transylvania and Bessarabia in an evident attempt to create a diversion in Rumania's favor. Today Petrograd reports a pronounced success in this offensive, declaring the whole range of heights along the frontier south of Kiriibaba has been taken by the Russians.

Greece's Greatest Crisis

Greece today is in the midst of what seems likely to prove her greatest crisis. The entire ultimatum under which possession of Greek arms and munitions was demanded has expired and King Constantine is reported to have definitely refused compliance with the demands. On the other hand Admiral du Poutet, commander of the

SATISFACTION IN CLOTHES

When you are in a gathering of well-dressed people, don't you feel a great sense of satisfaction when you know that your clothes are in good taste, and that you are dressed as well as anyone there? If you buy your clothes at Chalifoux's, you will always feel that your clothes are in perfect taste, for Chalifoux has the correct thing for the correct time. allied naval forces in Greek waters, has indicated that he will take radical measures to enforce the demands, having troops in readiness for embarkation at Piraeus, the port of Athens.

On Macedonia Front

In Macedonia the Germans and Bulgarians are doing more than fight defensive actions against the entente attempts to advance in the Monastir district. On Wednesday they counter-attacked violently in the Grunishka region, east of Gorna, where gains were recently claimed for the Serbians. Paris admits the Serbians lost certain trenches which they had previously won, but declares the main effort resulted in failure with heavy losses for the Teutonic allies.

Steady Progress of Teutons

Today's German headquarters report records steady progress of the Teutonic allies against the Rumanians along the entire curving front before Bucharest. In particular it shows von Mackensen's forces from the Danube approaching the line of the Argeshu river, which flows within 12 miles of Bucharest as it sweeps down diagonally across Rumania from the north-west. It is here, it is believed, the Rumanians have elected to make their last stand before the capital.

2000 Rumanians Captured

Further inroads upon the Rumanian personnel and equipment are announced by Berlin in the capture of more than 2000 prisoners, 21 cannon and other material.

Rumanian Attacks Costly

Berlin emphasizes the extent of the Russo-Rumanian offensive in the Carpathians along the Moldavian frontier, pointing out that it is being violently pressed over a front of more than 150 miles. It is declared, however, that the attacks were virtually fruitless and extremely costly, and claims the recapture of some ground previously lost. Likewise it records the defeat of an entente attack on the Bulgarian left wing in Dobrudja in which two British armored cars were destroyed.

ENGINEERS SEND EXTRA BILL FOR BRIDGE WORK

Commissioner Charles J. Morse is up in arms. He was under the impression that the J. R. Worcester Co. was to receive but \$1000 for its services in connection with the construction of the new Pawtucket bridge, but in addition to the sum above mentioned the company has filed an extra

October Sitting of Civil Session May Adjourn to East Cambridge Next Week

A sealed verdict will be opened in the civil session of superior court being held before Judge Keating in this city Monday morning in the case of Alexios Mavridis vs. the Reggs & Case, which was on trial for nearly three days, was given to the jury late Wednesday and an agreement was reached after a few hours' deliberation.

It is said that the October sitting of the civil session of superior court may adjourn to East Cambridge next week. Lowell attorneys have been slow in preparing their cases for trial and there have been too many break-downs in the trial list during the past few weeks, it is said. There are still a number of Lowell cases to be disposed of and adjournment to Cambridge would put local parties and attorneys to a heavy expense for traveling expenses for witnesses, etc. Local merchants also benefit considerably by the daily visits of jurymen from all over the county. However, court will not remain here for the remainder of the session unless there are fewer break-downs.

Good time at Lincoln hall tonight.

GERMANY READY TO MAKE AMENDS IN MARINA CASE

If U. S. Can Prove Ship Was Entitled to Immunity Berlin Will Acknowledge Error and Make Offers of Settlement

WASHINGTON, Dec. 1.—The German submarine commander who sunk the British horse ship Marina with the loss of six Americans has reported to his government that he took the vessel for a transport. Germany has asked the United States for information of the status of the ship and is ready to offer amends if the Marina was entitled to immunity. The case was discussed today at a conference between Count von Bernstorff, the German ambassador, and Secretary Lansing. Germany in a communication in reply to the inquiries of the United States has asked for any information in possession of this government that will lead to a settlement.

The conference between the ambassador and the secretary of state which was brief, developed that neither seemed to be in possession of such complete information as would be es-

sential to a determination of the case. The conference was asked for by Count Bernstorff. It is understood that it was intimated that if the United States can inform Germany that the Marina was not in the British transport service and was entitled to the immunities of a peaceful merchant ship, the Berlin government is ready to acknowledge an error and make offers of settlement satisfactory to the United States.

President Wilson has been looking after the case personally and will pass upon any understanding reached between the ambassador and secretary of state.

When the Marina was sunk it was stated from London that there was some ground for believing she had been previously connected with the British transport service. Later de-

patches said the ship had been armed.

The Marina had carried a cargo of horses to England from Newport News, Va., and was returning when two submarines lying in wait sank her in a stormy sea from which survivors were rescued after many hours of hardship.

In its last late to Germany on the submarine question the United States threatened to break off diplomatic relations unless the campaign of destruction without warning was abandoned. Another note declared that offers of reparation and expressions of regret would not be sufficient, but did not actually close the door to accepting an admission of error and indemnity for damage in any specific case where the American government might choose to deal with it in that way.

ROGER SHERMAN HOAR AT GRANGE MEETING

The regular monthly meeting of Middlesex North Pomona grange held today in Odd Fellows' hall in Bridge street was attended by a large number of grangers from this city and the suburban towns. The business meeting was opened at 10 o'clock and several important matters were taken up and considered. At noon a bountiful dinner was served.

This afternoon's meeting was open to the public. Former Senator Roger Sherman Hoar of Concord was the principal speaker and he characterized the rural credits law as the most useful measure for the benefit of the husbandman that has been devised since the days of Adam. He explained the new system as follows:

"It is organized like the national banking system. At the head is a board of five at Washington. This board is now dividing the country into twelve districts, each one of which will have one large central bank. Under each large bank will be many little banks, each organized by ten or more borrowing farmers. The farmers will own all the stock of the small banks, each farmer being required to use 5 per cent. of the funds loaned to him to purchase stock in the bank through which he borrows. The small banks will use this money to purchase an equal amount of the stock in the large banks. The original funds of the large banks will be advanced by the United States government, but the government stock will gradually be retired as the small banks make their purchases.

"It is planned to loan money to farmers at 5 per cent. A conservative estimate shows that the small banks ought to pay a 7 per cent. dividend from the start. Thus the compulsory investment feature will not only insure to the farmers a complete control of their own system, but will also make them a handsome profit to go toward reducing the other 95 per cent. of their loans.

"After the original capital is exhausted, new funds for lending to the farmers will be raised by pooling the

mortgages and by issuing bonds at 4 per cent. Experience in European countries shows that such bonds ought to sell easily at 3 1/2 per cent., thus it is probable that the eventual interest rate to the American farmers will be only 4 1/2 per cent."

MANY REPORTED KILLED IN TRAIN WRECK

AMSTERDAM, Dec. 1, via London, 2:10 p. m.—A train traveling between Vienna and Budapest with a number of personages who had attended the funeral of Emperor Francis Joseph, says a telegram received here today from Vienna, collided with another train at Mercebach. Several cars of both trains were shattered and it is said that numerous passengers were killed or injured.

"HELLO" GIRLS REWARDED

NEW YORK, Dec. 1.—The girls on the telephone switchboards and at the newsstands in the Vanderbilt hotel had special cause for Thanksgiving yesterday. P. M. SAYS EGGS WILL DROP TO 35 CENTS A DOZEN WITHIN 10 DAYS

NEW YORK, Dec. 1.—A "seventy hour ultimatum" to egg dealers directing them to mark plainly all cold storage eggs as such before placing them on sale in this state, was announced here today by John J. Dillon, state commissioner of foods and markets. He said that he had also taken steps to see that eggs arriving from points outside of New York state are similarly marked. The commissioner predicted that within ten days the retail price of eggs would drop to 35c a dozen.

CHICAGO, Dec. 1.—James E. Weitz, who does not care "a tinker's dam" for the public, is dumping some of his 72,000,000 eggs—not in Chicago, but in France and England. Huge consignments by refrigerator cars have been shipped, according to Dr. A. J. Stokes, chief of the food investigation bureau of the health department.

The price of eggs has felt the effect of local and other boycotts. Firsts now are quoted at the wholesale price of 34c a dozen, which is nearly 8 cents below the high mark of a week ago.

Three representatives of the Egg In-

spectors' union conferred yesterday with Health Commissioner Robertson and agreed with him on a plan to safeguard Chicagoans against bad eggs which pass through cold storage.

The union men and the health commissioner agreed that all egg candlers should be compelled to take out a license. Upon receiving a report showing bad eggs the health department would send an inspector and see to it the eggs did not reach the consumer.

"I expect to submit an ordinance covering these points to the council," said Dr. Robertson. "I believe it would effectively stop the sale of bad eggs."

LOWELL WOMAN GETS CUSTODY OF HER SON

Mrs. Sadie E. Miller of Harrison street, this city, has been awarded the custody of her son, Raymond Shannahan, as a result of the hearing held before Judge Dana in the superior court in this city Monday. Mrs. Miller has won the fight for the control of her son, who is now 14 years of age, after three hearings before the court. For six years the boy has been living with his father, Patrick Shannahan, who now resides in Lynn.

Judge Dana's decision is as follows: The petitioner, Sadie E. Miller, is to have the custody of her charge, Raymond Shannahan until the further order of the court. Provided, that the respondent, Patrick Shannahan, at all times, is to have access to said Raymond Shannahan at reasonable hours and places, with the right also to have said Raymond visit him at reasonable times, hours and places.

STEAMER NACOOCHIE DELAYED OFF ORLEANS

CHATHAM, Dec. 1.—The steamer Nacoochie, with passengers and freight from Savannah for Boston, was delayed off Orleans today and while no report from her commander reached shore points it was believed she had developed minor engine trouble. The steamer was seen to be drifting soon after daylight and had not come to an anchorage at noon, when she was off this port and far out beyond the shoals.

As the Nacoochie did not send a call for assistance it was thought that she was in no danger and would be able to proceed to Boston later in the day. The Nacoochie's captain brought his vessel under control again this afternoon and, making good progress, resumed the voyage to Boston.

NUN DIES IN CONVENT FIRE

NEW BEDFORD, Dec. 1.—Sister St. Seraphin was suffocated to death and 20 other women—sisters and employees—fled in panic, through smoke filled hallways, from the convent of the Sacred Heart yesterday afternoon, when fire swept through the four-story building.

The convent was fired by a man who had been refused food at a basement door, it is believed. Two hours after the man had threatened an employee of the kitchen, a brisk blaze was discovered in the basement and spread rapidly.

Late last night, the police were searching for the man, of whom they had a good description. There were no fires or heating apparatus in the basement where the fire started.

Was Sick in Bed
Sister St. Seraphin was sick in bed on the second floor, and was carried out unconscious by Beecher Burns, a resident of the vicinity. All efforts to resuscitate her failed.

Many of the sister fainting when they reached the sidewalk. Some of them were partially overcome by the choking smoke.

At 1.30, yesterday afternoon, a roughly dressed man applied at the kitchen door of the convent located on Robeson street, for food. Evelyn Aselyn, a domestic employed in the kitchen, informed him that the former practice of feeding those who applied for meals had been discontinued. She referred him to another institution. The man persisted that he must have food. After a lengthy argument he left, after threatening to "get even."

At 3.45, Miss Aselyn finished her work about the kitchen and went into the basement. There was no trace of fire. She went into another part of the building and 15 minutes later smoke was rolling up the stairways. When the sisters attempted to enter the basement, a blast of flame drove them back. The fire ate its way up through the walls and spread to the dormitories on the second floor. Many of the sisters were in their rooms.

So quickly did the fire spread that the hallways were filled with thick smoke within a few minutes. Many of the sisters attempted to gather a few belongings and when they fled through the hallways, they were partially overcome by smoke.

Danahoe to Rescue Sister
After most of them had reached the street, someone remembered Sister St. Seraphin, confined to her bed on the second floor, because of an operation turned a week ago. Mr. Danahoe, residing at 250 Chestnut street, rushed into the building. He groped his way up the stairs and carried the unconscious sister to the street.

Ambulances and pulmotors had been

keep them there as long as the law allows in that other state. Although the law in each state permits storage only for a limited time—10 months—I believe, in the case of eggs—it is possible through the alleged trust, to keep goods in storage, three times that period. The laws relating to cold storage houses are a laughing to cold storage houses. If the federal government were to take under its cloak all the cold storage houses in the country and make one comprehensive law for them, the evil would be abated."

AGED ENGINEER KILLED
TRAIN RAN WILD
PHILIPSBURG, N. J., Dec. 1.—While his engineer, Johnson Shaffer, lay dead beside the tracks near Black Tom Island, a milk train on the Lehigh Valley railroad early yesterday ran 30 miles beyond that point before the fireman, Allen Miller, discovered Shaffer was missing.

Miller's attention first was attracted, he said, when the train passed an important crossing without heeding a signal warning. Seeing that Shaffer was not at his post, Miller reversed the throttle, which, he declared, was wide open, and brought the train to a halt.

Shaffer's body was found later. His head was crushed and he had received internal injuries. Apparently he had climbed out on the running board of his engine and had fallen off. He was 65 years old.

Big Class Initiation at Meeting Held Yesterday Afternoon—Membership Campaign in Progress

A monster class initiation of candidates for membership in Lowell Eagle of Eagles took place at a meeting of the order held in Harrington hall, Central street, yesterday afternoon. A membership campaign had been in progress for some time and yesterday, 133 new members were admitted, bringing the total membership up to 853.

The officers who assisted at the initiation ceremony yesterday, were President Patrick J. McCann, Vice President Cornelius T. O'Keefe, Chaplain John A. Conlin, Past President William A. Quinn and others. A number of additional candidates are now on the waiting list and the charter will remain open until Feb. 15.

The election next Tuesday will be by the Australian ballot system, and the polls will be open from noon until midnight.

O'CONNOR NOT TO BLAME FOR ACCIDENT

Special to The Sun.

STATE HOUSE, Boston, Dec. 1.—Timothy J. O'Connor of 305 Gorham street, Lowell, a jitney operator, appeared before the state highway commission today to defend himself against a charge of reckless operation of an automobile in the city of Lawrence, on September 30. It is claimed in this case that O'Connor operated his jitney recklessly and collided with a truck owned by the Reuter brothers of Methuen.

When O'Connor was admitted to the hearing room today, he submitted testimony that he was not at fault in this accident, and claimed that he would get a statement from the operator of the truck that the cars never came together. As he explained the case, the Reuter car was approaching him from a side street, and when the machines came to the corner, the operator of the truck held out his hand indicating that he was to make a turn. The truck, however, turned in the opposite direction from that which O'Connor had supposed.

He stated that the operators of both cars had their wits about them, however, turned their steering wheels quickly, and although they avoided a collision with each other, they drove their cars up onto the sidewalk, one hitting a telephone pole and the other a house.

O'Connor claimed that he was not at fault in this accident and when he stated that he would bring a statement from the operator of the other machine that the automobiles never came together, the commission laid the matter on the table for another week, in order to give the defendant more time to secure his statement.

75 COLD STORAGE HOUSES USED BY TRUSTS

NEW YORK, Dec. 1.—The existence of an interstate combination of cold storage houses to keep up food prices was charged today by Joseph Hartigan, commissioner of weights and measures, who, as secretary of Mayor Mitchell's committee on food supply, is investigating the cost of living with a view to effecting relief for consumers.

Keep Shifting Stock
"There is a so-called cold storage trust," Mr. Hartigan said. "Its members comprise 75 cold storage warehouses in New York, New Jersey and Connecticut. It is believed that, to evade the laws of the various states, it is made easy for the owner of goods in one cold storage warehouse to hold his goods in one state until just before the time expires for the goods to be released and then to move them to a warehouse in another state and

IN MILADY'S BOUDOIR

NERVES WRECK THE HAIR

Nervous women, or those suffering from nerve exhaustion, as a rule have thin, fine hair and are prone to premature baldness. This has generally been ascribed to anemia or thin, lifeless condition of the blood, from which nervous people generally suffer. The hair, fed by the capillaries, naturally does strength when the blood is exhausted.

That diseased nerves may directly cause atrophy of the hair roots is a new idea and may explain cases of baldness in which the scalp seems free from bacteria and the general health good. In such a case falling hair has more than a superficial interest to a woman craving beauty as it becomes a symptom of grave nerve disturbance and a case for a physician to handle.

The tendency of medical science today is to observe slight symptoms that to the laymen would be regarded as unimportant. The hair, the skin, the eyes, and even the condition of the feet all have their importance in determining a condition of ill health and the presence of some serious disease.

Uric acid, the parent of rheumatism, shows its presence in several ways, affecting the physical beauty. Dentists have found that uric acid is responsible for a great part of enamel decay. Inflamed eyelids are often traced to the same source and it has been discovered that a certain blotchiness of the skin of the face is a frequent complaint of a person suffering from inflammatory rheumatism.

It is now said that only a few cases of premature baldness are due to a parasite. That dandruff or some other form of a parasite was responsible for falling hair has long been an accepted theory.

NERVES SPOIL BEAUTY
If women built up their bodies by outdoor exercises and at the same time cared for delicate complexions and fine hair, they would be the most beautiful

of all ages. You may believe that the French woman, because she is quick and slim, is a bundle of nerves, but it is not so. She is temperamental and her emotions are near the surface but her nerves have rest because she never worries from one day to the next.

The American does a host of nerve-racking things to mar her beauty. We Americans never rest, for we fill our spare moments reading exciting fiction, watching intense dramas or playing bridge as if our lives depended upon it. You must learn to control your mind when there is real need of physical waste, for worry only too quickly leaves its stamp on the features. If you have missed a train, don't pace the platform and search the face of the clock and frown at the galeman. This mental hurry will not increase the steam pressure in the engine carrying the next train.

To your best to cultivate repose and nerve control and you will conquer our national weakness. Follow the English woman's habit of taking cross-country walks in the open air, and study the French woman's clever maneuvers to improve her natural looks. The combination of these three should give you real claims to that elusive quality known as beauty.

THANKSGIVING NOT SPOILED BY RAIN

Muggy and rainy weather yesterday did more to give Lowell a dismal Thanksgiving than the lack of the majestic turkey on hundreds of tables. Chickens, geese, pork, lamb and other tasty meats could take the place of the financially unapproachable turkey, but there was little to offset the gloomy weather.

The day was celebrated in the usual holiday manner at the various institutions throughout the city, charitable and otherwise, and despite the weather the day was wholly enjoyable for many poor families. The day was made cheery by hundreds of good-hearted people who remembered those in distress. Mention is made elsewhere of the dinners served at the jail, Calneford street hospital, Calneford home, orphanages and other places. Turkey wasn't served in all of these institutions, but in each and every instance a good dinner was provided.

Excellent Thanksgiving dinners were served at all of the hotels and the number of Thanksgiving patrons was greater than usual. A great many people who were in the habit of eating their Thanksgiving dinner at home visited the hotels yesterday because of the fact that they did not buy home turkeys. They did not represent the class, either, that could not afford to pay, but they had determined not to buy at the ridiculous and unreasonable prices that were asked for the ersatz festive bird. They considered it their duty to assist in giving the hungry speculator something to think about and by all accounts the speculators are in the dumps today.

Everybody was sore with the speculators who, at this season, sought to withhold "God's bird" from the hungry. These forestallers criminally forced up the prices of food by artificial manipulation. They knew the rural did not lay with Lowell dealers, but with the hungry speculators in New York, Chicago and other big cities, and they felt there was no relation between economic laws and the illegal and inhuman boosting of prices. It was noticed, too, that a great many of those who dined at the hotels ordered either duck, goose or chicken in preference to turkey. The festive bird was used as popular as usual.

There were union and special services in the churches, the theatres were well patronized during the afternoon and evening and there was the usual "home coming" for Thanksgiving together with a goodly number of out-of-town visitors, despite the bad weather.

HOW GOOD THAT MUSTEROLE FEELS!

It Gets to That Sore Spot
Like Magic

Ac-h! That delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone. No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

GERMANS REJOICE OVER BRITISH CHANGES

LONDON, Dec. 1.—The changes in the British admiralty have been greeted with jubilation by the German newspapers, according to an Amsterdam despatch to Reuters. The Cologne Lokal Anzeiger declares that Admiral Jellicoe's removal from the fleet is degradation and that the battle of Jutland, and that the inefficiency of the fleet is shown by the fact that German ships attacked the east coast of England and never saw anything of British ships.

The announcement of the change in command of the British grand fleet was made in the house of commons by J. Balfour, first lord of the admiralty. Mr. Balfour said there would be consequential changes also in the board of admiralty.

The decision involving the appointments of Admirals Jellicoe, Beatty and Jackson was taken some time ago, Mr. Balfour said, but for military reasons, the announcement was delayed.

On being asked whether the changes in the admiralty meant other changes in higher commands, Mr. Balfour replied that undoubtedly there would be changes which would be announced in the ordinary course.

The vital changes in the management of the navy announced today, will be greeted enthusiastically by the country. They were not unexpected, as recently there has been demand for infusion of new life on the board of sea lords at Whitehall.

Since the government apparently recognized the force of these criticisms, Admiral Jellicoe's appointment as first sea lord is the logical result. Sir David Beatty's promotion to the command of the grand fleet gives the government's answer to criticisms, mostly from abroad, that he showed rashness in the way he threw his battle cruiser squadrons into the Jutland fight.

Admiral Sir Henry Jackson obtains an honorable and comfortable post. Thus four important figures formerly in control of the navy have passed from Whitehall since the war began. These are Prince Louis of Battenberg, Baron Fisher and Admiral Jackson, all of whom were first sea lords, and Winston Spencer Churchill, who was first lord of the admiralty.

Apparently Mr. Balfour retained his office as first lord of the admiralty through it all, although some of the same newspapers which called for Col. Churchill's retirement have been turning their guns upon him, but from a different angle. They considered Churchill too impetuous and disposed to interfere with matters of strategy, while they considered Mr. Balfour too slow and conservative.

In being appointed first sea lord, Admiral Jellicoe succeeds Admiral Sir Henry Brawley Jackson, who had held that post since May, 1915, when he took the place vacated by Lord Fisher.

THREATEN STRIKE ON THE NASHVILLE ROAD

NASHVILLE, Tenn., Dec. 1.—The services of the federal board of mediation and conciliation were asked for last night by President Peyton of the Nashville, Chattanooga & St. Louis railway. The reason is ill health.

Gen. Dracos will be succeeded by the aged Gen. Hatzopoulos, who is now in Corfu. Until he returns to Athens the war portfolio will be administered by Alexander Tselos, minister of the interior.

The appeal for federal mediation followed an exchange of several communications between President Peyton and the Brotherhood League. The latter notified the road early in the afternoon that more than 90 per cent. of the Brotherhood members had voted to strike and added that if a satisfactory reply were not forthcoming by 8 p. m., they were prepared to put into effect the wishes of their men.

This President Peyton replied by proposing to submit the whole controversy to mediation.

STOKERS IN RIOT ON HONOLULU DOCK

HONOLULU, Dec. 1.—Twenty-five stokers from the liner Makura rioted on the docks here yesterday, prior to the steamer's departure for Sydney, N. S. W. Several of the Makura's sailors and a number of Honolulu policemen were injured while endeavoring to stop the battle and herd the rioters on board their ship.

As the Makura left the wharf the rioters started to bombard the people on the dock with bottles and in reply a soldier doing duty as an immigration guard fired several shots in the direction of the departing steamer.

Seven members of the crew of the Japanese steamer Gozan Maru, which put in here last night on account of an attack made on the officers by the crew, were arrested yesterday and charged with mutiny on the high seas.

611 TRAIL HITTERS AT SUNDAY'S MEETINGS

BOSTON, Dec. 1.—Billy Sunday's Thanksgiving sermons were heard by few more than 10,000 persons, 7,000 of whom waded in the evening through the outfield of the old ball grounds to reach the tabernacle. The trail-hitters for the day numbered 611.

The morning audience was not more than 3,000, and the preacher had the novel sensation of preaching to the "empty pews" to which he has made

frequency mention in his asides to the clergy. Sunday, however, accepted the challenge, and showed Boston he could make up in self-generated force the inspiration that he always receives from a capacity crowd, and the relatively large number who link the trail immediately after the invitations had been extended is a fair index to the vigor that the evangelist was able to put into his plea for Thanksgiving day acceptance of the plan of salvation he has so resolutely preached.

Here are some extracts from yesterday's sermon:

"There are some men who have held their hands in their pockets so long they can't get them out in time to put money in the collection basket."

"You can't expect to hold cards and then be able to hold your Bible."

"There are plenty of books in America who think they can save themselves from hell by reading good books. They generally find inspiration in the bottom of a mug of beer."

"Counting your blessings is like counting the office seekers immediately after election."

"If you don't thank God for sleep, you ought to be kept awake for a month."

"Don't sing: 'I'll Go Where You Want Me to Go, Dear Lord,' and then go to sleep, or go to the devil."

"It's part of your religion to take care of your bodies."

"Many preachers need their cushions upholstered often, than they have to get their shoes half-soled."

REFORMATORY INMATES WERE FEASTED

The 525 prisoners at the Massachusetts reformatory at Concord Junction had a holiday yesterday to celebrate Thanksgiving. After breakfast they had the liberty of the yard for about an hour. They all assembled in the chapel for moving pictures and short sketches and acts by the prisoners.

At noon they had dinner of roast turkey, mashed potato, bread, apple and mince pies and coffee. Each prisoner received a bag containing bananas, oranges, cakes and nuts to be eaten during the afternoon in the cells. The entertainment was arranged under the direction of acting Superintendent Deputy P. W. Allen, and prison chaplain, the Rev. Robert Walker.

PROHIBITION FIGHT IN OHIO NEXT FALL

COLUMBUS, O., Dec. 1.—The Anti-Saloon league will call a statewide prohibition fight in Ohio next fall, according to announcement made today by J. A. White, superintendent of the league in this state. The league will submit prohibition in the form of a proposed constitutional amendment which will be initiated and placed before the voters next November.

TO URGE PRES. WILSON TO BRING PEACE

NEW YORK, Dec. 1.—Eight boys, members of the juvenile police force of the East Side, left here for Washington today bearing resolutions to President Wilson urging him to use his influence toward bringing about peace in Europe. The resolutions were adopted at a meeting of the East Side Protective association. The boys range in age from 9 to 15 years.

OVER 100,000 BELGIAN WORKERS IN SLAVERY

NEW YORK, Dec. 1.—Pierre Mail, the Belgian consul in New York, made public last night the following cable message received from Carton De Wiart, Belgian minister of justice at Havre, France:

"According to the last information received here more than 100,000 Belgian workmen have already been thrown out of their homes and taken into slavery in unknown places. The mothers, wives and children who want to remain there are driven back by the Germans and are torn with despair."

"The Belgian government has just sent bread, through the Swiss government, to 10,000 of these unfortunate actually kept together in Soltau camp and the Germans are breaking them with a starving system to try to get them to sign work contracts."

"What do the American people, whose

Belgian relief work is put into serious danger, think about this?"
"What would the real soul of Abraham Lincoln have thought about it?"

KILLS SELF BY HANGING
HALLOWELL, Me., Dec. 1.—Ray E. Chadbourn, for several years engaged in Maine newspaper work, committed suicide at his home here yesterday, by hanging. Despondency caused by ill health is supposed to have been responsible for the deed. He was 33 years of age and unmarried.

TO WORK 8 HOURS
CHICAGO, Dec. 1.—Chicago clothing workers, heretofore paid on a 14-hour weekly wage scale, will be paid the same wages for 8 hours' work beginning today, Jacob Abbott, president of the Chicago "Wholesale Clothiers" association, announced. Time and a half will be paid for overtime instead of straight wage. Mr. Abbott asserted that today's reduction in working time means that more than \$1,000,000 additional yearly will be paid to employees.

AGAINST THE HIGH COST OF LIVING

NEW YORK, Dec. 1.—The campaign against the high cost of living entered another stage today when the presidents of nearly a score of retail grocery associations and representatives of several delicatessen associations met with Joseph Hartigan, commissioner of weights and measures, and secretary of Mayor Mitchell's food committee to consider remedial measures.

Mr. Hartigan was prepared to place before the representatives statistics relative to foodstuffs and to the methods of the so-called cold storage trust. A series of boycotts on poultry, butter and other foodstuffs similar to that now in force on eggs, is proposed, the butter boycott to begin Dec. 15 when the egg ban will have run two weeks. The wholesale price of eggs has dropped from three to four cents a dozen on all grades since the inception of the boycott.

Reports from various cities today are to the effect that thousands of

CATARH CAN NEVER WITHSTAND THIS TREATMENT.

THROUGH THE BLOOD, HEALTH IS AT ONCE RESTORED TO DISORDERED MEMBRANE AND DISCHARGE IS SPEEDILY ENDED.

Fall River, Mass.—"There has always been tuberculosis in my family and I have always suffered with catarrh and, at times, with severe and prolonged coughs and colds. I am writing this to let you know just what your 'Golden Medical Discovery' has done for me. I am now 67 years of age and doing my own work—never sick or ailing, and I feel that I owe this condition to your 'Golden Medical Discovery'."

"My husband is troubled with bronchial trouble and he always finds relief in the first spoonful of this medicine. I take pleasure in recommending Dr. Pierce's Golden Medical Discovery to sufferers of bronchial trouble or lung weakness."

Mrs. E. H. Bascoc, 142 Elm St., Fall River, Mass.

The prompt and certain action of Dr. Pierce's Golden Medical Discovery in driving all harmful germs and impurities from the blood, sets in motion the repair process which works actively on the diseased membrane where Catarrh flourishes unchecked.

Thus by building up a new and perfect covering and carrying out of the system the Catarrh infested matter by way of the blood, liver and kidneys, Catarrh is overcome and permanently conquered.

Don't be deceived in regard to Catarrh; proper local applications help of course, but no Catarrh sufferer can hope for permanent freedom from this stubborn disease until all impure matter in the blood is carried away.

All dealers in medicines can supply Dr. Pierce's Golden Medical Discovery, or send 10 cents to Dr. Pierce, Invalids' Hotel, Buffalo, N. Y., for large trial package of tablets. Neither the liquid nor tablets contain alcohol or narcotics.

turkeys were left on the hands of the dealer. Thanksgiving as the result of the refusal of housewives to pay high prices. The surplus stock will be held in cold storage for the Christmas trade and it is predicted that in consequence the price of Christmas turkeys will be greatly reduced.

AT THE C.M.A.C.

A social and whist attended by 700 people, was held Wednesday evening under the auspices of the C.M.A.C. at its headquarters in Pawtucket street. The affair was one of the most successful of the kind ever conducted by this prominent organization and the success of the evening reflected great credit upon the committee in charge.

The evening's program was conducted by Chairman Louis St. Jean and it included ten deals of whist, musical numbers by Commissioner James E. Donnelly, George Hebert, L. N. Guilbault, Elias and Sylvia Nadeau, Jolly Five club and others, as well as a tin cup fight by Isidore Tetreault and Joseph Barry, two members of the National Guard. At the close of the whist suitable prizes were awarded the winners. Henri Gonet of Gershon avenue proved the lucky ticket holder, which entitled him to a 12-pound turkey.

The committee in charge of the event was as follows: Chairman, Louis St. Jean; treasurer, Henry Barry; secretary, Philippe Morin; Alphonse Fortier, George and Aurelien Starnard, Emory Morin, Hector McDonald, Arthur Hubert, Charles Dionne, Louis Parent, Donat Dery, Auguste Guilbault, Hector Laplante, Emile Chouin, Odina Chandonnet, Lucien Ouellette, Rioul Pelletier, Edgar Rheumais and Albert Hamel. Chairman Louis St. Jean presided over the evening's program. Isidore Tetreault and Joseph Barry had charge of the checking department.

ATTLEBORO GIRL AND BOY KILLED ON HOLIDAY

ATTLEBORO, December 1.—Hunting claimed two victims in this city yesterday, a 17-year-old boy and a 10-year-old girl, both of whom were accidentally shot and almost instantly killed.

The victims were: George Brask, son of Mr. and Mrs. Arvid Brask of Twelfth street. Viola Jewett, daughter of Mr. and Mrs. Joseph Jewett of Bishop street.

The Jewett girl was shot by her cousin, Frank Gabor, 18 years old. Brask was shot by one of his companions while hunting for rabbits along the shore of Manchester's pond. The police made no arrests in either case.

TWO SISTERS SHOT

VAN WERT, O., Dec. 1.—Margaret Morris, 16 years of age and her sister Gertrude, 18, were shot by a rabbit hunter while returning to their home at Vendora near here. Late yesterday, when the automobile in which the girls were riding with Elliott Morris, their brother and Albert Uhl, hit and killed a hunting dog.

Wilbur Miller and Sam Miller, brothers, were arrested on a charge of attempting to kill. Wilbur Miller is said to have fired two charges of buckshot at the passing automobile, the girls in the rear seat being hit. The Morris are children of D. C. Morris, former representative in the Ohio legislature.

FIREMEN'S BALL AND CONCERT BIG SUCCESS

*Attended by nearly 2000 people, the concert and ball of the Lowell Firemen's Fund association, held Wednesday evening in the state armory in Westford street, proved one of the most brilliant and successful social events of the season. The proceeds of the event will go toward the fund of the relief association, which has undoubtedly received a substantial boost.

Both in point of numbers and sociability the 1916 Thanksgiving eve party of the Lowell firemen will go down in the annals of the association as the best of the many successes conducted to date. The spacious floor was crowded with merry dancers and all were treated to an evening of rare pleasure.

Between 8 and 9 o'clock the following musical program was presented by Miner-Doyle orchestra:

Blue-Weis March Schmidt
Concert Waltz—Wedding of the White Nymphs Solo Hebert
Selection—The Only Girl Hebert
Overture—Light Cavalry Shupe

As the clocks of the city were tolling 9 the grand march started. It was led by Floor Marshal John J. Murphy and Miss Alice Welcome. General Manager Chief Edward F. FUNERAL OF EMPEROR FRANCIS JOSEPH

BODY OF AGED RULER BURIED WITH SIMPLE SERVICES—CARDINAL PIFFL OFFICIATED

VIENNA, Nov. 30, via London, Dec. 1.—In the presence of Emperor Charles, the young crown prince Francis Joseph Otto, the kings of Bulgaria, Bavaria and Saxony, the German crown prince and a large number of Teutonic princes and special envoys from neutral governments the body of Emperor Francis Joseph was buried this afternoon.

The services were extremely simple and lasted only 12 minutes. Emperor Charles, the German princes and the relatives of the late emperor were grouped about the high altar in the cathedral at the foot of which the coffin rested on a black catafalque. The cathedral was crowded with government officials, army representatives, members of the court and of the neutral diplomatic corps. The mourning customer of the many women and neutral officials contrasted sharply with the splendid uniforms which most of the high mourners wore, including the emperor and other rulers. No flowers were used, everything connected with the ceremony being of severe simplicity.

The body was conveyed to St. Stephen's cathedral over a long route through the city, enormous crowds lining the streets. Emperor Charles and the other high mourners awaited the coffin seated around the catafalque. The rose as it was borne into the cathedral surrounded by eight pages bearing burning tapers, and shortly afterwards Cardinal Piffel began the brief service which was terminated by the Kyrie Eleison. The absence of any organ accompaniment gave additional simplicity to the service.

After the cardinal had sprinkled the coffin it was replaced in the hearse by the pall bearers and taken to the Capuchin crypt, where it will remain. The mourners followed the hearse on foot to the crypt where another short service terminated the ceremony. Throughout the obsequies the young crown prince, who is four years old, stood beside his father dressed in ermine. Close to him were the two sons and daughters of the late archduke and heir-apparent, Francis Ferdinand, by his morganatic marriage.

50,000 TO ASK RAISES IN PAY

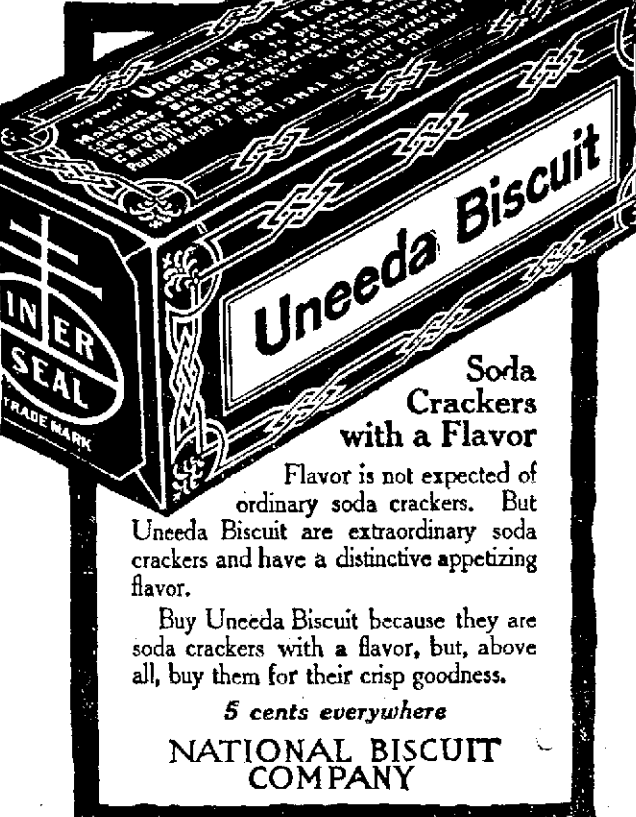

BUNSWICK, Me., Dec. 1.—Delegates to the convention of the Allied Textile Workers of Maine, who claim to represent 50,000 cotton mill operatives throughout the state, voted yesterday to present to mill owners a request for a 10 per cent increase in wages, to be effective about the middle of December.

The request will be presented tomorrow at Augusta, Brunswick, Lewiston and Waterville. Delegates from Biddeford and Saco made their requests yesterday without waiting for the action of the convention.

POMEROY SEES MOVIES

BOSTON, Dec. 1.—A moving picture show, following a beautiful dinner, entertained the inmates at the state prison in Charlestown yesterday, and as a special treat each prisoner received a whole movie play.

James Pomero, the best known of the life term inmates, ate a dinner of roast beef, potatoes and other things in his cell in Charlestown. He was one of the attendants at the motion picture show, at which the new moving picture apparatus was used for the first time.

TWO POLICEMEN SHOT IN PISTOL DUEL

PROVIDENCE, Dec. 1.—Police inspectors yesterday scoured the city for two unidentified men who wounded Patrolmen Daniel P. Farrelly and Peter R. Garrett of the Third precinct in a pistol duel on the Point street bridge. A woman who accompanied the two men is held on charges of drunkenness pending an investigation, and gives her name as Lottie Spencer, with several addresses.

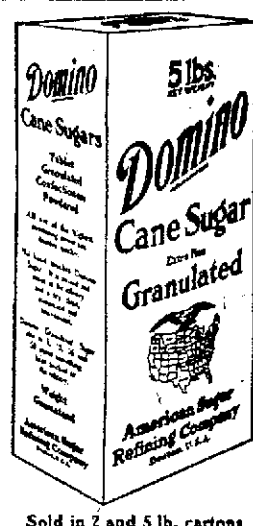

TOTAL BRITISH LOSSES FOR NOVEMBER 74,650

LONDON, Dec. 1.—British casualties in the month of November, as reported from all fronts, were 74,650. Of the total, 2351 of the casualties were among officers and 72,299 men. There was a marked falling off in the November losses as compared with recent months, probably owing to the slowing down of the Somme campaign on account of bad weather. The average daily loss in October was 3452, compared with 2458 in November.

OFFICERS ELECTED

At a recent meeting of the stockholders of Notre Dame de Lourdes Credit union the following officers were elected for the ensuing year: J. H. Guillet, Esq., president; Joseph

RUMANIA BROKE PROMISE BY JOINING WAR

BERLIN, Dec. 1, by wireless to Say-
ville. A despatch from Sofia says that
Premier Radoslavoff has made sensa-
tional disclosures in the Bulgarian par-
liament, says the Overseas News
agency. "The Rumanian government in
1915, at the beginning of the war
between Bulgaria and Serbia, declared
it would remain neutral until the end
of the European war. But it was such
evident Rumania had changed its mind.
"Toward the end of August the Ru-
manian minister to Bulgaria, G. C. Du-
rass, who had been sent from Sofia,
returned and spread the report that
the Rumanian government in order to
further good relations with Bulgaria,
was ready to give back Dobruja if
Bulgaria would observe neutrality in
case of war between Austria-Hungary
and Rumania. The Bulgarian govern-
ment was not deceived by this treach-
erous behavior. Premier Radoslavoff
refused to grant an audience to the
Rumanian minister.

"Speaking of the expulsion of the
ministers of the central powers from
Athens by the French vice Admiral
du Fournet, Premier Radoslavoff said
good relations continued with the law-
ful government of King Constantine.
The Greek government, he said, had no
power to prevent this violation of in-
ternational law.

"Premier Radoslavoff expressed the
hope that in a short time the (Tou-
tonic) allied governments would com-
mence good news to their parlia-
ments, which would be applauded by all
the allied nations."

J. D. ARCHBOLD, HEAD OF STANDARD OIL, ILL

TARRYTOWN, N. Y., Dec. 1.—John
D. Archbold, president of the Standard
Oil Co. of New Jersey, who is se-
riously ill at his home here, following
an operation a week ago for appendi-
citis, passed a comfortable night, it
was said today by a member of the
family. He had a slight rally last
night about 11 o'clock, and seemed
better since then, it was stated.
The improvement was attributed to
the good effects of a blood transfusion
operation performed yesterday, blood
being given for the purpose by Mr.
Archbold's chauffeur, who was chosen
after several others who volunteered
were eliminated by blood tests.

IMPROVEMENT IN RAILS

manded increased attention in the
afternoon, Ohio Gas extending its gain
to 18 1/2 with an extreme advance
of 9 points for Montana Power, and
2-1/2 for Columbia Gas. Low priced
rails and metals recorded further im-
provement.

DECLARES N. H. DEMOCRATS ELECTED

CONCORD, N. H., Dec. 1.—The gov-
ernor and council today issued a formal
declaration of the election of the dem-
ocratic candidates for presidential
electors, following a canvass of the
presidential vote of the state made in
accordance with law. A recount of the
vote under the direction of the secre-
tary of state is scheduled to begin Mon-
day, Dec. 4.

CZAR'S \$80,000,000 ON WAY TO MORGAN

**TREASURE FROM PETROGRAD
ARRIVES AT SAN FRANCISCO—
\$32,000,000 IN GOLD**

SAN FRANCISCO, Dec. 1.—Gold,
together with Russian and United
States securities to the value of \$80-
000,000, which arrived here on the
Japanese liner Shinyo Maru, con-
signed direct from Petrograd to J. P.
Morgan & Co., New York, was for-
warded east yesterday. Of this, \$32-
000,000 was in actual gold.

The big transfer from the Russian
capital to New York explains why
three prominent Russians of the bu-
reau of finance of the Russian min-
istry of foreign affairs also arrived on
the Shinyo Maru and proceeded east
on the train carrying the treasure.
It is said Russia has spent more
than \$300,000,000 in the United States
during the last twenty-five months for
war munitions and railroad supplies.

NEW YORK, Dec. 1.—Thomas W.
Lamont of J. P. Morgan & Co., when
told last evening of the arrival of the
big shipment of gold and securities at
San Francisco, said:
"We cannot confirm the precise
amount of the gold and securities on
board the ship. We have known for
some time, however, that the ship-
ment was on its way from Petrograd."
The shipment, it is believed in
financial circles here, is the fore-
runner of other imports of gold and prob-
ably securities from Russia, which
held large accounts for Russia, have
been forwarding gold here for the
credit of the Russian government.
The Russian minister of finance, the
French finance minister and the chan-
cellor of the exchequer of England,

have been working in harmony and
have been co-operating with one an-
other in the financing here of the al-
lies' war contracts.

It was said last night that a great
deal more gold would pour into this
country from Canada, England, Aus-
tralia, New Zealand, Russia, France,
and other parts of the world. There
was a rumor several weeks ago that
Russia alone would ship more than
\$100,000,000 to America within a short
time.

WILSON INVITES BRYAN TO LUNCHEON DEC. 6

**DEMOCRATS HONOR BRYAN TO-
NIGHT—DINNER IN HONOR OF
VANCE MCCORMICK DEC. 7.**

WASHINGTON, Dec. 1.—President
Wilson today invited William J. Bryan
to take luncheon with him Dec. 6.
Mr. Bryan is to attend a dinner here
that evening given in his honor by
democratic members of the senate and
house. The president has been invited
but has not yet accepted.

Mr. Bryan came here today and at-
tended a luncheon given in his honor
by Secretary Daniels. The usual Fri-
day cabinet meeting was cancelled to
permit cabinet members and Secre-
tary Tumulty to attend.

Invitations have been sent out by
the president for a dinner Dec. 7 at
the White House in honor of Vance
C. McCormick, chairman of the dem-
ocratic national committee. Members
of the democratic campaign committee
and of the associate campaign com-
mittee of progressives have been in-
vited. The dinner will be in the nature
of a celebration of the recent dem-
ocratic victory.

GERMANY WILL GO DARK TO SAVE COAL

BERLIN, by wireless, Dec. 1.—The
question of Germany's coal supply is
widely discussed in the newspapers.
The German mines are providing coal
for railroad service to a much greater
extent than in peace time, as a
large number of German railway cars
are now operated outside of the coun-
try, in Poland, the Balkans and other
territory within the hands of the
central powers. The consumption of
coal is increased by the fact that now
no German locomotives or trains are
idle because German industries are
busy to their utmost capacity.

To permit this increased use of coal
in the railways and in the industries
it has been proposed to limit its use
for purposes of public amusement and
luxurious living.

Prohibition of the use of electric
signs and other forms of illuminated
advertising, restrictions of lighting for
show windows and the interiors of
shops, limitation of street railway and
elevated traffic and an early closing or-
dinance for business establishments,
restaurants, hotels, theatres and mov-
ing picture shows are in prospect as
part of the campaign to reduce the
consumption of fuel and employment
of labor to which the government is
now energetically bending its atten-
tion. These measures have been dis-
cussed by the ministry of the interior
and representatives of the federated
states, and according to the afternoon
papers have been approved in prin-
ciple.

The lighting of show windows will
be permitted only so far as it serves
for interior lighting, which will be
restricted to half the usual amount in
some cases. Although no definite de-
cision has been reached regarding
hours of closing, it is probable busi-
ness establishments other than gro-
ceries, butcher shops and other food
distributors will be closed at 7 p. m.
and theatres and restaurants at 10 p.
m. The people also will be urged to
restrict lighting in their homes.

"IMAGINARY GERMAN LOSSES"
BERLIN (by wireless), Dec. 1.—
"Military operations on the French
front virtually having reached a
standstill, the newspapers of the en-
tente nations once more have begun
to publish imaginary figures about
German losses, which always loom up
as soon as no successful fighting can
be reported or constructed," says the
Overseas News agency.

"English and French newspapers in
this case always follow the same
method," adds the news agency.

"First they publish German losses
during the last months and then for
three months, and so on until finally
they publish the total figure of the
whole period of the offensive in order
thus to create in neutral countries an
impression of increasing German losses."

NO-LICENSE MEETINGS
The first of a series of no-license
meetings to be held under the auspices
of the Lowell no-license committee will
take place tomorrow evening. There
will be speaking at city hall at 7:30

o'clock and at Jackson street at 8
o'clock. Mr. McNamara, who has been
in this city in the interest of no-license
for several months, will be one of the
speakers.

Another conference will be held to-
morrow in the effort of the Lowell no-
license committee to secure "Billy"
Sunday's consent to come to Lowell. Mr.
McNamara states that there is still
some hope left of securing the con-
sistent for an engagement in Lowell and
he will go to Boston tomorrow with
this in view.

BOXING, GOLF
AND ATHLETICSLAWRENCE HIGH HOLDS
LOWELL TO TIE SCORE

Lowell high received a big surprise in its annual football game with Lawrence at Spalding park, yesterday morning, when after four periods of slipping and sliding on a muddy field, the result showed a scoreless tie. The game secured by Lawrence after 48 minutes of hard fighting was considered almost as good as a victory, for judging from the season's records of the teams, Lowell was a 2 to 1 favorite at the start.

Fully 2000 fans attended the game in spite of the rain which soaked the playing field and grounds. A good many of the fans stood on the side lines or in the bleachers and remained in the open throughout the game, while the rain came down in torrents. Lawrence sent a large delegation and the followers of the downriver team were completely satisfied with the tie which their team obtained. Their cheering squad was very conspicuous and passed many cheers with the Lowell rooters, who also turned out splendidly. Had the weather been more favorable, between 3000 and 4000 would have witnessed the game. The sixth regiment band accompanied the Lowell cheering section between the periods.

The result of the game was a great disappointment from a Lowell viewpoint. Picked as a stronger team both collectively and individually, there seemed no reason why Lowell should not have won. Lawrence boasted of no stars of the Liston and Lynch type and its work all season brought home but two victories. All season, the Lawrence defense has been knocked to pieces by eleven, that Lowell has found easy, but yesterday the local boys failed to make any impression with their attack and Lawrence held well. Lowell outplayed Lawrence at all times, however. The local team carried the ball with more success and showed better teamwork. But all the time Coach Sidley's charges were fighting to hold a better team from scoring and for doing this they deserve much credit. They fought hard in every play and while on one or two occasions the Lowell backs broke

through the line for good gains, the Lawrence boys never weakened to any extent.

Lawrence did very little good rushing, but directed all her work to holding Lowell in check. With one or two exceptions, the defense was as strong as any that Lowell has battled against all season. The only time that Lawrence made any threat to score was in the third period, when the ball was carried to Lowell's 20-yard line. A field goal was attempted, but failed. Lowell reached Lawrence's 12-yard line and then attempted a forward pass which proved a failure.

A line punting and end runs were resorted to chiefly. The end runs brought Lowell more gains. There was considerable punting and Lowell tried three forward passes. Capt. Liston contributed a couple of pretty throws, but the men were not there to complete them.

Lowell played a new quarterback, Vaughn. Heathcock, the regular quarterback, and Haywood, the substitute, were both forced out of the game in consequence of a protest registered by Lawrence earlier in the week. The downriver school authorities presented evidence to show that both men were over the age limit and hence their absence from the game. The withdrawal of both men handicapped Lowell probably more than any other one position would have. Vaughn was new to the game and at times seemed unfamiliar with the signals. Both Heathcock and Haywood are said to be over 20 years of age.

Captain Liston was the real star of the game. Handicapped by the absence of an experienced quarterback to direct the plays, Liston worked hard and played a strong game. He made two or three long runs and his defensive work was a big factor in the game. Arthur Lynch, the fullback, was affected by the slippery field, and his great plunges that were so conspicuous in past games were scattered yesterday. Dacey made several good tackles and Hunter played a fast game on the other end. There were many weak spots in the Lowell line, and the Lawrence backs took advantage of the holes.

Quarterback Hooper played a brilliant game for Lawrence. Kennedy, the powerful left halfback, was strong at times, while Cann played a great defensive game.

There were several fumbles but not as many as would be expected on such a wet day. Neither team was able to handle punts or forward passes. The kicking was also affected by the wet ball.

Four 12-minute periods were played. At the end of the first half Lowell had the ball on Lawrence's 18 yard line after two great rushes by Liston and Lynch. At this point it looked like a Lowell score but the whistle blew and the third period opened with Lawrence

kicking to Lowell. The game ended with play in midfield.

RICKENBACHER WINS
LOS ANGELES, Cal., Dec. 1.—Eddie Rickenbacher won the 150-mile Championship Award Sweepstakes race on the one-mile paved Ascot Speedway, the final event in the American Automobile association's contest for \$13,500 in prizes and the title of "champion driver of America." Rickenbacher's time was 2:13.12.

The title has already been won by Dario Resta.

Cooper was second, Pullen third and Ruckstell fourth. Cooper ran out of gasoline half a mile from the finish but coasted to the tape.

WHITE WAYS TIED WITH KIMBALL SYSTEM
This week's standing in the City Bowling league shows the White Ways again tied with the Kimball System team for first place. The Crescent team and Victor Mfg. Co. teams are having a close fight for third place while the head of the "first division" position is being fought for by Carr's, the Highland Daylights and the Jewels. All teams are tied. Boyd's quintet has a good grip on the cellar hole. Martel has a three pin lead for individual averages. Dittus, Devlin and Kelly are bunched together in the lower ranks.

CORNELL IS BEATEN BY
PENN. 23 TO 3

PHILADELPHIA, Penn., Dec. 1.—Three melancholy years of defeat were averaged yesterday afternoon when Pennsylvania defeated Cornell by the score of 23 to 3 in a game that revealed the Red and Blue eleven as one of the very finest in the country.

Cornell's good team was totally outplayed by the wearers of the Red and Blue. Gallantly the big tied team went down to a defeat, but was in no way disgraced.

Cornell played a team that was far better in every sense of the word in every department. Man for man, both in the backfield and in the line, Pennsylvania was superior. Despite the overwhelming score, the game, the 24th between the institutions, was hotly fought all the way. Pennsylvania played Cornell off its feet and won by sheer merit.

HAVERHILL HIGH WINS THE COUNTY TITLE

DEFEATS ST. JOHN'S PREP BY 11 TO 0 SCORE—HAVERHILL SCORED EARLY

HAVERHILL, Dec. 1.—Haverhill high's eleven captured the Essex county's championship by defeating St. John's Prep, 11 to 0, yesterday before a crowd of 8000 spectators at the stadium. The team will play Fribourg Wednesday to help settle state honors.

In the first three minutes of play Haverhill crossed the Danvers' goal line, Holmes tearing off a 25-yard run. St. John's tied the score in the same period, when Hayes shot a forward pass to St. John's. The ball on Haverhill's six-yard line in the third period, but lost the ball on downs. On a fake kick Haverhill went through the Danvers' line for 30 yds. St. John's was backed to its own goal in the last quarter and Capt. Pearson of Haverhill went over for another score.

COLGATE WINS OVER
BROWN, 28 TO 0

PROVIDENCE, Dec. 1.—Brown's championship aspirations were washed away yesterday, the deluge reading 28 to 0. They ran afoul of a tartar in their title cruise, and all the blame is on Colgate. The wreck was so complete that there was not even a rainbow of good play left to keep hope fluttering in any Brunonian's heart. Brown was drenched, swamped, outplayed and outgamed by Laurie Banker's cohorts. There was nothing left but a team of bruised bodies, toppling pride and sand-soaked mole-skins. Bear meat was unmercifully crunched and ground under Colgate's cleated feet yesterday.

More than 5000 football fans who thought to what their Thanksgiving appetites with another success for Brown braved the rain to see the downfall of their idols. It was a day for weeping. Even the heavens wept and so copiously did tears fall that what had been a misty downpour through the first half of the tragedy became a torrent in the second, continuing throughout the time of play.

ROBSON KNOCKS
OUT GEORGE
RIVET

Tommy Robson, the Brooklyn welterweight, made short work of George Rivet, the welterweight champion of Canada, before the members of the Unity Cycle club of Lawrence last evening, stopping the champ in a little more than a round and a half.

Rivet got in a few harmless jabs in the first session, but Robson took them with a smile, countering with a left hook to the head. The Brooklyn man would feint Rivet into a lead, step away and come back quickly with a left jab which Rivet could not dodge.

In the fatal second Robson backed to the ropes with Rivet following. Suddenly Robson let fly his right, which

landed on Rivet's jaw and Rivet went down. He arose at the count of eight, only to fall over again while Referee Wagner tolled off 10 counts.

A large Lowell delegation took in the mill and was mightily disappointed after the battle. The first preliminary ended in five rounds, while in the second Jack Williams gave Dick Nelson so bad an eye in the first round that Nelson was unable to continue. There were but eight rounds of fighting all evening.

CHAMPION SKATER IN
FINE EXHIBITIONS

BILLY CARPENTER ENTERTAINED LARGE CROWDS AT THE ROLL-AWAY

Billy Carpenter, the world's champion fancy and trick roller skater, who formerly resided in this city, but who has been away from here for ten years, came back yesterday and gave a remarkable exhibition of his ability at the Rollaway rink on Hurd street. He appeared in the afternoon and also in the evening and at both performances large crowds were on hand to greet him. That his work was greatly enjoyed by all present was indicated by the applause accorded him.

When Carpenter left Lowell, he was an ordinary skater and those in the crowd who remembered him then marveled at the manner in which he executed the many difficult tricks yesterday. He went at his work with a vim, and during the entire time that he was on the floor, he held the closest attention of all. While all his stunts were pulled off in a sensational manner, his spinning turn was the big feature. Carpenter holds the world's spinning record of seven minutes, and when this number was announced all sat up and took notice. The rink manager had announced that to be awarded a \$250 gold piece to the person who gave the nearest correct estimate of the time that he would spin.

In the afternoon Carpenter, whirled around for two minutes and seventeen seconds, while in the evening he did 3 minutes, 11 seconds. As each person who visited the rink or the bowling alleys during the day was given a slip, which entitled the bearer to a guess, all were not inspected in time for an announcement last night. To-night, however, when Carpenter again appears in his skating suit, the winner of last night's prize will be announced. A prize will also be offered for tonight and tomorrow night.

As an added attraction for tomorrow night the champion will endeavor to break his record of spinning for seven minutes. He will make his first attempt at 11 o'clock. As each person who visited the rink or the bowling alleys during the day was given a slip, which entitled the bearer to a guess, all were not inspected in time for an announcement last night. To-night, however, when Carpenter again appears in his skating suit, the winner of last night's prize will be announced. A prize will also be offered for tonight and tomorrow night.

HOLIDAY BOOTS

JOEY CONNELLY WON FROM TOMMY McFARLAND IN BOSTON—JOHNNY DUNDEE LICKED

BOSTON, Dec. 1.—Joey Connelly, Charlestown, earned the decision over Tommy McFarland of the North End, after 15 rounds as cock full of battling, before a crowded house at the Commercial A. C. yesterday afternoon. Connelly earned the verdict, but was forced to travel his speediest to win.

In one of the 15-rounders Joe Rivera defeated Billy Casey and in the other Johnny Deane won the win over Young Busher.

WALLACE SHADES DUNDEE
NEW YORK, Dec. 1.—In a fast 10-round bout in Brooklyn yesterday Eddie Wallace shaded Johnny Dundee. Wallace knocked Dundee down for a count of ten in the fourth round and Dundee sent his opponent staggering to the ropes in the ninth. Wallace weighed 128½ and Dundee 129½ lbs.

Bob Moha toyed with Bartley Madden at the Pioneer Sporting club yesterday afternoon. Moha landed at pleasure, but did not seem to try very hard.

Instead of boxing Gunboat Smith at the Clermont S. C. yesterday, Billy Mike of St. Paul went home. He ran away because the boxing commission ordered him to fulfill his contract with the Broadway Sporting club. Fox boxing elsewhere, which he refused to do.

MAKES GLOVER QUIT

BANGOR, Me., Dec. 1.—Battling Downey of Boston forced Johnny Glover of Rumford to quit in the third round of what was scheduled as two six-round bouts. Downey had a slight advantage over Glover, whom he kept on the defensive until the middle of the last round, when the Rumford boy admitted he had had enough. Glover had blood poisoning in the little finger of his right hand and was in no condition to enter the ring. He put up a good battle under the conditions.

HENIGAN WON RACE
NEW YORK, Dec. 1.—On the Steinway, L. I. course, which measures about 20 yards over six miles, James Henigan, Dorchester club, Boston, won the National Amateur Athletic Union junior cross country championship run yesterday. The team championship went to the Dorchester club. The winner's time, 30.51 2-5 is a record for this course.

BRITT BEATS GOODNEY
GLOUCESTER, Dec. 1.—Frankie "Young" Britt of New Bedford, who claims the New England featherweight championship, stopped Joe Goodney, New York, in the seventh round of a scheduled 12-round bout here yesterday.

Plant Juice Has
Surely Cured Me

Sensational Testimonial Given the Plant Juice Man at Dows' Merrimack Square Store

One is not required to take Plant Juice the new herbal stomach remedy, for weeks and months before he receives any benefit. In order to convince the skeptical people immediately, the formula is so constructed as

CHARLES P. LESLIE.

to give almost instant relief, thereby giving the sufferer the necessary confidence. He will then continue the use of Plant Juice until he has fully recovered his health. To these "skeptical" individuals who want to be "shown" the following signed statement from Mr. Charles Leslie, of Billerica, Mass., will be of interest. Mr. Leslie is a well known business man of that town, and has many friends and acquaintances in this city. He said:

"For all years I have been troubled with my stomach, which felt as if it were being twisted with a vice and I would be in a perspiration from pain and weakness. I could not keep anything solid in my stomach, as it would ferment and form gas, and I would be in agony afterward. I had terrible headaches, my dizzy spells could not sleep at night, and was all swollen with gas, which pressed on my heart, and caused constant pain. I got so weak that I did not care whether I worked or not. I had severe pains in my back, the muscles in my limbs were stiff and sore, and my entire body ached. I heard so much about Plant Juice that I got a bottle to try it, although I had not much faith in any medicine. Now I am thankful to say that I can eat anything, I sleep well, and have no more aches or pains, and am completely cured. I have no more headaches or dizzy spells, in fact, I feel completely cured, and am able to enjoy all of my meals now without suffering afterward. I am glad to give this endorsement for Plant Juice."

The Plant Juice Man is at Dows, the druggist in Merrimack Square, where he is doing good for the local public, and introducing and explaining the merits of this remedy. On Saturday he will remain at the store until 10 p. m. to meet those who are unable to call during the day.

GERMANY IS READY FOR PEACE SAYS CHANCELLOR

BERLIN, Dec. 1, by wireless to Sayville.—In his address to the reichstag, in introducing the "man power bill," Chancellor von Bethmann-Hollweg again announced that Germany was ready to end the war by a peace guaranteeing the existence and future of the nation.

Chancellor von Bethmann-Hollweg made his address in connection with the military situation and the purposes of the bill. It was the chancellor's 60th birthday, and his desk was decorated with chrysanthemums.

Puts Blame on Allies

"The war continues, with its destructive forces," the chancellor said.

TO REMOVE DANDRUFF

Get a 25-cent bottle of Danderine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff; stop scalp itching and falling hair.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

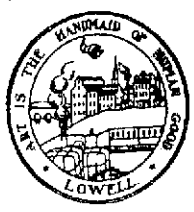

"Pape's Diapiesin" is the only real stomach regulator known.

"Really does" put bad stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments in your stomach, you get gas and eructate sour indigestion food and acid; head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost magical, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

BIDS

NEW HIGH SCHOOL!

Sealed bids will be received, from local contractors only, at the office of the Commissioner of Public Property and Licenses in City Hall on Thursday, December 28, 1916, at 3 o'clock, p. m., for the construction of a High School building for the City of Lowell, to join the present High School building located on Kirk, Anne and French streets, Lowell, Mass.

The work will be let in seven separate contracts as provided for in the general conditions of the call attached to the specifications. Plans and specifications for the work have been prepared by Henry L. Rourke, architect, and may now be seen at the office of the Commissioner at City Hall and at the office of the architect, Room 625, Hildreth Building, Lowell, Mass.

The Municipal Council reserves the right to reject any or all bids or to accept the bid or bids which seem for the best interest of the City of Lowell.

THE FRENCH MAID SAYS

YOUR GUEST'S COMFORT

"Where I visited for the week and last week they had some crackers in each guest room for sleepless or hungry people," remarked Marjorie. "I think it is an awfully nice custom, don't you Marie?" she concluded.

"I approve of it thoroughly," replied Marie. "No guest room I think is completely furnished unless there are some crackers handy for the retreating guests. Did you ever wake up in a strange room, perhaps in a strange land, and with restless, nervousness? And did you ever think if you had something to eat you could go right to sleep again?"

"It is a scientific fact that hunger often causes wakefulness and that a little food will overcome it. So it is nice to see that a box of biscuit or something to nibble is within easy reach of the bed in your guest chamber. Then no hungry stranger will have to lie awake for the sake of a morsel to eat at midnight."

"Of course the sleep producing biscuits must be so encased that it will retain all of its freshness. A tin box is the best receptacle for it, for tin keeps crackers and biscuit crisp and fresh in spite of much dampness in the air."

"If the guest room is hung with chintz, make a chintz cover for the biscuit box, or else cover some convenient tin box with chintz and transfer the biscuit to this. The chintz can be put on by means of a few stitches and some substantial glue."

There are many pretty tin boxes for sale at novelty shops; lacquered boxes or painted ones, with bright, gay figures on them. They are sometimes called cake boxes, but they are equally good for the guest room biscuit or crackers."

less enthusiastic over good house linen, but many women would take more pleasure in acquiring a closet stored with good linen if they had a suitable closet in which to store it. Keeping bed and table linen in drawers and cupboards, scattered all over the house, is conducive to loss of interest, for one never knows what need replenishing until the fatal day when everything gives out at once.

"It takes a substantial sum to replenish such supplies and it must be done hastily and the joy of adding to one's store week by week, is lost. In every house, no matter how tiny, there is some spot where the husband or father may install such a closet. The lumber it takes is a small amount and the time spent in making it should be so thoroughly appreciated."

"The closet should be quite deep, the shelves at least fifteen inches, and the top one should be kept for blankets, spreads and quilts. Partitions can be made for sheets, pillowcases, towels, tablecloths and napkins, and a special made for doilies, tray cloths and bureau covers."

"The shelves should be white enameled top and bottom. Lavender chesecloth, with one thickness of cotton batting liberally sprinkled with lavender flowers, should be tacked up against the back of each partition, and small bunches of dried lavender can be hung from the top shelf. The front of the closet should have a door, but if that is impossible a heavy window shade will answer every purpose and will give ready access to the shelves."

"The bottom opening should be covered by a door fastened to the floor by hinges so that it can be dropped down and the linen articles easily removed. This bin will be a fine place to store comforters and coverlets."

SENSATIONAL GAMBLING RAID IN NASHUA

NASHUA, N. H., Dec. 1.—The most sensational gambling raid in this city in 25 years was accomplished by the police at 3.30 o'clock yesterday morning, when a dozen young men were captured in a small house on the new Dunstable road, 500 feet from the Massachusetts line and six miles from the city.

They gave these names: Arthur Lawrence, Michael O'Brien, John Sweeney, Frank McLaughlin, Henry Sullivan, August Gray, Patrick Green, Lee A. Chester, John Reno, Randall Allen, Alfred Baraby and George Reynolds. Two or three of the names are fictitious, the police believe, but others are well known locally.

In the municipal court they paid fines and costs amounting to \$16.01 each.

This heart-stirring, melodramatic story of love, romance and intrigue, which was produced by the World Co., is one which is bound to hold the interest of any audience from start to finish, as it is told in a very vivid manner, the sham of modern society is shown, and it shows to what extremes the new-rich will go and how they will sacrifice their own flesh and blood in order to

In order to obtain the necessary effect, and in order to make the picture "The Budget" as great a success as "The Budget," it was necessary to place an actress in the stellar role, who possessed the great dramatic ability which the role demanded. After much search, the Western company derived on Kathryn Osterman, a star whose brilliant dramatic talent is well known to all lovers of the silent drama.

Beginning next Monday and Tuesday, the double feature bill policy will be abandoned at the Ode, in addition to the regular multiple reel feature photoplay, another big production will also be presented, every day. On Tuesday, the release of the Charlie Chaplin release will also be shown. These Chaplins will not be the popular first of the olden days, but will be the latest. The release is by the Mutual Co. the company which is now paying Chaplin \$67,000 a year, the greatest salary ever paid to any man.

MERRIMACK SQUARE THEATRE

Only today and tomorrow re left to which to see the splendid three-reel leading photography which was presented in Hollywood to the Merriam Square theatre yesterday. Ethel Clayton and Holbrook Hobbes are the stars of the dramatic and intense interest, "The Hidden Path," a pathetic tale of the attempts of a radiant woman to forget the past and find happiness in the arms of the man she has for her child, in "The Yellow Pawn" Cleo Ridgely and George F. Stone appear in splendid antagonistic characters. The play begins with the love of a fashionable woman—the wife of the district attorney—on the heart of New York's district attorney. The society set and is interesting watch in every scene. Funnier than the best comedy plays in this city is the latest screen, "The Pawnshop" almost sends the audiences into hysterics. The Editor has picked a multiple reel picture, is one of them, a thrilling story produced at the highest of motion picture production cost, is another, a picture town in the world, Etherington and Maurice Costello, in association with Miss Olmsted, and a splendid picture of the life of a woman who works in "The Crimson Stain Mystery," which is shown on these days, and which is another added feature of the program. The picture is "The Devil-Made Marie Walcamp," Eddie Polo and Jack Holt in a wild maze of exciting adventures in Mexico. The usual rule is that the picture is shown first and last, but not least comes the inter-release of the new Chaplin picture, he is paid \$750,000 for this season, and the picture is the best of the people. UNION SERVICES IN PROTESTANT CHURCHES

The Eliot Congregational church was the scene yesterday of a union service at which seven Congregational churches were represented, including High Street, Kirk Street, Highland, Trinity, Pawtucket and Dracut churches. Rev. A. C. Ferrin read the Thanksgiving proclamation of Governor McCall. The sermon was preached by Rev. William F. English of Kirk Street church on "The Sin of Thoughtlessness."

In all of the Thanksgiving services delivered yesterday the pastors emphasized the reasons for which Americans, individually and as a nation, should and special cause for Thanksgiving in the present world tumult. Others paid their respect to the pilgrims of old who, with devoted men, entered their thanks to God.

In his sermon on "The Sin of Thoughtlessness," at the union service in the Eliot church, Rev. William F. English said:

"I believe that thoughtfulness is second only to selfishness, as the great fault of our day. The reason why there is so little thoughtfulness among us is because we are not thoughtful of the many blessings showered upon us."

"As individuals, let us remember that man is a social being. He cannot live a normal life entirely apart from other men. We ought to recognize the fact and be thankful for the companionship of friends. You and I enjoy luxuries that the greatest monarchs of ancient days could not purchase. Great Caesar himself never rode faster than 15 miles an hour. Charlemagne could make kings, but there was not a man in his empire who could cure his toothache. Just think of the handicaps under which our ancestors on these shores labored, those men who first established for us the observance of this Thanksgiving season! We are not half thankful enough; we are not fair to ourselves and we are not fair to our good fortunes. There never was a time in the history of the world when the opportunities for personal advancement and achievement were so great as they are today. If we are not abundantly thankful today, we are either very thoughtless or there is something radically wrong with us. We cannot really af-

ford, for our own real enjoyment of living, for our true success in life, to be thoughtless. The crowning fault of all thoughtlessness is that it makes men count God out of account. It seems so easy for men to forget that God, after all, is the source of all these good things! They forget that the earth is the Lord's and the fullness thereof. They lose sight of him who made the heavens and the earth, the sea and all that in them is. The spirit of accumulation has made us almost mad, and that spirit was born in Rome, and had very little Christianity in it."

Methodist Union Service
Rev. Henry I. Bailey at the union Thanksgiving service of the Methodist Episcopal churches in the Worthen St. M.E. church yesterday morning took for his theme, "Paying Our Debt to God," his text being "What Shall I Render Unto God for All His Benefits?" In his introduction Mr. Bailey suggested that "Thanksgiving day" might more appropriately be termed "The Annual Feast Day," judging by the size of the crowd that usually turns out to the Thanksgiving services in the various churches. He went on to say that we as a nation are losing the grace of gratitude. "We have been so surfeited with material blessings that we have forgotten that it is God who giveth us the power to get wealth and we strut around and say my hand and my might have gotten me this gain. We forget that we are the heirs of all the generations that have gone before and as if we had begun from the beginning and had amassed all our wealth ourselves. We forget, too, our absolute dependence upon God. The raw material of which our food and drink and raiment are produced all come from God. Let the harvests all over the earth fail for a single twelve-month and the majority of the human race would perish. Let them fall absolutely for three years and the planet would be depopulated. And yet what a pitiable proportion of the inhabitants of the earth ever give God thanks for all these blessings. They are so busy thinking about the things which God sends that they have no time to think of God, and hence do not consider how they are to pay it."

Baptist Union Service
The Baptist churches of the city held a union service at the Fifth Street Baptist church, yesterday morning, the sermon on "Praise" being given by Rev. Walter E. Woodbury, pastor of the Worthen Street Baptist church. A special collection for the relief of Belgium was taken up during the service, and there was singing by a male quartet. The attendance was large.

Prayer was offered by Rev. E. A. Trites, pastor of the Chelmsford Street Baptist church, and there was responsive reading by Rev. C. H. Ellis of Chelmsford. Rev. Asa Reed Ditts, pastor of the Calvary Baptist church, offered invocation, and the Scripture was read by Rev. Arthur Crawley Archibald, pastor of the First Baptist church, Rev. W. S. Jacobs, pastor of the Fifth Street Baptist church, presided.

Another Union Service
Union Thanksgiving services for members of the Primitive Methodist, Presbyterian and Evangelical churches of the city were held yesterday morning commencing at 10.30 o'clock at the Westminster Presbyterian church in Tyler street. In spite of the discouraging weather, there was a good representation from each of the denominations included. The sermon of the morning was preached by Rev. John Singleton, pastor of the Lawrence St. Primitive Methodist church, and the clergymen who assisted in the services were Rev. N. M. Matthews of the Graham St. Methodist, Rev. J. M. Craig of the First Presbyterian and Rev. S. A. Jackson of the Westminster Presbyterian churches. The program included congregational singing, a number by the choir, prayers and the reading of the governor's Thanksgiving proclamation.

INCREASE TO \$2,000
NEW YORK, Dec. 1.—An increase in pay of from 85 to 10 per cent. to meet the increased cost of living will be given the 32,000 employees or members of the American Clothing Manufacturers' association, beginning Dec. 15, it was announced here. The advance will represent an increase in wages of \$2,000,000 a year.

GOLDSTEIN IS AGAINST BIRTH CONTROL

FORMER SOCIALIST'S LECTURE CAMPAIGN IS INDORSED BY COLONEL ROOSEVELT

BOSTON, Dec. 1.—David Goldstein, former socialist and now one of socialism's bitterest foes, has started out on a campaign against birth control, which he says is a mark of degeneracy. He intends to take the lecture platform against it.

Mr. Goldstein has secured the approval of Colonel Roosevelt. The colonel told Mr. Goldstein he would be glad to be quoted by him in support of marriage and the family. "Self-control and not birth control is what the people need," said Mr. Goldstein yesterday in discussing the birth-control movement. "The birth-control element call those who oppose their immoral doctrines medievalistic and narrow-minded bigots. Nevertheless, reason is on the side of those who oppose this movement and who stand for decency and obedience to God's law to increase and multiply. By teaching the poor the beastly practices of some of the rich they are trying to turn life into one long Decameronian spree."

THE PEOPLE'S CLUB

At a recent meeting of the People's club the following officers were elected for the ensuing year:

President—Alexander G. Cummock.
Vice presidents—Mrs. George F. Richardson, Miss N. P. H. Robbins, Mrs. Franklin Nourse and Albert S. Guild.

Directors—Charles F. Young, William E. Hager, Frederic A. Fisher, Hugh F. Gilson, Jude C. Wadleigh, Fred A. Tuttle, Joseph Peabody, Miss Anna F. Anderson, Mrs. Carl D. Burtt, Miss Ruth Burke, Miss Harriet C. Burn, Mrs. Harry P. Graves, Mrs. Meta R. Jefferson and Miss Clara A. Fisher. Secretary and clerk—Miss Grace A. V.

Treasurer—Henry A. Smith.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give "California Syrup of Figs."

Mother: Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign his little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills. Give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy at your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

CARDINAL O'CONNELL IS COMING TO LOWELL

HIS EMINENCE WILL ATTEND O.M.I. OBSERVANCE AT THE IMMACULATE CONCEPTION SUNDAY

At the present time the first centenary of the Oblate order, otherwise known as the Order of Mary Immaculate, is being observed throughout the world with special services, and everywhere the people are responding by attending the churches of the order in large and enthusiastic crowds.

In this city the observance will take the form of a solemn high mass at the Immaculate Conception church at 11 o'clock next Sunday in which all the Oblate parishes of Lowell will have part. Cardinal O'Connell will be present. The celebrant of the mass will be Rev. T. Wade Smith, O.M.I., with Rev. J. H. Rochette of St. Joseph's parish as deacon and Rev. John P. Flynn, O.M.I., of the Sacred Heart church as sub-deacon. Rev. Lawrence F. Tighe, O.M.I., will be master of ceremonies and in general charge of the celebration, assisted by Rev. E. J. Fox, O.M.I., of Tewksbury.

The sermon on Sunday will be preached by Rev. E. Donnelly, O.M.I., of London, England, who has done missionary work for many years and who is one of the most remarkable preachers and lecturers in the order. There will be a notable musical program by an augmented choir, assisted by an orchestra. The actual centenary of the foundation of the order was November 16, 1883 and in that year the Tewksbury diocese was also founded. The scholasticate was established in 1904 and the transfer and dedication of the scholasticate took place on November 16, 1916.

At the present time the Oblate order extends throughout Italy, England, Ireland, France, Belgium, Canada, Ontario, Quebec, Manitoba, Alberta, Athabasca, Mackenzie, British Columbia, Yukon, Keweenaw and the United States, northern and southern provinces, Caylon, Africa, Australia, and New South Wales.

The preparatory school—5 year course—is in Buffalo at Holy Angels college, the Novitiate of 1 year is in Tewksbury and the school is at Washington, for a 6 year period. An exceptionally large congregation is expected at the Immaculate Conception church next Sunday as a place will be reserved for all the Oblate parishes of Lowell. The regular pew holders of the church will have the seats nearest the altar reserved for them.

Will Escort Cardinal

His Eminence Cardinal O'Connell will be escorted from the depot in Middlesex street to the Immaculate Conception church by the members of the O.M.I. Cadets, who will wear their regulation West Point uniforms and white gloves. Outside of the church, the Cadets will line up and make a lane through which the cardinal will pass. Preliminary plans were developed at a meeting by the cadets on Thanksgiving eve, and the final instructions will be issued at a meeting of the cadets to be held this evening at 7.15 o'clock. Every cadet is urged to be present tonight in order to receive instructions.

Retreat For Women

The annual retreat for the women of the Immaculate Conception parish will open next Sunday evening, and the sermon will be preached by Rev. P. B. Donnelly, O.M.I., the celebrated preacher who will speak at the centenary services in the morning.

THANKSGIVING AT THE LOCAL INSTITUTIONS

Thanksgiving was observed in an appropriate and happy manner at the various institutions throughout the city, especially at the homes for children and orphanages. Owing to the inclement weather, the outdoor program was interrupted with but excellent entertainments had been arranged which were carried out, much to the pleasure of the little ones.

Children's Home
The feature of the program at the Children's Home was the dinner, which consisted of roast turkey, mashed potatoes, squash, boiled onions, cranberry sauce, mince, pumpkin and apple pies, plum pudding, fruit, nuts and candy. The Methodist Episcopal Sunday school of West Chelmsford sent a large automobile full of good things to the home, while the B. L. Page Co. and Smith's work store each sent large turkeys ready to be served.

Ayer Home
The program at the Ayer Home proved to be a delightful one. It had been arranged to have outdoor games, but owing to the rain the games were played in rooms which had been specially prepared for the occasion. An excellent turkey dinner with all the fixings was served at noon.

Day Nursery
Although the gathering at the Day Nursery was small, nevertheless the day was spent in an enjoyable manner. There are but few children who are permanent residents at the nursery, the majority of them being returned to their homes every night. A chicken dinner with everything that goes with it was served at noon.

St. Peter's Orphanage
Thanksgiving was appropriately observed at St. Peter's orphanage. Early in the morning the children attended a Thanksgiving service in the chapel and at the conclusion of the service indoor games were indulged in. At noon they sat down to an excellent dinner. There was plenty of turkey, vegetables, fruit, nuts and candy.

Lowell Jail
At the Lowell jail yesterday a pork dinner was served, with other good things usually enjoyed at Thanksgiving. In the afternoon the inmates enjoyed a graphophone concert, and had the freedom of the corridors for smoking and recreation.

Chelmsford Street Hospital
At the Chelmsford Street hospital nearly 500 pounds of pork was dispensed, with mashed and French fried potatoes, turnip and other substantial food. All of the pork used was raised at the farm.

NEW RECORD AT MINT

PHILADELPHIA, Dec. 1.—With an output of 3,860,000 dimes, 8,266,200 nickels, and 24,976,450 pennies in November, the local mint established a new record in pieces coined. Officials say there is no indication of a let-up in the demand for small coins.

H. E. FISHER, FORMER B. & M. TREASURER, DEAD

BOSTON, Dec. 1.—Herbert E. Fisher, treasurer of the Boston & Maine railroad for 15 years, died suddenly yesterday at his home in Newtonville. Mr. Fisher retired from the treasurer-ship of the road in January on account of poor health.

He was born in Boston, Aug. 8, 1849 and was educated in the elementary schools of Boston, and Charlestown. At the age of 21 he became a freight clerk on the railroad and filled various positions until 1901 he was made treasurer.

He married Esmeralda P. Delano, of Charlestown in 1872. His home was in Somerville until last March when he removed to 8 Jennison street, Newtonville.

and the interpretation of each part brought forth favorable comment on the part of the large audience.

The title role of the play was sustained by Castel, who played in his usual way, keeping his listeners in constant laughter. The other parts were sustained by Jules Hervieu, Adrien Laurion, Mlle. Lily Rose, Mlle. Cecile Darnoy and Mlle. G. Riviere. Between the acts musical and literary number were given by Castel and others. Mr. E. L. Turcot of this city had charge of the players while they were in Lowell and he stated last evening it is probable they will pay another visit to this city before the close of the season.

CALL WITNESSES FOR TRIAL OF FRANZ BOPP

SAN FRANCISCO, Cal., Dec. 1.—Subpoenaing of witnesses for the trial of Franz Bopp, German consul-general at San Francisco, and four members of his official family, charged with breaches of neutrality in connection with an alleged bomb conspiracy, was begun today. John W. Preston, United States district attorney, said about 250 men and women will be called by the government in the case, which is set for next Monday.

"Our case," Mr. Preston declared, "is complete." Immunity, he added, would not be given Johannes Van Koolbergen, the so-called "double spy."

"If Van Koolbergen appears," he said, "it will be as a defendant and not as a witness."

Louis J. Smith, alleged to have been in the employ of the German officials, has been granted immunity and will be the government's principal witness. It is alleged by the government that Van Koolbergen was employed by German officials to dynamite bridges, tunnels and stations in Canada. The German officials deny this allegation, holding that the man was a British spy.

\$10,000 LOSS BY FIRE IN CALAIS ME. HOTEL

CALAIS, Me., Dec. 1.—Some of the guests which filled the St. Croix hotel were forced out of doors in their night clothing today when fire damaged the hotel to the extent of \$10,000. All got out safely. The fire started in the basement and worked up to the roof through an air shaft.

PRESIDENT ATTENDS BALL
WASHINGTON, Dec. 1.—President Wilson spent Thanksgiving day quietly with members of his family and took no part in several special celebrations here to which he was invited. With him he attended his regular Presbyterian church, having declined invitations to the Pan-American mass at St. Patrick's church and to a joint celebration of Methodist churches. The turkey for the White House Thanksgiving dinner was chosen from among many sent to the president from different parts of the country. President Wilson concluded his ob-

ATTORNEY THOM AGAIN CROSS-EXAMINED

WASHINGTON, Dec. 1.—When the congressional railway investigating committee resumed its hearings today, A. P. Thom, counsel for the railroad executives' advisory committee, was called again for cross examination. It was his seventh day of testimony and he probably will be on the stand tomorrow. The committee plans to hear Max Thelan, California state railroad commissioner, as the second witness.

HIGH SCHOOL PLAYERS TO RECEIVE THE "L"

The members of the Lowell high school football squad who entered yesterday's game with Lawrence, and only these, will be awarded the "L." It is understood. None of the other games was considered in the awarding of the letters. The question of whether or not Heathcock and Haywood are entitled to their letters may be taken up at the school later. The "L" men who will meet and elect a captain for next year are as follows: Captain Liston, Lynch, Vaukha, Mahoney, Mansur, Whitaker, Dacey, Ingham, C. Coughlin, D. Coughlin, Brown, McCann, Hunter and White.

Demonty guilty of larceny and imposed a fine of \$10, which the defendant's wife also paid.

According to the testimony offered Demonty was employed in making repairs about the property occupied by Mrs. Jared in Fletcher street and seeing a gold piece on the bureau of her room took it and sold it to a jeweler in Middlesex street for \$15 and the latter in turn sold it to a jeweler in the Bradley building who melted the coin.

Obstructed the Sidewalk
Robert Moran entered a plea of guilty to a complaint charging him with obstructing the sidewalk in Adams street on November 17th, and a fine of \$20 was imposed. He was given six weeks in which to pay the fine. Moran and five other young men, the latter being juveniles, have been causing considerable trouble in Adams street of late and on the night of the 17th it is alleged that stones were directed at certain persons and one of the missiles struck a man wearing glasses and besides breaking the glasses injured the man's eyes. Five of the sextet were caught and in

the juvenile session this morning four were fined \$20 each and Moran was fined \$25 in the regular session of the court. It is alleged that the missing member of the gang was the person who threw the stone which came near blinding the man.

No Clemency for Lally

William J. Lally was charged with drunkenness but when the court learned that Lally was under a suspended sentence to the house of correction to pay \$5 a week for the support of his wife and had failed to do so he placed the drunkenness case on file and ordered the suspension of the neglect case sentence revoked and Lally will spend the next six months in the house of correction. At the close of the session of the court Lally pleaded with the judge to be given another chance but it was without avail.

Operating Without a License

Robert Stone pleaded guilty to a complaint charging him with operating an automobile without a license but Lawyer Frank Goldman who appeared for the defendant produced a chauffeur's license which the defendant had secured since being summoned into court and on recommendation of counsel the case was placed on file.

Guilty of Larceny

Earl M. Philbrick, aged nine years, who appeared before Judge Enright in the juvenile session of the police court, was charged with the larceny of \$47 in money from Louis Alexander, the tailor, whose place of business is in the Harrington building in Central street. He was found guilty and placed in the custody of the state board of charities.

Despite the boy's youth, he has operated in Manchester, N. H., and this city, having been arrested for stealing in that city on several occasions. A week ago last Saturday, he entered Mr. Alexander's place of business and finding no one in the front part of the place, entered the interior and opening the safe, took \$47 in money. As he was leaving the place, Mr. Alexander entered and he asked Mr. Alexander to contribute to a harvest fund, presenting a bank for Mr. Alexander to deposit the coin. After the boy had gone, Mr. Alexander found that the money was missing and reported the matter to the police. Later Inspector John Walsh arrested the boy.

Very Quiet Holiday

Thanksgiving proved to be a very quiet holiday in police circles. There were no arrests for drunkenness during the day and the arrests on Wednesday were few and far between.

Defaulted

Joseph Foreira, charged with assault and battery, was declared defaulted as was John J. Riley, charged with drunkenness.

ENGINEERS SEND BILL Continued

bill for \$746.87 which has been paid by the city.

Under date of Sept. 18 Mr. Morse sent to the J. R. Worcester Co. a letter requesting the company to inform him whether or not it had done or had been ordered to do any work in connection with the bridge, not covered by the \$1000 voted by the municipal council, and the reply was as follows:

"In reply to your favor of the 18th inst., we would say that acting under the direction of Mayor O'Donnell and City Engineer Kearney and City

Solicitor Varnum, we have rendered a number of services in connection with the Pawtucket falls bridge not covered by our bill of \$1000 paid in July.

"We have represented the city in connection with their petition to the board of harbor and land commission and the United States district engineer. We have been in conference with the National Engineering Corp. with regard to detailed drawings which they have prepared subsequent to the date of the contract. We have made one visit to the bridge to take a general view of the progress of the work and at the present time, acting under instructions from the mayor, we have placed a supervisor on the work, who is now there.

"Yours truly,

"J. R. Worcester Co."

After receiving the above letter Mr. Morse requested the company for itemized account, which was sent as fol-

lows, the said bill covering the work to Sept. 23:

Mr. Worcester, 35 hours at \$7.50	\$262.50
per hour	\$7.50
Mr. Brazer, seven hours at \$5 an hour	35.00
Office assistant, four hours at \$1 per hour	4.00
Superintendent, 4-6 week at \$75 per week	300.00
Cash paid Mr. Morse for August	125.00
Expenses	2.87
Total	\$486.87

It seems that the bill of the Worcester Co. was from Sept. 23 to 30, increased \$240, for in the auditor's office is found a bill amounting to \$746.87, dated Sept. 30, and which was paid to the J. R. Worcester Co., in excess of the \$1000.

Mr. Morse stated this morning that the sum of \$93,079.76 minus 15 per cent has already been paid on the erection of the new bridge out of the sum of \$125,000 voted for the bridge, leaving

a balance of \$81,920.24 minus 16 per cent.

Campaign Expenses

The following candidates at the recent city primaries have filed their campaign expenses with the city clerk: For commissioner: Frank A. War-nock, \$38; Eugene F. Twomey, \$58.98; Joseph M. Wilson, \$15.50. School committee: William R. Thompson, \$20.50; Eli E. Hart, \$9.66.

Gersham C. Basset has been granted a permit for the erection of a six-room semi-bungalow at 41 Tolman street. The house will be 24 by 26 feet and will cost between \$1600 and \$1800.

Dr. T. Laurin has taken out a permit for the construction of a two-tenement house at 1123-35 Middlesex st. Each tenement will have six rooms with pantry and bath and the building will cost \$3500.

The Latest and Greatest —a Reproducing Piano

Electrically operated, the Chickering-Ampico Reproducing Piano is the living soul of the artist. All of him that is divine—his physical self alone removed—he sits at the keyboard and plays—the vagaries of his style, the whimsicalities of his interpretation, down to the finest shades of feeling and expression, absolutely reproduced.

A QUARTER CENTURY AGO

The passing of the late Mrs. Catherine Mahoney, whose funeral took place yesterday morning, removed still another of the old time residents of the "blue district" who by the lives they led, made that section of the city famous as the home of kindly, charitable and hospitable people. Mrs. Mahoney was a close friend of the late Mrs. Humphrey O'Sullivan and survived her but a few months. Mrs. Mahoney was the widow of the late John J. Mahoney, or as he was better known, "Jesse" Mahoney, and her husband's death a few years ago was a blow from which she never entirely recovered. She matched her husband in wit, humor and good nature and those who enjoyed the close acquaintance of the couple will long recall with keen pleasure the many pleasant hours spent in their company. Mrs. and Mr. Mahoney lived with each other in promoting the happiness and well-being of their friends while their charity to the poor of St. Patrick's parish was unbounded. At the funeral services in St. Patrick's church yesterday morning, all of the old time "Aunt" families were represented among the mourners.

Denman Thompson's Debut

The fact that the "Old Homestead" double quartet is appearing at Keith's this week, recalls an interesting story told about the late Denman Thompson, who became internationally famous through the medium of his play, "The Old Homestead." A few years before his death, Denman Thompson

U.S. NAVY IN CONTROL OF DOMINICAN REPUBLIC

WASHINGTON, Dec. 1.—Military rule has been proclaimed in Santo Domingo by the United States navy to suppress existing political chaos in the little republic and pave the way for guaranteeing future quiet by establishing there such a financial and police protectorate as the American government now exercises over Haiti. Eighteen hundred American marines will maintain order for the present, and, at least until elections are held in January, their officers will supervise the conduct of the government by native officials and disburse the customs revenues which American receivers have been collecting by treaty arrangement for nine years.

The navy proclamation issued, apparently has been put into effect without bloodshed. It was announced here yesterday by Sec. Daniels in the following statement: "Capt. H. S. Knapp, in command of the United States forces in Santo Domingo, reports that, in compliance with instructions received, military government was proclaimed by him in Santo Domingo at 4 p. m., Nov. 29. An order regarding carrying arms or having them in possession has been put in effect. Payment of salaries of government officials will be resumed immediately. "The proclamation was well received. Conditions are reported as being normal, and the great majority of the people regard the proclamation with favor."

SHIPS AGAIN WARNED OF DANGER OF U-BOATS

BOSTON, Dec. 1.—Shipping circles reported last night that radio messages warning allied shipping to avoid the regular steamship lanes because of the reported presence of German submarines on this side of the Atlantic had been sent out all day yesterday at least every four hours. The warnings, which were signed in code, are believed to have come from allied cruisers patrolling the coast and the British government stations at Bermuda and Halifax, and were similar to those which have been sent broadcast for the last few weeks. Foreign shipping again yesterday avoided the regular lane off the Nantucket shoals lightship, where the U-53 operated Oct. 3, according to reports received in Boston.

EDITOR WATSON ACQUITTED

AGUSTA, Ga., Dec. 1.—Thomas E. Watson, author and editor, was acquitted today by a jury in the federal court of the charge of sending obscene matter through the mail.

AGREABLY SURPRISED

Mr. and Mrs. Joseph Galley of Pelham, N. H., were agreeably surprised yesterday evening when over 100 friends and relatives called at their new home at Hillman's corner to congratulate them on the recent purchase of their new place and incidentally present them a valuable gift as a token of friendship and esteem. Mr. and Mrs. Galley formerly resided on the Sachua road in Pelham, for over 20 years. Recently they purchased a larger farm at Hillman's corner and last week they moved into their new place. Wednesday evening relatives and friends from Pelham, Nashua, Salem, Providence, Lowell and other places gathered at the home and presented the couple a handsome bouquet, the presentation address being delivered by E. S. Desmarais. Mr. and Mrs. Galley both responded in fitting terms and invited the gathering to spend the evening with them. In the course of the evening a most pleasing entertainment program was given, those taking part being Frank Lambert, E. S. Desmarais, Mr.

registered one evening at the Woodstock Inn, a Woodstock, Vermont, during the evening discovered a copy of The Lowell Sun on the clerk's desk, picked it up and inquired as to whom the paper belonged. Upon learning that the clerk was a Lowell man, Mr. Thompson said: "I have a tender spot in my heart for the city I love, Mass., for it was there that I made my first appearance as a full fledged actor, many years ago. They were having some private theatricals in a hotel there known as the Old Washington tavern, and I was one of the professionals who performed. Then also, I have another reason for remembering the city of Lowell, for when I was a boy we used to go way down to Lowell to purchase our watches and clocks from a man named Worcester, a watchmaker, and the first watch that I ever owned was purchased for me by my grandfather from Worcester, the Lowell watchmaker."

The "Worcester" reference had a store at or near the corner of Merrimack and Central streets, many years ago selling watches, jewelry and low priced goods.

THE OLD TIMER.

and Mrs. William Hebert of Nashua, Edmond Kelley, Pierre Landry, Mrs. Elphège Landry, Arthur Dupont and many others. At midnight a luncheon was served and the remainder of the night was spent in a most enjoyable manner, the guests leaving the town on the first electric. Mrs. Elphège Dupont of this city, an aunt of the couple was responsible for the success of the evening.

TEST OF "DIET SQUAD" WILL END TOMORROW

CHICAGO, Dec. 1.—The diet squad of 12 persons, today began the tenth day of an attempt to demonstrate that it is possible to live well on 40 cents a day, with an average weight increase of 1.65 pounds over the first day. Dr. A. J. Stokes, the only member of the squad not gaining, showed a loss of 2.4 pounds since the start. The test will end next Tuesday.

NO TURKEY YESTERDAY

CHICAGO, Dec. 1.—The diet squad had no turkey yesterday, but instead its members dined well on roast chicken and such other foods as could be purchased within the 40 cents a day limit. There was a total increase of just 20 pounds in weight since the beginning nine days ago of the test to prove the feasibility of living on 40 cents a day. This increase was in spite of a loss of two and a half pounds since yesterday in Dr. Albert J. Stokes, the squad's heavyweight, which was accounted for only by his dismay at facing a Thanksgiving dinner without turkey. Tomorrow's meal will be: Breakfast—Stewed egg, cereal, toast, butter, coffee. Lunch—Roast baked beans, brown raisin bread, celery, date salad, tea. Dinner—Tomato soup, baked lake trout, potatoes, bread and butter, Washington cream pie, tea.

ACCUSED MAN'S SISTER TO TESTIFY AT TRIAL

MISS TEIPER WHO WITNESSED TRAGEDY TO APPEAR ON STAND AT THE TRIAL OF HER BROTHER

BUFFALO, N. Y., Dec. 1.—Grace J. Teiper, the only survivor of the family automobile party of four who were murdered last night, will testify at the trial of her brother, John Edward Teiper, for the murder of his mother. So far as is known, Miss Teiper is the only living person besides the murderer who witnessed the assault. Without her testimony, decision must rest upon circumstantial evidence. George L. Lewis, the Teiper family lawyer, said today: "Miss Teiper is anxious to take the stand."

SAY WIRES CAUSED FIRE

NEW BEDFORD, Dec. 1.—As a result of investigations by police inspectors today, the police authorities announced that they do not believe that the fire in the convent of the Sacred Heart, which caused the death of Sister St. Seraphim, was the work of an incendiary. The investigation showed, the police authorities said, that in a section of the cellar where the wood work is charred, electric light wires were not insulated. The police believe that the fire started from these wires. Funeral services were held at the convent for Sister St. Seraphim. The body was shipped to Canada this afternoon.

AMERICA FIRST DINNER

Applications for the big "America First" dinner of the Lowell board of trade to be held at the Casino on Thursday, December 7, are being received in large numbers by Secretary John H. Murphy, and indications now point to a record attendance. Mr. R. Grodwin Rhett of Charlestown, South Carolina, president of the chamber of commerce of the United States, who was to speak on "The Business Men of America," has sent word that he will be unable to attend. Reservations are being filled in the order of their receipt.

BUCHAREST IS NOW A WAR CAMP

BERLIN, via Sayville wireless, Dec. 1.—Bucharest, the Rumanian capital, is changing into a war camp, the Overseas News agency learns. Half of the civil population, according to a despatch to the Berner Bund, already has left the capital.

The Lokal Anzeiger publishes a telegram from Stockholm that the chief of police of Bucharest and Gen. Berthelot, the French strategist with the Rumanian army, have ordered the majority of the population, especially women and children, to leave the precincts of Bucharest fortress within five days. All remaining persons are engaged in military and sanitary duty. Martial law prevails, the military authorities distributing all food.

Within 12 1/2 Miles of Capital
The town of Comana (Tzomana), halfway between Giurgiu and Bucharest, situated on the direct railway connecting the two cities, at a point 16 miles to the south of the capital, has fallen into Teuton hands. It lies only 12 1/2 miles south of Bucharest's outer ring of fortifications. Its loss

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.
People who are overburdened with superfluous fat, know only too well the discomfort and ridicule that over-tight people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.
There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in a simple, safe and reliable way, without starvation diet or tireless exercise, here is the test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules. Take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.
Oil of korein is absolutely harmless. It is pleasant to take, and helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight, fatness having lighter, your work seems easier and a lakes possession of your whole being. Every person who suffers from superfluous fat should give this treatment a trial. A. W. Dows & Co. can supply you.

REFUGEES TELL OF VILLA VICTORY AT CHIHUAHUA

JUAREZ, Mexico, Dec. 1.—The remnants of a Carranza army that fled from Chihuahua City after a battle with Villa troops are in camp on the plains south of Juarez. They brought with them the story of the evacuation of the city after four days and nights of fighting. The dead were piled high in the streets when they left, and had been covered with oil and burned, they said. Soon after 1 a. m. yesterday the first troop train brought the ragged survivors of the defacto forces which had escaped to the north. Accompanying this train was a sanitary section, consisting of three second class coaches and one "White Cross" hospital car. In these cars were more than 100 wounded soldiers of the Carranza command. The hospitals here are filled and volunteer nurses are working to care for the officers and men wounded in battle.

The troop trains that brought this surviving force to the border left Chihuahua City at 10:30 Monday morning, proceeding to a point near Terrazas station, where a burned bridge forced them to transfer to another train on Wednesday.

Refugees brought back many of their field pieces. These are parked in the customs house yards with garlands of "jerked beef" hanging from their muzzles. Women camp followers shared in the retreat. Some of them had children said to have been born on the battlefield.

Refugees said that between the cemetery and Santa Rosa hill the dead covered the streets, many having died days before. Along the streets near the railroad station, and surrounding the station, one refugee said he saw many cavalry horses with carbines and sabres attached to the saddles. The Carranza cavalrymen having abandoned them in order to leave the city on the troop train, they were left without an owner.

Along Zarco avenue the fighting had been fiercest and many civilians had been killed there and in other parts of the city by shell fire and rifle bullets. The houses lining this street were pitted with bullet marks of the battle and many shell holes were to be seen in the houses in the heart of the city.

MERRIMACK RIVER
Members of the Lowell Fish and Game Association Will Hear Interesting Talk By Judge Hadley
There's a treat in store for Lowell Fish and Game association members at their regular meeting next Tuesday evening.

day evening, when Judge Samuel P. Hadley will give a talk on the Merrimack river, his early recollections, etc. No man in these parts knows more about the Merrimack than does Judge Hadley and the subject is very apropos at this time inasmuch as the highways are about to be restored with the hope and purpose in view that the river can be successfully re-stocked and that salmon will abound as they did in the days of which Judge Hadley will tell. The association members are looking forward to a real treat and the public is cordially invited.

QUESTION RIGHT OF B. & A. TO STORE GOODS

BOSTON, Dec. 1.—The right of the Boston & Albany to conduct its general warehouse business in East Boston has been called into serious question, and the big plant investment by the company is consequently involved by action which has been taken by the National Dock and Warehouse company.

The latter charges discrimination by the Boston & Albany, in that it gives free transfer to its own warehouse in East Boston, but charges for transfer to other warehouses. This complaint regarding alleged freight discrimination, it is understood, will be passed upon by the public service commission. Robert Homan, counsel for the dock company, of which Atty. Edmund D. Codman is the head, has sent a communication to William D. Trefry, commissioner of corporations, requesting an investigation of the railroad's rights by Atty. Gen. Atwill, and the institution of proceedings against the road if they become satisfied that the railroad has no authority under its charter to run a general warehouse business.

"We have been unable to find," Mr. Codman said last night, "that there is any special permission in the Boston & Albany's charter to run this warehouse business."

No statement was forthcoming from the Boston & Albany last night.

"HANG FOOD SPECULATOR"
BOSTON, Dec. 1.—Food speculators who corner God's bounty and hold it for a rise in price are criminals, and should be hanged out of hand, according to an opinion expressed yesterday by the Rev. William Harmon van Allen in his Thanksgiving sermon at the Church of the Advent.

RESCUED AFTER 23 DAYS ON WRECKED HULK

NEW YORK, Dec. 1.—The story of the rescue in mid-ocean of the captain and five men of a tiny schooner, after they had suffered 23 days of hardships on their water-logged vessel, was told by the officers of the rescue ship, the American oil tanker Gold Shell, which reached this port yesterday. Her arrival here marked the end of a six months' voyage, during which the stricken schooner, the shipwrecked vessel was nearly sunk.

The shipwrecked vessel was the 93-ton schooner Arthur H. Wright of St. John's, N. F., Capt. Diamond, bound from Alicante, Spain, to her home port with salt. According to Capt. Hayes of the Gold Shell, his lookout sighted the schooner on a day-long hulk in latitude 42.47 and longitude 56.23 on the morning of Nov. 23. Although a heavy sea was running, a boat was sent over the side to the distressed vessel.

The rescuers found the schooner water-logged, the bulkheads, deck-houses and masts were away and the sails and upper spars gone. In the shelter of the mainmast the captain and crew were huddled, exhausted. The rescuers set fire to the schooner to prevent her from being a menace to navigation.

The Gold Shell said his vessel left Alicante early in September. After being buffeted by head winds for weeks, he ran into a northwest gale on Nov. 5. From that time on the crew fought hunger, thirst and the elements. They had given themselves up for lost when the tanker arrived.

The Gold Shell left New Orleans for Bordeaux in June. On July 10 she struck a mine in the Bay of Biscay and sustained considerable damage forward. She reached Bordeaux in a sinking condition, and, after discharging her cargo and making temporary repairs, proceeded to Rotterdam, where she lay in drydock for two months.

TEUTONS TIGHTEN GRIP
ON RUMANIA; WITHIN
GUNSHOT OF CAPITAL

The Teutonic grip on Rumania remains unshaken and at last reports was tightening with three converging forces continuing unchecked their advance toward Bucharest.

Invaders Near Capital

Despite fanatical resistance by the Rumanians, which appears to have increased as Bucharest was neared by the armies of Field Marshal von Mackensen and Gen. von Falkenhayn, the invaders are now almost within gunshot of the capital. They are nearest their objective on the southwest, where Rumania, 16 miles distant, has been reached. From the west they

have driven to within 50 miles, reaching Glavatzitzu. On the north-west they have broken the Rumanian lines, permitting of a new influx of Austro-German troops by way of Torzburg pass and Campulung.

Success for Russians

The Russians meanwhile have been attacking heavily all along the frontier of Moldavia, the Rumanian province which projects northward between Transylvania and Bessarabia in an evident attack to create a diversion in Rumania's favor. Today Petrograd reports a pronounced success.

AUTO, TRUCK AND
DUMP CARTS IN
COLLISION

There was considerable excitement on the Allen street bridge at about 1:30 o'clock this afternoon when a Ford touring car mixed it up with a motor truck and a couple of dump carts. The truck belongs to Charles E. Bonnet, a lake-view avenue plumber and was driven by Wilfred Desmarais, one of his employees. The truck was proceeding slowly towards the Centerville side of the bridge when the touring car, owned and driven by Elias Fournelle, came up behind and in attempting to go by Mr. Fournelle hit the rear wheel of the truck and then skidded into a couple of dump carts coming in the opposite direction. The dump carts are the property of the Tremont & Suffolk mills. The drivers of the carts were thrown from their seats and one of them was slightly injured. One of the wheels of the big truck was damaged and the Ford car was pretty badly wrecked. None of the occupants of the touring car or truck was hurt, though the accident afforded ample opportunity for serious results.

SUPERIOR COURT

October Sitting of Civil Session May
Adjourn to East Cambridge Next
Week

A sealed verdict will be opened in the civil session of superior court being held before Judge Keating in this city Monday morning in the case of Alexios Mavridis vs. the Beggis & Cobb Tanning Co. of Winchester. The case, which was on trial for nearly three days, was given to the jury late Wednesday and an agreement was reached after a few hours' deliberation.

It is said that the October sitting of the civil session of superior court may adjourn to East Cambridge next week. Lowell attorneys have been slow in preparing their cases for trial and there have been too many break-downs in the trial list during the past few weeks, it is said. There are still a number of Lowell cases to be disposed of and an adjournment to Cambridge would put local parties and attorneys to a heavy expense for traveling expenses for witnesses, etc. Local merchants also benefit considerably by the daily visits of jurymen from all over the county. However, court will not return here for the remainder of the session unless there are fewer break-downs.

CONGESTION OF THE
RAILROAD FACILITIES

CHICAGO, Dec. 1.—Congestion of railway facilities between Chicago and the Atlantic seaboard became more acute today. The Baltimore & Ohio was expected to give notice within 48 hours of an embargo on all grain shipments, both domestic and export. An embargo also was expected on the Erie. The New York Central already has put an embargo into effect.

In the grain trade here, the difficulties of the railways was attributed chiefly to the curtailment of export grain shipments and to the consequent crowding of elevators and side track storage.

PROPOSED SALE OF FRENCH
AND BRITISH TREASURY
BILLS WITHDRAWNAction Due to Desire of Allied Govern-
ments to Show Every Regard to
the Federal Reserve Board, Says
Morgan & Company

NEW YORK, Dec. 1.—J. P. Morgan & Co. have withdrawn the proposed sale of British and French treasury bills, according to instructions received by them from abroad.

The announcement was contained in the following statement:

"We have been instructed by the British and French government to withdraw their treasury bills from sale."

"We have accordingly expressed to those institutions and investors which had already placed orders with us for these securities the wish to be released from the obligations to deliver,

and they have been good enough to accede."

"This action is because, as explained by the British chancellor of the exchequer, and by the French minister of finance, these governments desire to show every regard to the federal reserve board, a governmental body of which the secretary of the treasury and the controller of the currency are ex-officio members."

"We may add that the sale in limited amount of these treasury bills payable in dollars in New York has never been an essential part of the allied governments' financial plans, but has for some time been under consideration with a view to furnishing a credit medium that would accommo-

date the American banking demands for an instrument of short maturity and of such limited volume that the government could always undertake to lay down gold in New York sufficient to meet the matured bills."

"It was believed further that these bills would have furnished at the end of the war an excellent measure of protection to the American financial situation, inasmuch as these steadily maturing obligations of the foreign governments would have tended to prevent heavy drafts of gold from this market."

An informal statement was made by a member of the Morgan Co., that no other financial plans have been formulated in place of the ones abandoned.

ROGER SHERMAN HOAR
AT GRANGE MEETING

The regular monthly meeting of Middlesex North Pomona grange held today in Old Fellows' hall in Bridge street was attended by a large number of grangers from this city and the suburban towns. The business meeting was opened at 10 o'clock and several important matters were taken up and considered. At noon a bountiful dinner was served.

This afternoon's meeting was open to the public. Former Senator Roger Sherman Hoar of Concord was the principal speaker and he characterized the rural credits law as the most useful measure for the benefit of the husbandman that has been devised since the days of Adam. He explained the new system as follows:

"It is organized like the national banking system. At the head is a board of five at Washington. This board is now dividing the country into twelve districts, each one of which will have one large central bank. Under each large bank will be many little banks, each organized by ten or more borrowing farmers."

"The farmers will own all the stock of the small banks, each farmer being required to use 5 per cent. of the

funds loaned to him to purchase stock in the bank through which he borrows. The small banks will use this money to purchase an equal amount of the stock in the large banks. The original funds of the large banks will be advanced by the United States government, but the government stock will gradually be retired as the small banks make their purchases."

"It is planned to loan money to farmers at 5 per cent. A conservative estimate shows that the small banks ought to pay a 7 per cent. dividend from the start. Thus the compulsory investment feature will not only insure to the farmers a complete control of their own system, but will also make them a handsome profit to go toward reducing the other 95 per cent. of their loans."

"After the original capital is exhausted, new funds for lending to the farmers will be raised by pooling the mortgages and by issuing bonds at 4 per cent. Experience in European companies shows that such bonds ought to sell easily at 3 1/2 per cent. Thus it is probable that the eventual interest rate to the American farmers will be only 4 1/2 per cent."

CITY PAINTERS OBJECT TO
CERTAIN CRITICISM

The painters and decorators of the lands and buildings department do not take kindly to some of the criticism voiced by private contractors at the recent hearing given by the municipal council to local builders and contractors. When seen today at Memorial hall on which they are putting the finishing touches, they declared that no firm in Lowell can honestly charge the city with doing artistic or inferior work, and they made the statement that the work on Memorial hall and the city library has received the commendation of the best qualified critics in Lowell and will compare with the best work of the kind to be found in the city. Furthermore, the foreman, Thomas F. Riley, said that those who criticized the city painters and decorators could not do the work at Memorial hall as well as it has been done by the city men.

When seen this morning, Mr. Riley was engaged in cleaning off the picture by Philippeaux that fills the alcove opposite the front stained glass windows. He said that all the main details have been attended to and that the painters and decorators will be out of the hall in two weeks. They are now touching up the decorative features, such as the classic bay leaf

border which outlines the panels throughout the scheme of decoration. "It takes a knowledge of decorative art," said Mr. Riley, "to appreciate many of the features of the work. We have carried out a renaissance phase effect, in which a brilliant varnish is used over mottled tones. Bright reds and blues have been used, but the tone of the building is a grey green that harmonizes with the picture."

"If we had the painting of the mural pictures, we would have them in tones that would harmonize with the hall colors, but we had to go by the pictures instead. For this reason we have keyed the various shades to a darker note than we would otherwise have done. The stucco work is in ivory, but we have kept to the dark mottled effect everywhere else. Critics may find fault with this or that little detail. It has been asked, for instance, why the flags in these mural decorations are so flat and dull. We dare not make them brighter, in relation to the whole color scheme. An outsider might think that the work on those flags was merely stenciled, but they are all hand painted."

Mr. Riley also called attention to the fact that the men who contracted to hang the three large paintings backed out when he faced the reality, but Good time at Lincoln hall tonight.

that the city men did it and did it thoroughly.

One of the two painters who are employed in the hall at the present time said that he has worked at painting and decorating for the city for over 30 years, and that there has been no complaint regarding the work. "Take city hall," he said, "and see if there is a finer piece of work in the city. The decorating of the aldermanic chamber was praised by all who saw it. On the other hand, I recall that the city let out three jobs by contract, the Elliot, Bartlett and Charles street schools, and there was dissatisfaction with all of them."

LOWELL WOMAN
GETS CUSTODY
OF HER SON

Mrs. Sadie E. Miller of Harrison street, this city, has been awarded the custody of her son, Raymond Shannahan, as a result of the hearing held before Judge Dana in the superior court in this city Monday. Mrs. Miller has won the fight for the control of her son, who is now 14 years of age, after three hearings before the court. For six years the boy has been living with his father, Patrick Shannahan, who now resides in Lynn.

Judge Dana's decision is as follows: The petitioner, Sadie E. Miller, is to have the custody to her charge of Raymond Shannahan until the further order of the court. Provided, that the respondent, Patrick Shannahan, at all times, is to have access to said Raymond Shannahan at reasonable hours and places, with the right also to have said Raymond visit him at reasonable times, hours and places.

ON TORPEDOED SHIP

Yesterday afternoon the Sun had a visit from Deerfoot Sagamore Hawk of the famous Sioux Indian tribe of the Argentine republic. He did not come in war paint and he attracted little attention when passing through Merrimack square, but he had a tale to unfold that brought the listener to the plains of Argentina, from there to Halifax, from there to Bristol, England, and finally to a point off Newport, R. I., about four weeks ago when the U-33 from Germany sank nine British ships.

Deerfoot Sagamore Hawk knew but little English, and the little he did know was of a mongrel kind, but in his halting, bewildered way he told his story. When the war broke out he enlisted as fireman on the Brazil, which ran between South American ports and England. After a few trips the ship was put into the troop service between Halifax and Bristol, Eng., and he made a passage on one trip when she carried 7000 soldiers from the dominion to serve the cause of the allies in France.

On the fateful Sunday four weeks or so ago the Brazil—so, as he called it, "the Brazil"—was off Newport when there was a warning shot, a periscope appeared, and the crew of the ship was

given 10 minutes to get ready. It was about 11 a. m. and he was at the fires down below. There was no time to get his clothes, his blanket—was it a Sioux blanket?—or \$50 which he had saved after his voyages. He had merely time to get into the small boat when a torpedo was sent into the side of the 391-foot six-decker. Deerfoot Sagamore Hawk was taken to Newport, R. I., and kept in barracks until two days ago when he started for Lawrence where his friend War Eagle is a cook in a hotel.

The lost Argentine Indian, being honest and shrewd in the way of his tribe went first to city hall and then came to The Sun. He said that if he can get to Lawrence War Eagle will give him his fare to Halifax where the English government will give him clothing and \$55 and a chance to ship again. He is a free lance and has no family ties. On being asked if he were married he said "No—me 45 years old but no like squaw." He was given his fare to Lawrence and taking the hand of his benefactor he laid his other hand over it and said it was the Sioux sign of eternal friendship. May he find War Eagle in the mazes of Lawrence and get back again to the road that leads down to the green seas and may he be spared from the port of missing ships!

GREEK KING REFUSES
DEMANDS OF ALLIES

LONDON, Dec. 1.—An Evening News despatch, dated Athens, 1:15 p. m., says that further reports have been received of forces marching south from Thessaly and other sections of Greece north of Athens. The garrison of Chalcis is marching with rifles toward Schimatari.

The despatch says a minor disturbance occurred last night. A few revolver shots were fired. No one was injured.

Just before the time of the filing of the despatch King Constantine notified the entente ministers of his definite refusal to hand over the guns. The Greek government has given guarantees that order will be maintained, but it is feared the calling up of reservists will have the opposite effect. Admiral du Fournet insisted that 84 mountain guns be delivered today. Further time has been given for the delivery of other guns and war material.

FINDS DAUGHTER
AFTER 12 YEARS
SEARCH

HARTFORD, Conn., Dec. 1.—Asserting that in the person of Dorothy Brickley, a 15 year old high school girl of New Haven, she had found her daughter, for whom she had searched 12 years, through Philadelphia, the mountains of Pennsylvania, Chicago and portions of Connecticut, Mrs. Florence Padmore, of this city today instituted proceedings to obtain custody of the child.

Mrs. Padmore says that more than 12 years ago, when she separated from her husband, she placed the child in the home of the Brickleys in Philadelphia, agreeing to pay for its support. Subsequently the Brickleys moved away. She had sought the girl ever since, she said.

NUN DIES IN CONVENT FIRE

NEW BEDFORD, Dec. 1.—Sister St. Seraphin was suffocated to death and 20 other women—sisters and employees—died in panic, through smoke filled hallways, from the Convent of the Sacred Heart yesterday afternoon, when fire swept through the four-story building.

The convent was fired by a man who had been refused food at a basement door, it is believed. Two hours after the man had threatened an employee of the kitchen, a brisk blaze was discovered in the basement and spread rapidly.

Late last night, the police were searching for the man, of whom they had a good description. There were no fires or heating apparatus in the basement where the fire started.

Was Sick in Bed

Sister St. Seraphin was sick in bed on the second floor, and was carried out unconscious by Brother Burns, a resident of the vicinity. All efforts to resuscitate her failed.

Many of the sisters fainted when they reached the sidewalk. Some of them were partially overcome by the choking smoke.

At 1.30 yesterday afternoon, a roughly dressed man applied at the kitchen door of the convent, located on Robeson street, for food. Evelyn Aselyn, a domestic employed in the kitchen, informed him that the former practice of feeding those who applied for meals had been discontinued. She referred him to another institution. The man persisted that he must have food. After a lengthy argument he left, after threatening to "get even."

At 3.15, Miss Aselyn finished her work about the kitchen and went into the basement. There was no trace of fire. She went into another part of the building and 15 minutes later smoke was rolling up the stairways. When the sisters attempted to enter the basement, a blast of flame drove them back. The fire ate its way up through the walls and spread to the dormitories on the second floor. Many of the sisters were in their rooms.

So quickly did the fire spread that the hallways were filled with thick smoke within a few minutes. Many of the sisters attempted to reach the basement, and when they fled through the hallways, they were partially overcome by smoke.

Dashes to Rescue Sister

After most of them had reached the street, someone remembered Sister St. Seraphin, confined to her bed on the second floor, because of an operation performed a week ago. Mr. Beecher, resides at 260 Chestnut street, fled into the building. He groped his way up the stairs and carried the unconscious sister to the street.

O'CONNOR NOT TO BLAME FOR ACCIDENT

Special to The Sun.

STATE HOUSE, Boston, Dec. 1.—Timothy J. O'Connor of 508 Gorbun street, Lowell, a jitney operator, appeared before the state highway commission today to defend himself against a charge of reckless operation of an automobile in the city of Lawrence, on September 30. It is claimed in this case that O'Connor operated his jitney recklessly and collided with a truck owned by the Reuter brothers of Methuen.

When O'Connor was admitted to the hearing room today, he submitted testimony that he was not at fault in this accident, and claimed that he would get a statement from the operator of the truck that the cars never came together. As he explained the case, the Reuter car was approaching him from a side street, and when the machines came to the corner, the operator of the truck held out his hand indicating that he was to make a turn. The truck, however, turned in the opposite direction from that which O'Connor had supposed.

He stated that the operators of both cars had their wits about them, however, turned their steering wheels quickly, and although they avoided a collision with each other, they drove their cars up onto the sidewalk, one hitting a telephone pole and the other a house.

O'Connor claimed that he was not at fault in this accident and when he stated that he would bring a statement from the operator of the other machine that the automobiles never came together, the commission laid the matter on the table for another week, in order to give the defendant more time to secure his statement.

75 COLD STORAGE HOUSES USED BY TRUSTS

NEW YORK, Dec. 1.—The existence of an interstate combination of cold storage houses to keep up food prices was charged today by Joseph Harrigan, commissioner of weights and measures, who is secretary of Mayor Mitchell's committee on food supply, in investigating the cost of living with a view to effecting relief for consumers.

Keep Shifting Stock

"There is a so-called cold storage trust," Mr. Harrigan said. "Its members comprise 75 cold storage warehouses in New York, New Jersey and Connecticut. It is believed that, to evade the laws of the various states, it is made easy for the owner of goods in one cold storage warehouse to hold his goods in one state until just before the time expires for the goods to be released and then to move them to a warehouse in another state and

keep them there as long as the law allows in that other state.

Although the law in each state permits storage only for a limited time—10 months—I believe, in the case of eggs—it is possible through the alleged trust to keep goods in storage, three times that period. The laws relating to cold storage houses are a joke from a national standpoint. If the federal government were to take under its cloak all the cold storage houses in the country and make one comprehensive law for them, the evil would be abated."

AGED ENGINEER KILLED TRAIN RAN WILD

FIREMAN MISSED HIM AFTER GOING 30 MILES—REVERSED WIDE OPEN THROTTLE

PHILADELPHIA, N. J., Dec. 1.—While his engineer, Johnson Shaffer, lay dead beside the tracks near Black Tom Island, a milk train on the Lehigh Valley railroad early yesterday ran 30 miles beyond that point before the engineer, Allen Miller, discovered the train was missing.

Miller's attention first was attracted, he said, when the train passed an important crossing without heeding a signal warning. Seeing that Shaffer was not at his post, Miller reversed the throttle, which, he declared, was wide open, and brought the train to a halt.

Shaffer's body was found later. His head was crushed and he had received internal injuries. Apparently he had climbed out on the running board of his engine and had fallen off. He was 65 years old.

IN MILADY'S BOUDOIR

NERVES WRECK THE HAIR

Nervous women, or those suffering from nerve exhaustion, as a rule have thin, fine hair and are prone to premature baldness. This has generally been ascribed to anemia or thin, lifeless condition of the blood, from which nervous people generally suffer. The hair, fed by the capillaries, naturally does strength when the blood is exhausted.

That diseased nerves may directly cause atrophy of the hair roots is a new idea and may explain cases of baldness in which the scalp seems free from bacteria and the general health good. In such a case falling hair has more than a superficial interest to a woman craving beauty as it becomes a symptom of grave nerve disturbance and a case for a physician to handle.

The tendency of medical science today is to observe slight symptoms that to the laymen would be regarded as unimportant. The hair, the skin, the eyes, and even the condition of the feet all have their importance in determining a condition of ill health and the presence of some serious disease.

NERVES SPOIL BEAUTY

If women built up their bodies by outdoor exercises and at the same time cared for delicate complexions and fine hair, they would be the most beautiful

of all ages. You may believe that the French woman, because she is quick and slim, is a bundle of nerves, but it is not so. She is temperamental and her emotions are near the surface but her nerves have rest because she never worries from one day to the next.

The American does a host of nerve-racking things to mar her beauty. We spare moments reading exciting fiction, watching intense dramas or playing bridge as if our lives depended upon it. You must learn to control your mind when there is real need of physical waste, for worry only too quickly leaves its stamp on the features. If you have missed a train, don't pace the platform and search the face of the clock and frown at the gateman. This mental hurry will not increase the steam pressure in the engine carrying the next train.

Do your best to cultivate repose and nerve control and you will conquer our national weakness. Follow the English woman's habit of taking cross-country walks in the open air, and study the French woman's clever maneuvers to improve her natural looks. The combination of these three should give you real claims to that elusive quality known as beauty.

THANKSGIVING NOT SPOILED BY RAIN

Muggy and rainy weather yesterday did more to give Lowell a dismal Thanksgiving than the lack of the majestic turkey on hundreds of tables. Chickens, geese, turkeys, and other fowl could take the place of the financially unapproachable turkey, but there was little to offset the gloomy weather.

The day was celebrated in the usual holiday manner at the various institutions throughout the city. The table and otherwise, and despite the weather the day was wholly enjoyable for many poor families. The day was made cheery by hundreds of good-hearted people who remembered those in distress. Mention is made elsewhere of the dinners served at the jail, the city street hospital, the orphanage, and other places. Turkey wasn't served in all of these institutions, but in each and every instance a good dinner was provided.

Excellent Thanksgiving dinners were served at all of the hotels, and the number of Thanksgiving patrons was greater than usual. A great many people who were in the habit of eating their Thanksgiving dinner at home visited the hotels yesterday because of the fact that they did not buy home turkeys. They did not represent the other side, that could not afford to pay, but they had determined not to buy at the ridiculous and unreasonable prices that were asked for the erstwhile festive bird. They considered it their duty to assist in giving the hungry something to think about and by all accounts the speculators are in the dumps today. Everybody was sore with the speculators who, at this season, sought to withhold "God's bounty." They felt that these forestallers criminally forced up the prices of food by artificial manipulation. They felt that the speculators, with Lowell dealers, but with the hungry speculators in New York, Chicago and other big cities and they felt there was no relation between economic laws and the illegal and inhuman boosting of prices. It was noted, too, that a great many of those who dined at the hotels ordered either duck, goose or chicken in preference to turkey. The festive bird was not nearly as popular as usual.

There were union and special services in the churches, the theatres were well patronized during the afternoon and evening and there was the usual "home coming" for Thanksgiving together with a goodly number of out-of-town visitors, despite the bad weather.

HOW GOOD THAT MUSTEROLE FEELS! It Gets to That Sore Spot Like Magic

A-ah! That's delicious relief for those sore muscles, those stiff joints, that lame back.

Musterole is a clean, white ointment, made with the oil of mustard and other home simples.

It does the work of the old-fashioned mustard plaster, minus the plaster and minus the blister!

You simply rub Musterole on the spot where the pain is—rub it on briskly—and usually the pain is gone.

No muss, no bother. Just comforting, soothing relief—first a gentle glow, then a delightful sense of coolness. And best of all, no blisters like the old-fashioned mustard plaster used to make.

Use Musterole for sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet and colds of the chest (it often prevents pneumonia).

GERMANS REJOICE OVER BRITISH CHANGES

LONDON, Dec. 1.—The changes in the British admiralty have been greeted with jubilation by the German press, according to an Amsterdam despatch to Reuters. The Cologne Lokal Anzeiger declares that Admiral Jellicoe's removal from the fleet is degradation for losing the battle of Jutland, and that the inefficiency of the fleet is shown by the fact that German ships attacked the east coast of England and never saw anything of British ships.

The announcement of the change in command of the British grand fleet was made in the house of commons by A. J. Balfour, first lord of the admiralty. Mr. Balfour said there would be consequential changes also in the board of admiralty.

The decision involving the appointments of Admirals Jellicoe, Beatty and Jackson was taken some time ago, Mr. Balfour said, but for military reasons, the announcement was delayed.

On being asked whether the changes in the admiralty meant other changes in higher commands, Mr. Balfour replied that undoubtedly there would be changes which would be announced in the ordinary course.

The vital changes in the management of the fleet announced today, will be greeted enthusiastically by the country. They were not unexpected, as recently there has been a demand for infusion of new life on the board of sea lords at Whitehall.

Since the government apparently recognized the force of these criticisms, Admiral Jellicoe's appointment as first sea lord is the logical result. Sir David Beatty's promotion to the command of the grand fleet gives the government's answer to criticisms, mostly from abroad, that he showed weakness in the way he threw his battle cruiser squadrons into the Jutland fight.

Admiral Sir Henry Jackson obtains an honorable and comfortable post. Thus four important figures formerly in control of the navy have passed from Whitehall since the war began. These are Prince Louis Battenberg, Baron Fisher and Admiral Jackson, all of whom were first sea lords, and Winston Spencer Churchill, who was first lord of the admiralty.

Apparently Mr. Balfour retains his office as first lord of the admiralty through it all, although some of the same newspapers which called for Churchill's retirement have been turning their guns upon him, but from a different angle. They considered Churchill too impetuous and disposed to interfere with matters of strategy, while they considered Mr. Balfour too slow and conservative.

In being appointed first sea lord, Admiral Jellicoe succeeds Admiral Sir Henry Bradwardine Jackson, who had held that post since May, 1915, when he took the place vacated by Lord Fisher.

THREATEN STRIKE ON THE NASHVILLE ROAD

NASHVILLE, Tenn., Dec. 1.—The services of the federal board of mediation and conciliation were asked for last night by President Peyton of Nashville, Chattanooga & St. Louis railway, to adjust a controversy with the road's employees, which already has resulted in the brotherhood members voting overwhelmingly in favor of a strike. Brotherhood officials did not join in the request for mediation, but indicated that they would not oppose it.

President Peyton's request was telegraphed to Judge W. L. Chambers of the board, who replied that immediate steps would be taken to begin mediation proceedings. The employees contend that they are not given proper opportunity to take up grievances against the company through brotherhood officials, but are compelled to act individually in their negotiations with their employers.

The appeal for federal mediation followed a long and acrimonious communications between President Peyton and the brotherhood leaders. The latter notified the road early in the afternoon that more than 90 per cent. of the brotherhood members had voted to strike and added that if a satisfactory reply were not forthcoming by 8 p. m., they were prepared to put into effect the wishes of their men. To this President Peyton replied by proposing to submit the whole controversy to mediation.

STOKERS IN RIOT ON HONOLULU DOCK

HONOLULU, Dec. 1.—Twenty-five stokers from the liner Makura rioted on the docks here yesterday, prior to the steamer's departure for Sydney, N. S. W. Several of the Makura's sailors and a number of Honolulu policemen were injured while endeavoring to stop the battle and herd the rioters on board their ship.

As the Makura left the wharf the rioters started to bombard the people on the dock with bottles and to employ a soldier doing duty as an immigration guard fired several shots in the direction of the departing steamer.

Seven members of the crew of the Japanese steamer Gozan Maru, which put in here last night on account of an attack made by the office by the rioters, were arrested yesterday and charged with mutiny on the high seas.

frequent mention in his asides to the clergy. Sunday, however, accepted the challenge, and showed Boston he could make up in self-generated force the inspiration that he always receives from a capacity crowd, and the relatively large number who "fill the trail" immediately after the invitations had been extended is a fair index to the vigor that the evangelist was able to put into his plan for Thanksgiving day acceptance of the plan of salvation he has so resolutely preached.

Here are some extracts from yesterday's sermons:

"There are some men who have held their hands in their pockets so long they can't get them out in time to put money in the collection basket."

"You can't expect to hold cards and then be able to hold your Bibles."

"There are plenty of hoobs in America who think they can save themselves from hell by reading good books. They generally find inspiration in the bottom of a mug of beer."

"Counting your blessings is like counting the office seekers immediately after election."

"If you don't thank God for sleep, you ought to be kept awake for a month."

"Don't sing: 'Till God Where You Want Me to Go, Dear Lord,' and then go to sleep, or go to the devil."

"It's part of your religion to take care of your bodies."

"Many preachers need their cushions upholstered oftener than they have to get their shoes half-soled."

REFORMATORY INMATES WERE FEASTED

The 525 prisoners at the Massachusetts reformatory at Concord Junction had a holiday yesterday to celebrate Thanksgiving. After breakfast they had the liberty of the yard for about an hour. They all assembled in the chapel for moving pictures and short sketches and notes by the prisoners. At noon they had dinner of roast turkey, mashed potato, bread, apple and mince pies and coffee. Each prisoner received a bag containing bananas, oranges, cakes and nuts to be eaten during the afternoon in the cells. The entertainment was arranged under the direction of acting Superintendent De Deputy P. W. Allen, and prison chaplain, the Rev. Robert Walker.

HALLOWELL, Me., Dec. 1.—Ray E. Chadbourne, for several years engaged in Maine newspaper work, committed suicide at his home here yesterday, by hanging. Despondency caused by ill health is supposed to have been responsible for the deed. He was 29 years of age and unmarried.

TO WORK 8 HOURS

CHICAGO, Dec. 1.—Chicago clothing workers, heretofore paid on a 54-hour weekly wage scale, will be paid the same wages for 48 hours work beginning today. Jacob Abt, president of the Chicago Wholesale Clothiers' association, announced. Time and a half will be paid for overtime instead of straight wage. Mr. Abt asserted that today's reduction in working time means that more than \$1,000,000 additional yearly will be paid to employees.

SAUNDERS' MARKET

BOSTON, Dec. 1.—Payson Smith, commissioner of education in this state, today coupled with a reference to trade unions the statement that "teachers must have a medium for giving expression to their economic needs." He was addressing the Massachusetts teachers' association at its annual meeting, and added: "If they can't find such a medium in an association of this kind, then it must be of the other sort."

He criticized the teachers for not sustaining the association more strongly and urged that the organization consider salary increases, pensions and other economic problems affecting teachers.

AGAINST THE HIGH COST OF LIVING

NEW YORK, Dec. 1.—The campaign against the high cost of living entered another stage today when the presidents of nearly a score of retail grocery associations and representatives of several delicatessen associations met with Joseph Hartigan, commissioner of weights and measures, and secretary of Mayor Mitchell's food committee to consider remedial measures.

Mr. Hartigan was prepared to place before the representatives statistics relative to foodstuffs and to the methods of the so-called cold storage trust.

A series of boycotts on poultry, butter and other foodstuffs similar to that now in force on eggs, is proposed, the boycott to begin Dec. 12 when the egg ban will have run two weeks. The wholesale price of eggs has dropped from three to four cents a dozen on all grades since the inception of the boycott.

FIREMEN'S BALL AND CONCERT BIG SUCCESS

Attended by nearly 2000 people, the concert and ball of the Lowell Firemen's Fund association, held Wednesday evening in the state armory in Westford street, proved one of the most brilliant and successful social events of the season. The proceeds of the event will go toward the fund of the association, which will undoubtedly receive a substantial boost.

Both in point of numbers and sociability the 1916 Thanksgiving eve party of the Lowell firemen will go down in the annals of the association as the best of the many successes connected to date. The spacious floor was crowded with merry dancers and all were treated to an evening of rare pleasure.

Between 8 and 9 o'clock the following musical program was presented by the Lowell firemen's orchestra:

Blau-Weiss March..... Schmidt
Concert Waltz—Wedding of the Winds
Xylophone Solo..... Selected
Selection—The Only Girl..... Herbert
Overture—Light Cavalry..... Suppe
As the clocks of the city were tolling 9 the grand march started. It was led by Floor Marshal John J. Murphy and Miss Alice Welton. General Manager Chief Edward F. Saunders and Mrs. Saunders, Commissioner Newell E. Putnam and Miss Madeline Sullivan, and hundreds of other couples. The march was a pretty event and was one of the features of the evening. Following the march dancing was enjoyed until 2 o'clock. The firemen attended in their party uniforms and made a neat appearance. Not a fire alarm was sounded during the ball to mar the pleasantness of the affair.

The armory never looked prettier. The decorations were elaborate and beautiful and attracted much attention. The officers and committees in charge of the affair were:

General manager, Edward F. Saunders.
Assistant, District Chief James C. Sullivan.
Floor director, John J. Murphy.
Assistant, George A. Crawford.
Chairman, George H. McDermott, Joseph L. Crowe, John J. Bluckard, F. Conway, Charles Crowley, John J. Wholey.
Aids, members of the department.
Reception committee, Chief E. F. Saunders, chairman; Commissioner of Fire Department Newell E. Putnam, District Chief James C. Sullivan, District Chief Daniel H. Crowley, Charles E. Alway, ex-Chief Edward S. Hosmer, the captains and lieutenants of the several companies of the department.
Committee on arrangements: J. W. Jantzen, chairman; C. E. Alway, A. B. Strout, J. J. Flynn, F. R. Turner, McLaummon, P. J. Mooney, J. J. Murphy, W. J. Lane, J. P. Convery, F. A. Kappeler, D. Laferriere, M. P. McNally, J. L. Crowe, Major Wright, G. W. Alcott, C. H. McDermott, G. E. Schofield.

ATTLEBORO GIRL AND BOY KILLED ON HOLIDAY

ATTLEBORO, December 1.—Hunting claimed two victims in this city yesterday, a 17-year-old boy and a 10-year-old girl, both of whom were accidentally shot and almost instantly killed.

The victims were:

George Brask, son of Mr. and Mrs. Arvid Brask of Twelfth street.
Viola Jewett, daughter of Mr. and Mrs. Joseph Jewett of Bishop street.

The Jewett girl was shot by her cousin, Frank Gendola, 16 years old. Brask was shot by one of several companions while hunting for rabbits along the shore of Manchester's pond. The police made no arrests in either case.

TWO SISTERS SHOT
VAN WERT, O., Dec. 1.—Margaret Morris, 16 years of age and her sister Gwendolyn, 18, were shot by a rabbit hunter while returning to their home at Vendora near here. Late yesterday, when the automobile in which the girls were riding with Elliot Morris, their brother and Albert Uhl, hit and killed a hunting dog.

Wilbur Miller and Sam Miller, brothers, were arrested on a charge of attempting to kill. Wilbur Miller is said to have fired two charges of buckshot at the passing automobile, the girls in the rear seat being hit. The Morrisses are children of D. C. Morris, former representative in the Ohio legislature.

CRUISERS DROP STATE NAMES
SAN DIEGO, Cal., Dec. 1.—Three armored cruisers of the Pacific fleet and one of the Atlantic fleet will be known by new names after today, in conformity with a recent order of the navy department.

The cruiser Maryland, en route to this port from Guaymas, Mexico, will be known henceforth as the Frederick; the Colorado, due here from Bremerton, Wash., will be the Pueblo, and the West Virginia, now at Salina

Cruz, Mexico, will be the Huntington. The cruiser Washington, at Norfolk, Va., will be renamed the Seattle.

The state names of these vessels will be given to the superdreadnoughts now under construction or authorized, it is said.

TWO POLICEMEN SHOT IN PISTOL DUEL

PROVIDENCE, Dec. 1.—Police inspectors yesterday scored the city for two undisciplined men who wounded Patrolmen Daniel F. Barry and Peter R. Garrett of the Third precinct in a pistol duel on the Point street bridge. A woman who accompanied the two men in a charge of drunkenness pending an investigation, and gives her name as Lottie Spencer, with several addresses.

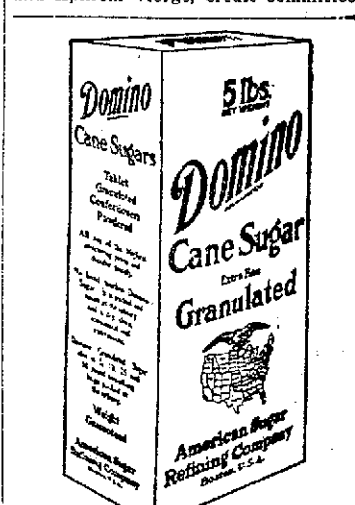

TOTAL BRITISH LOSSES FOR NOVEMBER 74,650

LONDON, Dec. 1.—British casualties in the month of November, as reported from all fronts, were 74,650. Of the total, 25,1 of the casualties were among officers and 72,539 men.

There was a marked falling off in the November losses as compared with recent months, probably owing to the slowing down of the Somme campaign on account of bad weather. The average daily loss in October was 3452, compared with 2483 in November.

RUMANIA BROKE PROMISE BY JOINING WAR

BERLIN, Dec. 1, by wireless to Sayville.—A despatch from Sofia says that Premier Radoslawoff has made sensational disclosures in the Bulgarian parliament. "The Rumanian government," he declared, "has decided to remain neutral until the end of the European war. But it was soon evident Rumania had changed its mind. Toward the end of August the Rumanian minister to Bulgaria, G. C. Demass, who had been sent from Sofia returned and spread the report that the Rumanian government, in order to further good relations with Bulgaria, was ready to give back Dobruja if Bulgaria would observe neutrality in case of war between Austria-Hungary and Rumania. The Bulgarian government was not deceived by this treacherous behavior. Premier Radoslawoff refused to grant an audience to the Rumanian minister."

"Speaking of the expulsion of the ministers of the central powers from Athens by the French Vice Admiral du Pourcet, Premier Radoslawoff said good relations continued with the lawful government of King Constantine. The Greek government, he said, had no power to prevent this violation of international law."

Premier Radoslawoff expressed the hope that in a short time the (Teutonic) allied governments would communicate good news to their parliaments, which would be applauded by all the allied nations."

J. D. ARCHBOLD, HEAD OF STANDARD OIL, ILL

TARRYTOWN, N. Y., Dec. 1.—John D. Archbold, president of the Standard Oil Co. of New Jersey, who is seriously ill at his home here, following an operation a week ago for appendicitis, passed a comfortable night, it was said today by a member of the family. He had a slight rally last night about 11 o'clock, and seemed better since then, it was stated.

The improvement was attributed to the good effects of a blood transfusion operation performed yesterday, blood being given for the purpose by Mr. Archbold's chauffeur, who was chosen after several others who volunteered were eliminated by blood tests.

IMPROVEMENT IN RAILS

NEW YORK, Dec. 1.—Utilities commanded increased attention in the afternoon, Ohio Gas extending its gain to 11 1/2 with an extreme advance of 5 points for Montana Power, and 2 1/2 for Columbia Gas. Low priced rails and metals recorded further improvement.

DECLARES N. H. DEMOCRATS ELECTED

CONCORD, N. H., Dec. 1.—The governor and council today issued a formal declaration of the election of the democratic candidates for presidential electors, following a canvass of the presidential vote of the state made in accordance with law. A recount of the vote under the direction of the secretary of state is scheduled to begin Monday, Dec. 4.

CZAR'S \$80,000,000 ON WAY TO MORGAN

TREASURE FROM PETROGRAD
ARRIVES AT SAN FRANCISCO—
\$32,000,000 IN GOLD

SAN FRANCISCO, Dec. 1.—Gold, together with Russian and United States securities to the value of \$80,000,000, which arrived here on the Japanese liner Shinyo Maru, consigned direct from Petrograd to J. P. Morgan & Co., New York, was forwarded east yesterday. Of this, \$32,000,000 was in actual gold.

The big transfer from the Russian capital to New York explains why three prominent Russians of the bureau of finance of the Russian ministry of foreign affairs also arrived on the Shinyo Maru and proceeded east on the train carrying the treasure. It is said Russia has spent more than \$860,000,000 in the United States during the last twenty-five months for war munitions and railroad supplies.

NEW YORK, Dec. 1.—Thomas W. Lamont of J. P. Morgan & Co., when told last evening of the arrival of the big shipment of gold and securities at San Francisco, said:

"We cannot confirm the precise amount of the gold and securities on board the ship. We have known for some time, however, that the shipment was on its way from Petrograd. The shipment, it is believed in financial circles here, is the forerunner of other imports of gold and probably securities from Russia and is part of a large fund which the allies are mobilizing in this country to finance their purchase of war munitions. Although it is the first big shipment of gold bullion that has come here from Russia in such a manner, England and France, which held large accounts for Russia, have been forwarding gold here for the credit of the Russian government. The Russian minister of finance, the French finance minister and the chancellor of the exchequer of England,

have been working in harmony and have been co-operating with one another in the financing here of the allies' war contracts.

It was said last night that a great deal more gold would pour into this country from Canada, England, Australia, New Zealand, Russia, France, and other parts of the world. There was a rumor several weeks ago that Russia alone would ship more than \$100,000,000 to America within a short time.

WILSON INVITES BRYAN TO LUNCHEON DEC. 6

DEMOCRATS HONOR BRYAN TO
NIGHT—DINNER IN HONOR OF
VANCE MCCORMICK DEC. 7

WASHINGTON, Dec. 1.—President Wilson today invited William J. Bryan to take luncheon with him Dec. 6. Mr. Bryan is to attend a dinner here that evening given in his honor by democratic members of the senate and house. The president has been invited, but has not yet accepted.

Mr. Bryan came here today and attended a luncheon given in his honor by Secretary Daniels. The usual Friday cabinet meeting was cancelled to permit cabinet members and Secretary Tamm to attend.

Invitations have been sent out by the president for a dinner Dec. 7 at the White House in honor of Vance C. McCormick, chairman of the democratic national committee. Members of the democratic campaign committee and of the associate campaign committee of progressives have been invited. The dinner will be in the nature of a celebration of the recent democratic victory.

GERMANY WILL GO DARK TO SAVE COAL

BERLIN, by wireless, Dec. 1.—The question of Germany's coal supply is widely discussed in the newspapers. The German mines are providing coal for railroad service to a much greater extent than in peace time, as a large number of German railway cars are now operated outside of the country, in Poland, the Balkans and other territory within the hands of the central powers. The consumption of coal is increased by the fact that now no German locomotives or trains are idle because German industries are busy to their utmost capacity.

To permit this increased use of coal on the railways and in the industries it has been proposed to limit its use for purposes of public amusement and luxurious living.

Prohibition of the use of electric signs and other forms of illuminated advertising, restrictions of lighting for show windows and the interiors of shops, limitation of street railway and elevated traffic and an early closing ordinance for business establishments, restaurants, hotels, theatres and moving picture shows are in prospect as part of the campaign to reduce the consumption of fuel and employment of labor to which the government is now energetically lending its attention. These measures have been discussed by the ministry of the interior and representatives of the federated states, and according to the afternoon papers have been approved in principle.

The lighting of show windows will be permitted only so far as it serves for interior lighting, which will be restricted to half the usual amount in some cases. Although no definite decision has been reached regarding hours of closing, it is probable business establishments other than groceries, butcher shops and other food distributors will be closed at 7 p. m. and theatres and restaurants at 10 p. m. The people also will be urged to restrict lighting in their homes.

"IMAGINARY GERMAN LOSSES"

BERLIN (by wireless), Dec. 1.—Military operations on the French front, virtually having reached a standstill, the newspapers of the entente nations once more have begun to publish imaginary figures about German losses, which always loom up as soon as no successful fighting can be reported or constructed," says the Overseas News agency.

"English and French newspapers in this case always follow the same method," adds the news agency.

"First they publish German losses during the last months and then for three months, and so on until finally they publish the total figure of the whole period of the offensive in order thus to create in neutral countries an impression of increasing German losses."

NO-LICENSE MEETINGS

The first of a series of no-license meetings to be held under the auspices of the Lowell no-license committee will take place tomorrow evening. There will be speaking at city hall at 7:30

o'clock and at Jackson street at 8 o'clock. Mr. McNamara, who has been in this city in the interest of no-license for several months, will be one of the speakers.

Another conference will be held tomorrow in the effort of the Lowell no-license committee to secure "Billy" Sunday's consent to come to Lowell. Mr. McNamara states that there is still some hope left of securing the evangelist for an engagement in Lowell and he will go to Boston tomorrow with this in view.

BOXING, GOLF
AND ATHLETICSLAWRENCE HIGH HOLDS
LOWELL TO TIE SCORE

Lowell high received a big surprise in its annual football game with Lawrence at Spaulding park yesterday morning, when after four periods of slipping and sliding on a muddy field, the result showed a scoreless tie. The tie secured by Lawrence after 45 minutes of hard fighting was considered almost as good as a victory, for judging from the season's records of the teams, Lowell was a 2 to 1 favorite at the start.

Fully 2000 fans attended the game in spite of the rain which soaked the playing field and grounds. A good many of the fans stood on the side lines or in the bleachers and remained in the open throughout the game, while the rain came down in torrents. Lawrence sent a large delegation and the followers of the downriver team were completely satisfied with the tie which their team obtained. Their cheering squad was very conspicuous and passed many cheers with the Lowell rooters, who also turned out splendidly. Had the weather been more favorable, between 3000 and 4000 would have witnessed the game. The Sixth regiment band accompanied the Lowell cheering section between the periods.

The result of the game was a great disappointment from a Lowell viewpoint. Picked as a stronger team both collectively and individually, there seemed no reason why Lowell should not have won. Lawrence boasted of no stars of the Liston and Lynch type and its work all season brought home but two victories. All season, the Lawrence defense has been knocked to pieces by eleven that Lowell has found easy, but yesterday the local boys failed to make any impression with their attack and Lawrence held well. Lowell outplayed Lawrence at all times, however. The local team carried the ball with more success and showed better teamwork. But all the time Coach Sidley's charges were fighting to add a better team from scoring and for doing this they deserve much credit. They fought hard in every play and while on one or two occasions the Lowell backs broke

through the line for good gains, the Lawrence boys never weakened to any extent.

Lawrence did very little good rushing, but directed all her work to holding Lowell in check. With one or two exceptions, the defense was as strong as any that Lowell has battled against all season. The only time that Lawrence made any threat to score was in the third period, when the ball was carried to Lowell's 20-yard line. A field goal was attempted, but failed. Lowell reached Lawrence's 12-yard line and then attempted a forward pass which proved a failure.

Line plunging and end runs were resorted to chiefly. The end runs brought Lowell more gains. There was considerable punting and Lowell tried three forward passes. Capt. Liston contributed a couple of pretty plays, but the men were not there to complete them.

Lowell played a new quarterback, Vaughn. Heathcock, the regular quarterback, and Haywood, the substitute, were both forced out of the game in consequence of a protest registered by Lawrence earlier in the week. The downriver school authorities presented evidence to show that both men were over the age limit and hence their absence from the game. The withdrawal of both men handicapped Lowell probably more than any other position would have. Vaughn was new to the game and at times seemed unfamiliar with the signals. Both Heathcock and Haywood are said to be over 20 years of age.

Captain Liston was the real star of the game. Handicapped by the absence of an experienced quarterback to direct the plays, Liston worked hard and played a strong game. He made two or three long runs and his defensive work was a big factor in the game. Arthur Lynch, the fullback, was affected by the slippery field, and his great plunges that were so conspicuous in past games were scattered yesterday. Dacey made several good tackles and Hunter played a very useful left halfback, was strong in a fast game on the other end. There were many weak spots in the Lowell line, and the Lawrence backs took advantage of the holes.

Quarterback Hooper played a brilliant game for Lawrence. Kennedy, a powerful left halfback, was strong at times, while Cann played a great defensive game.

There were several fumbles but not as many as would be expected on such a wet day. Neither team was able to handle punts or forward passes. The kicking was also affected by the wet ball.

Four 12-minute periods were played. At the end of the first half Lowell had the ball on Lawrence's 18-yard line after two great rushes by Liston and Lynch. At this point it looked like Lowell score but the whistle blew and the third period opened with Lawrence.

INDIANS VS. FORT STRONG

The football game between the Indians and Fort Strong scheduled for yesterday was postponed on account of the rain until tomorrow. The contest will be played at Spaulding park and tickets bought for yesterday will be accepted at the gate. Both teams are in good condition and an exciting game is expected.

RICKENBACHER WINS
LOS ANGELES, Cal., Dec. 1.—Eddie Rickenbacher won the 150-mile championship award sweepstakes race yesterday on the one-mile paved Ascot Speedway. The final event in the American Automobile association's contest for \$12,500 in prizes and the title of "champion driver of America." Rickenbacher's time was 2:13.12.

The title has already been won by Dario Resta.

Cooper was second, Pullen third and Bucknell fourth. Cooper ran out of gasoline half a mile from the finish but coasted to the tape.

WHITE WAYS TIED WITH
KIMBALL SYSTEM

This week's standing in the City Bowling league shows the White Ways again tied with the Kimball system team for first place. The Crescents and Newton Mfg. Co. teams are having a close fight for third place while the head of the "first division" position is being fought for by Carr's, the Highland and the Jewels. All teams are tied. Boyd's quintet has a good grip on the cellar hole. Martel has a three pin lead for individual bowlers. Mitchell, Devlin and Kelly are bunched together in the order named.

CORNELL IS BEATEN BY
PENN. 23 TO 3

PHILADELPHIA, Penn., Dec. 1.—Three melancholy years of defeat were averaged yesterday afternoon when Pennsylvania defeated Cornell by the score of 23 to 3 in a game that revealed the Red and Blue eleven as one of the very best in the country.

Cornell's good team was totally outshined by the warriors of the Red and Blue. Confidently the big Red team went down to a defeat, but was in no way disgraced.

Cornell played a team that was far better in every sense of the word in every department. Man for man, both in the backfield and in the line, Pennsylvania was superior. Despite the overwhelming score, the game, the 24th between the institutions, was hotly fought all the way. Pennsylvania played Cornell off its feet and won by sheer merit.

HAVERHILL HIGH WINS
THE COUNTY TITLE

HAVERHILL, Dec. 1.—Haverhill high eleven captured the Essex county's championship by defeating St. John's Prep 14 to 6 yesterday before a crowd of 5000 spectators at the stadium. The team will play Haverhill Wednesday to help settle state honors.

In the first three minutes of play Haverhill crossed the Danvers' goal line, following scoring of a 25-yard run. St. John's tied the score in the same period, when Hayes shot a forward pass to St. John's. St. John's had the ball on Haverhill's six-yard line in the third period, but lost the ball on downs. On a fake kick (Hayes) went through the Danvers' line for 20 yds. St. John's was backed to its own goal in the last quarter and Capt. Pearson of Haverhill went over for another score.

COLGATE WINS OVER
BROWN, 28 TO 0

PROVIDENCE, Dec. 1.—Brown's championship aspirations were washed away yesterday, the deluge reading 28 to 0. They ran afoul of a tartar in their title cruise, and all the blame is on Colgate. The wreck was so complete that there was not even a rainbow of good play left to keep hope entering in any Brownian's heart. Brown was drenched, swamped, outplayed and outgamed by Louis Bankard's cohorts till there was nothing left but a team of bruised bodies, toppling pride and sand-soaked molasses. Bear meat was unmercifully crunched and ground under Colgate's cleated feet yesterday.

More than 5000 football fans who thought to whet their Thanksgiving appetites with another success for Brown braved the rain to see the downfall of their idols. It was a day for weeping. Even the heavens wept and so copiously did tears fall that what had been a misty downpour through the first half of the tragedy became a torrent in the second, continuing throughout the time of play.

ROBSON KNOCKS
OUT GEORGE
RIVET

Tommy Robson, the Brooklyn welterweight, made short work of George Rivet, the welterweight champion of Canada, before the members of the Unity Cycle club of Lawrence last evening, stopping the champ in a little more than a round and a half.

Rivet got in a few harmless jabs in the first session, but Robson took them with a smile, countering with a left hook to the head. The Brooklyn man would feint Rivet into a lead, step away and come back quickly with a left jab which Rivet could not dodge.

In the fatal second Robson backed to the ropes with Rivet following. Suddenly Robson let fly his right, which

landed on Rivet's jaw and Rivet went down. He arose at the count of eight, only to fall over again while Referee Wagner tolled off 10 counts.

A large Lowell delegation took in the mill and was a mighty disappointed crowd after the battle. The first preliminary ended in five rounds, while in the second Jack Williams gave Dick Nelson so bad an eye in the first round that Nelson was unable to continue. There were but eight rounds of fighting all evening.

CHAMPION SKATER IN
FINE EXHIBITIONS

BILLY CARPENTER ENTERTAINED
LARGE CROWDS AT THE ROLL-AWAY

Billy Carpenter, the world's champion fancy and trick roller skater, who formerly resided in this city, but who has been away from here for ten years, came back yesterday and gave a remarkable exhibition of his ability at the Rollaway rink on Hurd street. He appeared in the afternoon and also in the evening and at both performances large crowds were on hand to greet him. That his work was greatly enjoyed by all present was indicated by the applause accorded him.

When Carpenter left Lowell, he was an ordinary skater, and those in the crowd who remembered him then marveled at the manner in which he executed the many difficult tricks yesterday. He went at his work with a vim, and during the entire time that he was on the floor, he held the close attention of all. While all his stunts were pulled off in a sensational manner, his spinning turn was the big feature. Carpenter holds the world's spinning record of seven minutes, and when this number was announced all eyes were turned to him. The rink manager had announced that he would award a \$250 gold piece to the person who gave the nearest correct estimate of the time that he would spin.

In the afternoon Carpenter, whirled around for two minutes and seven seconds, while in the evening he did 3 minutes 11 seconds. As each person, who visited the rink or the bowling alleys during the day was given a slip, which entitled the bearer to a guess, all were not inspected in time for an announcement last night. Tonight, however, when Carpenter again appeared in his skating stunts the winner of last night's prize will be announced. A prize will also be offered for tonight and tomorrow night.

As an added attraction for tomorrow night the champion will endeavor to break his record by spinning for seven minutes. The odds for a ten-minute rest after his regular act, and then he will re-appear on the floor in an attempt to set up a new mark. Tomorrow afternoon Carpenter will perform at 3.30, while his evening performance will be given at 8 o'clock. The admission price is 10 cents with regular skating before and after the exhibition.

HOLIDAY BOUTS

JOE CONNELLY WON FROM TOMMY McFARLAND IN BOSTON—JOHNNY DUNDIE LICKED

BOSTON, Dec. 1.—Joe Connelly, Charlestown, earned the decision over Tommy McFarland of the North End after 12 rounds as check full of battling, before a crowded house at the Commercial A. C. yesterday afternoon. Connelly earned the verdict, but was forced to travel his speediest to win.

In one of the 10-rounders Joe Rivers defeated Billy Casey and in the other Johnny Downes earned the award over Young Bushe.

WALLACE SHADES DUNDIE
NEW YORK, Dec. 1.—In a fast 10-round bout in Brooklyn yesterday Eddie Wallace shaded Johnny Dundie. Wallace knocked Dundie down for a count of two in the fourth round and Dundie sent his opponent staggering to the ropes in the ninth. Wallace weighed 125½ and Dundie 125¾ lbs.

Bob Moha toyed with Bartley Madden at the Pioneer Sporting club yesterday afternoon. Moha landed at pleasure, but did not seem to try very hard.

Instead of boxing Gunboat Smith at the Clermont S. C. yesterday, Billy Mike of St. Paul went home. He ran away because the boxing commission ordered him to fulfill his contract with the Broadway Sporting club with boxing elsewhere, which he refused to do.

MAKES GLOVER QUIT

BANGOR, Me., Dec. 1.—Battling Downey of Boston forced Johnny Glover of Rumford to quit in the third round of what was scheduled as two six-round bouts. Downey had a slight advantage over Glover, whom he kept on the defensive until the middle of the last round, when the Rumford boy admitted he had had enough. Glover had blood poisoning in the little finger of his right hand and was in no condition to enter the ring. He put up a good battle under the conditions.

HENIGAN WON RACE

NEW YORK, Dec. 1.—On the Steinway, L. L. course, which measures about 20 yards over six miles, James Henigan, Dorchester club, Boston, won the National Amateur Athletic Union junior cross country championship run yesterday. The team championship went to the Dorchester club. The winner's time, 30:51 2-5 is a record for this course.

BRITT BEATS GOODNEY
GLOUCESTER, Dec. 1.—Frankie ("Young") Britt of New Bedford, who claims the New England featherweight championship, stopped Joe Goodney, New York, in the seventh round of a scheduled 12-round bout here yesterday.

Plant Juice Has
Surely Cured Me

Sensational Testimonial Given the
Plant Juice Man at Dows'
Merrimack Square Store

One is not required to take Plant Juice, the new herbal stomach remedy, for weeks and months before he receives any benefit. In order to convince the skeptical people immediately, the formula is so constructed as

CHARLES P. LESLIE

to give almost instant relief, thereby saving the sufferer the necessary confidence. He will then continue the use of Plant Juice until he has fully recovered his health. To those "skeptical" individuals who want to be "shown," the following signed statement from Mr. Charles Leslie, of Billerica Centre, Mass., will be of interest. Mr. Leslie is a well known business man of that town, and has many friends and acquaintances in this city. He said:

"For 26 years I have been troubled with my stomach, which felt as if it were being twisted with a vise, and I would be in a perspiration from pain and weakness. I could not keep anything solid in my stomach, as it would ferment and form gas, and I would be in agony afterward. I had terrible headaches, dizzy spells, could not sleep at night, and was all bloated with gas, which pressed on my heart, and caused constant pain. I got so weak that I did not care whether I worked or not. I had severe pains in my back, the muscles in my limbs were stiff and sore, and my entire body ached. I heard so much about Plant Juice that I got a bottle to try it, although I had not much faith in any medicine. Now I am thankful to say that I can eat anything, I sleep well, and have no more aches or pains, and feel considerably better. I have been able to do my work in fact, feel completely cured, and am able to enjoy all of my meals now without suffering afterward. I am glad to give this endorsement for Plant Juice."

The Plant Juice Man is at Dows', the druggists, in Merrimack Square, where he is taking a course in the local public, and introducing and explaining the merits of this remedy. On Saturday he will remain at the store until 10 p. m. to meet those who are unable to call during the day.

GERMANY IS READY FOR PEACE SAYS CHANCELLOR

BERLIN, Dec. 1, by wireless to Sayville.—In his address to the reichstag, in introducing the "man power bill," Chancellor von Bethmann-Hollweg again announced that Germany was ready to end the war by a peace guaranteeing the existence and future of the nation.

Chancellor von Bethmann-Hollweg made his address in connection with the military situation and the purpose of the bill. It was the chancellor's 60th birthday, and his desk was decorated with chrysanthemums.

Pots Blame on Allies

"The war continues, with its destructive forces," the chancellor said.

TO REMOVE DANDRUFF

Get a 35-cent bottle of Danderine at any drug store, pour a little into your hand and rub well into the scalp with the finger tips. By morning most, if not all, of this awful scurf will have disappeared. Two or three applications will destroy every bit of dandruff, stop scalp itching and falling hair.

NO STOMACH PAIN, GAS, INDIGESTION IN FIVE MINUTES

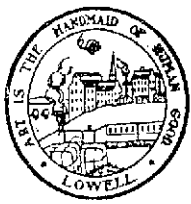

"Pape's Diapiesin" is the only real stomach regulator known.

"Really does" put bad stomachs in order. "Really does" overcome indigestion, dyspepsia, gas, heartburn and sourness in five minutes—that's just that—makes Pape's Diapiesin the largest selling stomach regulator in the world. If what you eat ferments into stubborn lumps, you belch gas and eructate sour, undigested food and acid, head is dizzy and aches; breath foul; tongue coated; your insides filled with bile and indigestible waste, remember the moment "Pape's Diapiesin" comes in contact with the stomach all such distress vanishes. It's truly astonishing—almost marvelous, and the joy is its harmlessness.

A large fifty-cent case of Pape's Diapiesin will give you a hundred dollars' worth of satisfaction or your druggist hands you your money back.

It's worth its weight in gold to men and women who can't get their stomachs regulated. It belongs in your home—should always be kept handy in case of a sick, sour, upset stomach during the day or at night. It's the quickest, surest and most harmless stomach regulator in the world.

BIDS

NEW HIGH SCHOOL

Sealed bids will be received, from local contractors only, at the office of the Commissioner of Public Property and Licenses in City Hall on Thursday, December 28, 1916, at 2 o'clock p. m., for the construction of a High School building for the City of Lowell, to join the present High School building located on Kirk, Anne and French streets, Lowell, Mass.

The work will be let in seven separate contracts as provided for under the general conditions of the call attached to the specifications.

Plans and specifications for the work have been prepared by Henry L. Rourke, architect, and may now be seen at the office of the Commissioner at City Hall and at the office of the architect, Room 525, Hildreth Building, Lowell, Mass.

The Municipal Council reserves the right to reject any or all bids or to accept the bid or bids which seem for the best interest of the City of Lowell.

THE FRENCH MAID SAYS

YOUR GUEST'S COMFORT

"Where I visited for the week end last week they had some crackers in each guest room for sleepless or hungry people," remarked Marjorie. "I think it is an awfully nice custom, don't you Marie?" she concluded.

"I approve of it thoroughly," replied Marie. "No guest room I think is completely furnished unless there are some crackers handy for the retreating guests. Did you ever wake up in a strange room, perhaps in a strange land, and toss with restlessness and perhaps nervousness? And did you ever think if you had something to eat you could go right to sleep again?"

"It is a scientific fact that hunger often causes wakefulness and that a little food will overcome it. So it is nice to see that a box of biscuit or

something to nibble is within easy reach of the bed in your guest chamber. Then no hungry stranger will have to lie awake for the sake of a morsel to eat at midnight.

"Of course the sleep producing biscuit must be so arranged that it will retain all of its freshness. A tin box is the best receptacle for it, for tin keeps crackers and biscuit crisp and fresh in spite of much dampness in the air.

"If the guest room is hung with chintz, make a chintz cover for the biscuit box, or else cover some convenient tin box with chintz and transfer the biscuit to this. The chintz can be put on by means of a few stitches and some substantial glue.

There are many pretty tin boxes for sale at novelty shops, lacquered boxes or painted ones with bright gay figures on them. They are sometimes called cracker boxes, but they are equally good for the guest room biscuit or crackers."

THE LINEN CLOSET

"I wish I could get father to make me a linen closet," said Marjorie. "He has promised several times but when he gets home at night he is always too tired to begin it."

"The fresh clean scent of lavender, the daintily laundered linen and the unending pleasure that every woman feels in a complete and convenient closet, should be inducement enough to a masculine member of a family to persuade him to get to work and build one," was Marie's outspoken opinion.

"The matron of some years is no less enthusiastic over good house linen, but many women would take more pleasure in acquiring a closet stored with good linen if they had a suitable closet in which to store it. Keeping bed and table linen in drawers and cupboards, scattered all over the house, is conducive to loss of interest, for one never knows what need replenishing until the fatal day when everything gives out at once.

"It takes a substantial sum to replenish such supplies and it must be done hastily and the joy of adding to one's store week by week, is lost. In every house, no matter how tiny, there is some spot where the husband or father may install such a closet. The lumber it takes is a small amount and the time spent in making it should be so thoroughly appreciated.

"The closet should be quite deep. The shelves at least fifteen inches, and the top one should be kept for blankets, spreads and quilts. Partitions can be made for sheets, pillowcases, towels, tablecloths and napkins, and a special made for doilies, tray cloths and bureau covers.

"The shelves should be white enameled top and bottom. Lavender glycerine, with one thickness of cotton batting liberally sprinkled with lavender flowers, should be tucked up against the back of each partition, and small bunches of dried lavender can be hung from the top shelf. The front of the closet should have a door, but if that is impossible a heavy window

shade will answer every purpose and will give ready access to the shelves.

"The bottom opening should be covered by a door fastened to the floor by hinges so that it can be dropped down and the linen articles easily removed. This bin will be a fine place to store comforters and coverlets."

SENSATIONAL GAMBLING RAID IN NASHUA

NASHUA, N. H., Dec. 1.—The most sensational gambling raid in this city in 25 years was accomplished by the police at 3:30 o'clock yesterday morning, when a dozen young men were captured in a small house on the new Dunstable road, 500 feet from the Massachusetts line and six miles from the city.

They gave these names: Arthur Lawrence, Michael O'Brien, John Sweeney, Frank McLaughlin, Henry Sullivan, August Gray, Patrick Green, Lee A. Chester, John Reno, Randall Allen, Alfred Baraby and George Reynolds. Two or three of the names are fictitious, the police believe, but others are well known locally.

In the municipal court they paid fines and costs amounting to \$18.01 each.

UNION SERVICES IN PROTESTANT CHURCHES

The Eliot Congregational church was the scene yesterday of a union service at which seven Congregational churches were represented, including High Street, Kirk Street, Highland, Trinitarian, Pawtucket and Braintree churches. Rev. A. C. Ferrin read the Thanksgiving proclamation of Governor McCall. The sermon was preached by Rev. William E. English of Kirk Street church on "The Sin of Thoughtlessness."

In all of the Thanksgiving services delivered yesterday the pastors emphasized the reasons for which Americans, individually and as a nation, should feel a special cause for thanksgiving in the present world tumult. Others paid their respect to the pilgrims of old who, with devoted men, entered their places of worship and poured out their thanks to God.

In his sermon on "The Sin of Thoughtlessness," at the union service in the Eliot church, Rev. William E. English said:

"I believe that thoughtfulness is second only to selfishness as the great fault of our day. The reason why there is so little thankfulness among us is because we are not thinking of the many blessings showered upon us."

"As individuals, let us remember that man is a social being. He cannot live a normal life entirely apart from other men. We ought to recognize the fact and be thankful for the companionship of friends. You and I enjoy luxuries that the greatest monarchs of ancient days could not purchase. Great Caesar himself never rode faster than 15 miles an hour. Charlemagne could make things, but there was not a man in his empire who could cure his toothache. Just think of the handicaps under which our ancestors on these shores labored, those men who first established for us the observance of this thanksgiving season! We are not half thankful enough; we are not fair to ourselves and we are not fair to our good fortune. There never was a time in the history of the world when the opportunities for personal advancement and achievement were so great as they are today. If we are not abundantly thankful today, we are either very thoughtless or there is something radically wrong with us. We cannot really af-

ford, for our own real enjoyment of living, for our true success in life, to be thoughtless. The crowning fault of all thoughtlessness is that it makes men count God out of account. It seems so easy for men to forget that God, after all, is the source of all these good things! They forget that the earth is the Lord's and the fullness thereof. They lose sight of him who made the heavens and the earth, the sea and all that in them is. The spirit of accumulation has made us almost mad, and that spirit was born in Rome, and had very little Christianity in it."

Methodist Union Service

Rev. Henry I. Bailey at the union Thanksgiving service of the Methodist Episcopal churches in the Worthen St. M.E. church yesterday morning took for his theme, "Paying Our Debt to God," his text being "What Shall I Render Unto God for All His Benefits?" In his introduction, Mr. Bailey suggested that "Thanksgiving day" might more appropriately be termed "The Autumnal Feast Day," judging by the size of the crowd that usually turns out to the Thanksgiving services in the various churches. He went on to say that we as a nation are losing the grace of gratitude. "We have been so surfeited with material blessings that we have forgotten that it is God who gives us the power to get wealth and we strut around and say my hand and my might have gotten me this gain. We forget that we are the heirs of all the generations that have gone before and act as if we had begun from the beginning and had amassed all our wealth ourselves. We forget, too, our absolute dependence upon God. The material of which our food and drink and comfort are produced all come from God. Let the harvests all over the earth fail for a single twelve-month and the majority of the human race would perish. Let them fall absolutely for three years and the planet would be depopulated. And yet what a pitiable proportion of the inhabitants of the earth ever give God thanks for all these blessings. They are so busy thinking about the things which God sends that they have no time to think of God, and hence do not consider how they are to pay it."

Baptists Hold Service

The Baptist churches of the city held a union service at the Fifth Street Baptist church, yesterday morning. The sermon on "Paying Our Debt to God" was given by Rev. Walter B. Woodbury, pastor of the Worthen Street Baptist church. A special collection for the relief of Belgium was taken up during the service, and there was singing by a male quartet. The attendance was large.

Prayer was offered by Rev. E. A. Trickett, pastor of the Chelmsford Street Baptist church, and there was responsive reading by Rev. C. H. Ellis of Chelmsford. Rev. Asa Reed Dills, pastor of the Calvary Baptist church, offered invocation, and the Scripture was read by Rev. Arthur Crowley, Archibald, pastor of the First Baptist church. Rev. W. S. Jacobs, pastor of the Fifth Street Baptist church, presided.

Another Union Service

Union Thanksgiving services for members of the Primitive Methodist, Presbyterian and Evangelical churches of the city were held yesterday morning, commencing at 10.30 o'clock at the Westminster Presbyterian church in Tyler street. In spite of the discouraging weather, there was a good representation from each of the denominations included. The sermon of the morning was preached by Rev. John Singleton, pastor of the Lawrence St. Primitive Methodist church, and the clergymen who assisted in the services were Rev. N. M. Matthews of the Gosham St. Methodist, Rev. J. M. Craig of the First Presbyterian and Rev. S. A. Jackson of the Westminster Presbyterian churches. The program included congregational singing, a number by the choir, prayers and the reading of the governor's Thanksgiving proclamation.

INCREASE TO \$2,000

NEW YORK, Dec. 1.—An increase in pay of from 35 to 40 per cent. to meet the increased cost of living will be given the 22,000 employees of members of the American Clothing Manufacturers' association, beginning Dec. 18, it was announced here. The advance will represent an increase in wages of \$8,000,000 a year.

GOLDSTEIN IS AGAINST BIRTH CONTROL

FORMER SOCIALIST'S LECTURE
CAMPAIGN IS INDORSED BY
COLONEL ROOSEVELT

BOSTON, Dec. 1.—David Goldstein, former socialist and now one of socialism's bitterest foes, has started out on a campaign against birth control, which he says is a mark of degeneracy. He intends to take the lecture platform against it.

Mr. Goldstein has secured the approval of Colonel Roosevelt. The colonel told Mr. Goldstein he would be glad to be quoted by him in support of marriage and the family.

"Self-control and not birth control is what the people need," said Mr. Goldstein yesterday in discussing the birth-control movement. "The birth-control element call those who oppose their immoral doctrines medievalistic and narrow-minded bigots. Nevertheless reason is on the side of those who oppose this movement and who stand for decency and obedience to God's law to increase and multiply. By teaching the poor the heathen practices of some of the rich they are trying to turn life into one long Deceameronian spree."

THE PEOPLE'S CLUB

At a recent meeting of the People's club the following officers were elected for the ensuing year:

President—Alexander G. Cunneen.

Vice presidents—Mrs. George F. Richardson, Miss N. P. H. Robbins, Mrs. Franklin Nourse and Albert S. Gould.

Directors—Charles F. Young, William E. Badger, Frederic A. Flather, Hugh F. Gillon, Jude C. Wadleigh, Fred A. Tuttle, Joseph Peabody, Miss Anna F. Anderson, Mrs. Carl D. Burt, Miss Ruth Burke, Miss Harriet Corbun, Mrs. Harry P. Graves, Mrs. Meta R. Jefferson and Miss Clara A. Fisher.

Secretary and clerk—Miss Grace A. Wood.

Treasurer—Henry A. Smith.

A CHILD DOESN'T LAUGH AND PLAY IF CONSTIPATED

If Peevish, Feverish and Sick, Give
"California Syrup
of Figs."

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "natural" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the "California Fig Syrup Company."

CARDINAL O'CONNELL IS COMING TO LOWELL

HIS EMINENCE WILL ATTEND
O.M.I. OBSERVANCE AT THE IM-
MACULATE CONCEPTION SUNDAY

At the present time the first centenary of the Oblate order, otherwise known as the Order of Mary Immaculate, is being observed throughout the world with special services, and everywhere the people are responding by attending the churches of the order in large and enthusiastic crowds.

In this city the observance will take the form of a solemn high mass at the Immaculate Conception church at 11 o'clock next Sunday in which all the Oblate parishes of Lowell will have part. Cardinal O'Connell will be present. The celebrant of the mass will be Rev. T. Wade Smith, O.M.I., with Rev. J. H. Rochette of St. Joseph's church as deacon and Rev. John F. Flynn, O.M.I. of the Sacred Heart church as sub-deacon. Rev. Lawrence F. Tighe, O.M.I., will be master of ceremonies and in general charge of the celebration, assisted by Rev. E. J. Fox, O.M.I., Tewksbury.

The sermon on Sunday will be preached by Rev. P. B. Donnelly, O.M.I., of London, England, who has done missionary work for many years and who is one of the most remarkable preachers and lecturers in the order. There will be a notable musical program by an augmented choir, assisted by an orchestra.

The actual centenary of the foundation of the order was November 16. The foundation of this province was in 1850 and in that year the Tewksbury Novitiate was also founded. The scholasticate was established in 1904 and the transfer and dedication of the scholasticate took place on November 16, 1916.

At the present time the Oblate order extends throughout Italy, England, Ireland, Scotland, Wales, Spain, France, Germany, Belgium, Canada, Ontario, Quebec, Manitoba, Alberta, Arkansas, Markensie, British Columbia, Yukon, Keweenaw, and the United States, northern and southern provinces, Ceylon, Africa, Australia, and elsewhere.

The preparatory school—5 year course—is in Bunale at Holy Angels college, the Novitiate of 1 year is in Tewksbury and the school is at Washington, for a 6 year period. An exceptional large number of novices is expected at the Immaculate Conception church next Sunday as a place will be reserved for all the Oblate parishes of Lowell. The regular holders of the church will have the seats nearest the altar reserved for them.

Will Escort Cardinal

His Eminence Cardinal O'Connell will be escorted from the depot in Middlesex street to the Immaculate Conception church by the members of the O.M.I. Cadets, who will wear their regulation West Point uniforms and white gloves. Outside of the church, the Cadets will line up and make a lane through which the cardinal will pass. Preliminary plans were developed at a meeting by the cadets on Thanksgiving eve, and the final instructions will be issued in a meeting of the cadets to be held this evening at 7.15 o'clock. Every cadet is urged to be present tonight in order to receive instructions.

Retreat For Women

The annual retreat for the women of the Immaculate Conception parish will open next Sunday evening, and the sermon will be preached by Rev. P. B. Donnelly, O.M.I., the celebrated preacher who will speak at the centenary services in the morning.

THANKSGIVING AT THE LOCAL INSTITUTIONS

Thanksgiving was observed in an appropriate and happy manner at the various institutions throughout the city, especially at the homes for children and orphanages. Owing to the inclement weather, the outdoor program was interrupted with but excellent entertainment had been arranged which were carried out much to the pleasure of the little ones.

Children's Home

The feature of the program at the Children's Home was the dinner, which consisted of roast turkey, mashed potatoes, squash, boiled onions, cranberry sauce, mince, pumpkin and apple pies, plum pudding, fruit, nuts and candy. The Methodist Episcopal Sunday school of West Chelmsford sent a large automobile full of good things to the home, while the D. L. Page Co. and Smith's pork store each sent large turkeys ready to be served.

Ayer Home

The program at the Ayer Home proved to be a delightful one. It had been arranged to have outdoor games, but owing to the rain the games were played in rooms which had been specially prepared for the occasion. An excellent turkey dinner with all the fixings was served at noon.

Day Nursery

Although the gathering at the Day Nursery was small, nevertheless the day was spent in an enjoyable manner. There are but few children who are permanent residents at the nursery, the majority of them being returned to their homes every night. A chicken dinner with everything that goes with it was served at noon.

St. Peter's Orphanage

Thanksgiving was appropriately observed at St. Peter's orphanage. Early in the morning the children attended a Thanksgiving service in the chapel and at the conclusion of the service indoor games were indulged in. At noon they sat down to an excellent dinner. There was plenty of turkey, vegetables, fruit, nuts and candy.

Lowell Jail

At the Lowell jail yesterday a pork dinner was served, with other good things usually enjoyed at Thanksgiving. In the afternoon the inmates enjoyed a graphophone concert, and had the freedom of the corridors for smoking and recreation.

Chelmsford Street Hospital

At the Chelmsford Street hospital nearly 600 pounds of pork was dispensed, with mince and French fried potatoes, turn and other substantial food. All of the pork used was raised at the farm.

NEW RECORD AT MINT

PHILADELPHIA, Dec. 1.—With an output of 9,875,000 dimes, 8,266,200 nickels, and 28,975,450 pennies in November, the local mint established a new record for the month, the number of pieces coined. Officials say there is no indication of a let-up in the demand for small coins.

H. E. FISHER, FORMER B. & M. TREASURER, DEAD

BOSTON, Dec. 1.—Herbert E. Fisher, treasurer of the Boston & Maine railroad for 15 years, died suddenly yesterday at his home in Newtonville. Mr. Fisher retired from the treasurer-ship of the road in January on account of poor health.

He was born in Boston, Aug. 8, 1849 and was educated in the elementary schools of Boston and Charlestown. At the age of 21 he became a freight clerk on the railroad and filled various positions until in 1901 he was made treasurer.

He married Esmeralda P. Palazzo of Charlestown in 1872. His home was in Somerville until last March when he removed to 3 Jennison street, Newtonville.

WOMAN DIED AIDING FALLEN WOMEN

NEW YORK, Dec. 1.—Mrs. Mary Goode, whose revelations of police graft were one of the most startling features of the investigation of police methods following the Rosenthal murder, is dead, and her death has disclosed that she devoted the last four

"Watch Your Step"

To all those that suffer terribly with sore, tired, aching feet, the least jar or misstep causes untold agony—but immediate relief is at hand for there is one remedy that has never failed to help sore feet. No matter how long you have suffered, just get from any drug store a bottle of Minard's reliable, creamy liniment and use as directed—for instantly you will find that nothing is as effective for your poor, sore, tired, aching, perspiring feet—and you will wonder at its magic. It never burns or blisters and stains neither flesh nor clothing.

years of her life to the uplifting of fallen women. Once she kept a disreputable house and, according to her testimony, paid certain policemen \$50 a month for protection. Since her reform, it is said, she spent most of an allowance of \$5000 a year received from her family in her rescue work.

She always refused to tell her real name, but it is said she came of a reputable up-state family. She died of pneumonia contracted a week ago, after a visit to the women's night court in the rain.

PLAYHOUSE FILLED

Big and Enthusiastic Audience Enjoys
Noted French Comedian and His
Troupe of Artists

The Playhouse in Shattuck street was filled to the doors last evening, the occasion being the second visit to Lowell of Maurice Castel, the noted French comedian and his troupe of artists. The company presented a three-act comedy entitled "Mon Bebe"

and the interpretation of each part brought forth favorable comment on the part of the large audience.

The title role of the play was sustained by Castel, who played in his usual way, keeping his listeners in constant laughter. The other parts were sustained by Jules Hervieu, Adrien Laurion, Mlle. Lily Rose, Mlle. Cecile Darnoy and Mlle. G. Riviere. Between the acts musical and literary number were given by Castel and others. Mr. E. L. Turcot of this city had charge of the players while they were in Lowell and he stated last evening it is probable they will pay another visit to this city before the close of the season.

CALL WITNESSES FOR TRIAL OF FRANZ BOPP

SAN FRANCISCO, Cal., Dec. 1.—Subpoenaing of witnesses for the trial of Franz Bopp, German consul-general at San Francisco, and four members of his official family, charged with breaches of neutrality in connection with an alleged bomb conspiracy, was begun today. John W. Preston, United States district attorney, said about 250 men and women will be called by the government in the case, which is set for next Monday.

"Our case," Mr. Preston declared, "is complete." Immunity, he added, would not be given Johannes Van Koolbergen, the so-called "double spy."

Van Koolbergen appears," he said, "it will be as a defendant and not as a witness."

Louis J. Smith, alleged to have been in the employ of the German officials, has been granted immunity and will be the government's principal witness. It is alleged by the government that Van Koolbergen was employed by German officials to dynamite bridges, tunnels and stations in Canada. The German officials deny this allegation, holding that the man was a British spy.

\$10,000 LOSS BY FIRE IN CALAIS ME. HOTEL

CALAIS, Me., Dec. 1.—Some of the guests which filled the St. Croix hotel were forced out of doors in their night clothing today when fire damaged the hotel to the extent of \$10,000. All got out safely. The fire started in the basement and worked up to the roof through an air shaft.

PRESIDENT ATTENDS BALL

WASHINGTON, Dec. 1.—President Wilson spent Thanksgiving day quietly with members of his family and took no part in several special celebrations here to which he was invited. With Mrs. Wilson he attended his regular Presbyterian church, having declined invitations to the Pan-American mass at St. Patrick's church and to a joint celebration of Methodist churches.

The turkey for the White House Thanksgiving dinner was chosen from among many sent to the president from different parts of the country. President Wilson concluded his ob-

servance of Thanksgiving day by attending a ball given by the Navy Relief society at the Washington navy yard. He and Mrs. Wilson occupied a box.

ATTORNEY THOM AGAIN CROSS-EXAMINED

WASHINGTON, Dec. 1.—When the congressional railway investigating committee resumed its hearings today, A. P. Thom, counsel for the railroad executives' advisory committee, was called again for cross examination. It was his seventh day of testimony and he probably will be on the stand tomorrow. The committee plans to hear Max Thelan, California state railroad commissioner, as the second witness.

HIGH SCHOOL PLAYERS TO RECEIVE THE "L"

The members of the Lowell high school football squad who entered yesterday's game with Lawrence, and only those, will be awarded the "L." It is understood. None of the other games was considered in the awarding of the letters. The question of whether or not Heathcock and Haywood are entitled to their letters may be taken up at the school later. The "L" men who will meet and elect a captain for next year are as follows: Captain Liston, Lynch, Vauhan, Mahoney, Mansur, Whitaker, Dacey, Ingham, C. Coughlin, D. Coughlin, Brown, McCann, Hunter and White.

SMALL DOCKET Continued

Demony guilty of larceny and imposed a fine of \$10, which the defendant's wife also paid.

According to the testimony offered Demony was employed in making repairs about the property occupied by Mrs. Jared in Fletcher street and seeing a gold piece on the bureau of her room took it and sold it to a jeweler in Middlesex street for \$15 and the latter in turn sold it to a jeweler in the Bradley building who melted the coin.

Obstructed the Sidewalk

Robert Moran entered a plea of guilty to a complaint charging him with obstructing the sidewalk in Adams street on November 17th, and a fine of \$20 was imposed. He was given six weeks in which to pay the fine. Moran and five other young men, the latter being juveniles, have been causing considerable trouble in Adams street of late and on the night of the 17th it is alleged that stones were directed at certain persons and one of the missiles struck a man wearing glasses and besides breaking the glasses injured the man's eyes. Five of the sextet were caught and in-

Very Quiet Holiday

Thanksgiving proved to be a very

quiet holiday in police circles. There

were no arrests for drunkenness dur-

ing the day and the arrests on Wed-

nesday were few and far between.

Defaulted

Joseph Ferreira, charged with as-

sault and battery, was declared de-

faulted as was John J. Riley, charged

with drunkenness.

the juvenile session this morning four were fined \$20 each and Moran was fined \$20 in the regular session of the court. It is alleged that the person who shot the man which came near blinding the man.

No Clemency for Lally

William J. Lally was charged with drunkenness but when the court learned that Lally was under a suspended sentence to the house of correction to pay \$5 a week for the support of his wife and had failed to do so he placed the drunkenness case on file and ordered the suspension of the neglect case sentence revoked and Lally will spend the next six months in the house of correction. At the close of the session of the court Lally pleaded with the judge to be given another chance but it was without avail.

Operating Without a License

Robert Stone pleaded guilty to a complaint charging him with operating an automobile without a license but Lawyer Frank Goldman who appeared for the defendant produced a chauffeur's license which the defendant had secured since being summoned into court and on recommendation of counsel the case was placed on file.

Guilty of Larceny

Earl M. Philbrick, aged nine years, who appeared before Judge Enright in the juvenile session of the police court, was charged with the larceny of \$47 in money from Louis Alexander, the tailor, whose place of business is in the Harrington building in Central street. He was found guilty and placed in the custody of the state board of charities.

Despite the boy's youth, he has operated in Manchester, N. H., and this city, having been arrested for stealing in that city on several occasions. A week ago last Saturday, he entered Mr. Alexander's place of business and finding no one in the front part of the place, entered the interior and opening the safe, took \$47 in money. As he was leaving the place, Mr. Alexander entered and he asked Mr. Alexander to contribute to a harvest fund, presenting a bank for Mr. Alexander to deposit the coin. After the boy had gone, Mr. Alexander found that the money was missing and reported the matter to the police. Later Inspector John Walsh arrested the boy.

Very Quiet Holiday

Thanksgiving proved to be a very quiet holiday in police circles. There were no arrests for drunkenness during the day and the arrests on Wednesday were few and far between.

Defaulted

Joseph Ferreira, charged with assault and battery, was declared defaulted as was John J. Riley, charged with drunkenness.

ENGINEERS SEND BILL Continued

bill for \$748.87 which has been paid by the city.

Under date of Sept. 18 Mr. Morse sent to the J. R. Worcester Co. a letter requesting the company to inform him whether or not it had done or had been ordered to do any work in connection with the bridge, not covered by the \$1000 voted by the municipal council, and the reply was as follows:

"In reply to your favor of the 18th inst., we would say that acting under the direction of Mayor O'Donnell and City Engineer Kearney and City

Solicitor Varnum, we have rendered a

number of services in connection with

the Pawtucket falls bridge not covered

by our bill of \$1000 paid in July.

"We have represented the city in

connection with their petition to the

board of harbor and land commission

and the United States district engineer.

We have been in conference with the

National Engineering Corp. with re-

gard to detailed drawings which they

have prepared subsequent to the date

of the contract. We have made one

visit to the bridge to take a general

view of the progress of the work and

at the present time, acting under in-

structions from the mayor, we have

placed a supervisor on the work, who

is now there.

"Yours truly,

"J. R. Worcester Co."

After receiving the above letter Mr.

Morse requested the company for item-

ized account, which was sent as fol-

lows, the said bill covering the work

to Sept. 28:

Mr. Worcester, 38 hours at \$7.50

per hour \$270.00

Mr. Brazer, seven hours at \$5.00

per hour 35.00

Superintendent, 1st week at \$75

per week 50.00

Cash paid Mr. Ross for August, 125.00

Expenses 2.87

Total \$486.87

It seems that the bill of the Wor-

cester Co. was from Sept. 23 to 30,

increased \$250 for in the auditor's of-

fice is found a bill amounting to

\$748.87, dated Sept. 30, and which was

paid to the J. R. Worcester Co. in

excess of the \$1000.

Mr. Morse stated this morning that

the sum of \$92,075.76 minus 15 per cent

has already been paid on the erection

of the new bridge out of the sum of

\$125,000 voted for the bridge, leaving

a balance of \$31,920.24 minus 15 per

cent.

Campaign Expenses

The following candidates at the re-

cent city primaries have filed their

campaign expenses with the city clerk:

For commissioner: Frank A. War-

wick, \$28; Eugene P. Tuomey, \$53.95;

Joseph M. Wilson, \$15.50.

School committee: William R.

Thompson, \$20.95; Eli B. Hall, \$9.86.

Building Permits

Gersham C. Bassett has been grant-

ed a permit for the erection of a six-

room semi-bungalow at 41 Tolman

street. The house will be 24 by 26

feet and will cost between \$1600 and

\$1800.

Mr. T. Laurin has taken out a per-

mit for the construction of a two-ten-

ement house at 1123-25 Middlesex st.

Each tenement will have six rooms

with pantry and bath and the build-

ing will cost \$2500.

DENY ANY SPECIAL PRIVILEGE TO OSBORNE

ALBANY, N. Y., Dec. 1.—Thomas Mott Osborne, former warden of Sing Sing prison, has been denied any special privileges and courtesies at the institution not accorded by any other citizens because Supt. James M. Carter of the state prison department believed he abused his privileges during the recent state campaign. It was stated at the prison department today.

A letter, which it was said was written by Mr. Osborne in New York on Nov. 4 and read publicly in the prison mess hall on election night, was the occasion of Mr. Osborne's being denied special courtesies.

800 EMPLOYEES WANT INCREASE IN PAY

WATERVILLE, Me., Dec. 1.—Presentation of the request of the 800 employees of the Lockwood cotton mill for a wage advance of 10 per cent. today, was deferred until the return of the agent, who is out of town. It became known that 300 workers at the Wyan-dotte worsted mill have been granted a 10 per cent. increase, effective next Monday.

ASK FOR MORE PAY

BRUNSWICK, Me., Dec. 1.—The request of the employees of the Cabot cotton mill for an increase of 10 per cent. in wages, in accordance with action taken here yesterday by the textile workers of Maine that such requests be made at the mills in Brunswick, Lewiston, Augusta and Waterville, was presented today to Agent R. W. Eaton. No action is expected here until announcements have been made at Biddeford, where demands were made on Wednesday and Lewiston.

S HOURS; SAME PAY

FRAINGHAM, Dec. 1.—The Dennison Manufacturing Co., makers of paper goods, today posted notices that beginning January 1, the plant would be operated on a 48-hour weekly schedule without reduction in wages. About 2500 employees will be affected.

TOOTHBRUSH CAUSE OF DEATH

Pennsylvania Jury Decides Case Involving \$7,000 Insurance—Company Must Pay

CARLEISLE, Pa., Dec. 1.—After hours of deliberation a jury decided yesterday that a toothbrush bristle caused the death of her husband of Mrs. Jennie A. Eby, and the Travelers Insurance company of Hartford, Conn., must pay the widow \$7,000.

Eby was a druggist at New Cumberland and Harrisburg. Mrs. Eby contended that he died of cerebral hemorrhage caused by choking on the bristle of a brush with which he had been brushing his teeth. Physicians who attended Eby bore out the widow's contention.

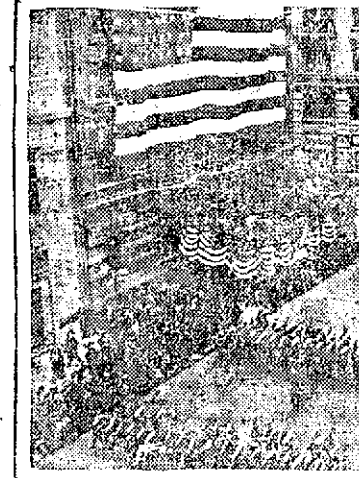

The insurance company based its defense on the testimony of Dr. William S. Wadsworth, coroner's physician of Philadelphia. He conducted an autopsy and said death resulted from natural causes. The case occupied the better part of three days.

GERMANY EXPORTS GOLD

GENEVA, via Paris, Dec. 1.—Germany has sent 10,000,000 marks (\$2,500,000) in gold to Switzerland to equalize the rate of exchange. The bullion arrived at Bern this morning and was transported to the Swiss National bank.

The price of the mark continues to fall. It was quoted here today at \$4.80 and the crown at \$5.50, while the rate of exchange with the entire nations, though below par, fluctuates slightly.

NEW YORK'S FAMOUS SEVENTH RETURNS FROM BORDER DUTY

THE REGIMENT ON SIX AVENUE—COL. FISH (in uniform) AND COL. APPLETON (in uniform).

New Yorkers turned out by thousands to welcome home the Seventh regiment, which arrived from the Texas border after five months of the hardest kind of "peace" service in Texas. Escorted by more than 1000 Seventh veterans, in addition to about 400 members of the depot battalion, the regiment as it marched up Fifth avenue was acclaimed by crowds which totaled, the police estimated, between 150,000 to 200,000 persons.

Every one cheered, and the Seventh never looked better than it did as it swept up the avenue, every man in his field uniform of khaki. All showed the effects of the hard service along the Rio Grande, a service that had tanned and hardened officers and men alike until they looked like seasoned regulars.

The reviewing stand was erected on the Fifth avenue site of the Union League club at 35th street. When the head of the regimental column reached the reviewing stand, Col. Willard F. Fish, commander, lifted his hand to his campaign hat in salute to Gov. Whitman, who was the reviewing officer.

The veterans' organization, with Major General Daniel Appleton, for nearly 30 years colonel of the Seventh, marching alone and just ahead, was the first to pass the stand. Picture

TEUTONS TIGHTEN GRIP

Continued

In this offensive, declaring the whole range of heights along the frontier south of Kirlibaba has been taken by the Russians.

Whether this success will have any immediate effect on the operations of the Teutonic armies engaged in the main attack on the Rumanians has not yet been indicated. Apparently it would require a considerable penetration of Transylvanian territory by the Russians to affect the southern campaign.

Greece's Greatest Crisis
Greece today is in the midst of what seems likely to prove her greatest crisis. The entente ultimatum under which possession of Greek arms and munitions was demanded has expired and King Constantine is reported to have definitely refused compliance with the demands on the other hand Admiral du Fouquet, commander of the allied naval forces in Greek waters, has indicated that he will take radical measures to enforce the demands, having troops in readiness for disembarkation at Piræus, the port of Athens.

On Macedonian Front

In Macedonia the Germans and Bulgarians are doing more than light defensive actions against the entente attempts to advance in the Monastir district. On Wednesday they counter-attacked violently in the Grunshereva region, east of Cerna, where gains were recently claimed for the Serbians. Paris admits the Serbians lost certain trenches which they had previously won, but declares the main effort resulted in failure with heavy losses for the Teutonic allies.

Steady Progress of Teutons

Today's German headquarters report records steady progress of the Teutonic allies against the Rumanians along the entire curving front before Bucharest. In particular it shows von Mackensen's forces from the Danube approaching the line of the Argesu river, which flows within 12 miles of Bucharest as it sweeps down diagonally across Rumania from the northwest. It is here, it is believed, the Rumanians have elected to make their last stand before the capital.

2000 Rumanians Captured

Further inroads upon the Rumanian personnel and equipment are announced by Berlin in the capture of more than 2500 prisoners, 21 cannon and other material.

Rumanian Attacks Costly

Berlin emphasizes the extent of the Russo-Rumanian offensive in the Carpathians along the Slovakia frontier, pointing out that it is being violently pressed over a front of more than 150 miles. It is declared, however, that the attacks were virtually fruitless and extremely costly, and claims the recapture of some ground previously lost. Likewise it records the defeat of an entente attack on the Bulgarian left wing in Dobrudja in which two British armored cars were destroyed.

BULGARIANS DEFEAT RUMANIANS IN SANGUINARY BATTLE

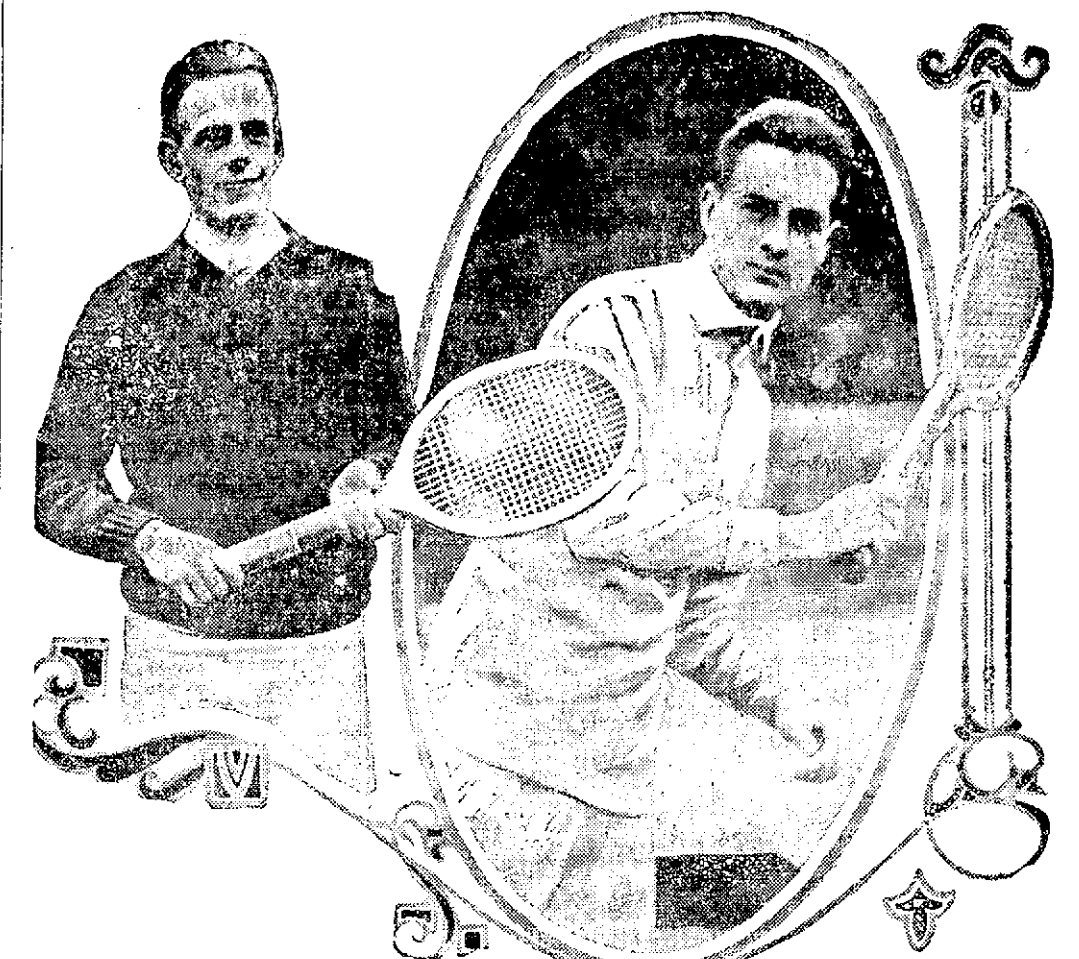

SOFIA, Nov. 30, via London, Dec. 1.—The Bulgarians have sanguinarily defeated the Rumanians in hand to hand fighting and captured two 21-centimetre guns, according to an official statement issued by the war office today.

TEUTONIC ADVANCE IN RUMANIA CONTINUES, SAYS BERLIN

BERLIN, Dec. 1, by wireless to Sayville.—The Russians and Rumanians made violent attacks yesterday over a front of nearly 200 miles, the war office announces. Their efforts are characterized as a waste of blood and ammunition and it is said that they gained no important advantages.

The advance on Bucharest continues, notwithstanding the resistance of the Rumanians. Field Marshal von Mackensen's force, which crossed the Danube is approaching the Argesu river in the direction of Bucharest. Yesterday the Rumanians suffered

TWO U. S. LAWN TENNIS STARS TO SHOW THEIR SKILL ON THE COURTS IN THE ORIENT

NEW YORK, Dec. 1.—Lawn tennis enthusiasts in this section, and, in fact, all over the country, are deeply interested in the long trip of George M. Church of Tenafly, N. J., and Harold Throckmorton of Elizabeth, N. J., to China, Japan, Honolulu and the Philippines. The two racket stars are to leave Vancouver, B. C., on the steamship Empress of Russia within the next few days. Church and Throckmorton are to meet all the tennis cracks in these countries, in addition to giving some exhibitions. The pair will not return until next summer from the orient, where the court game has made much progress in recent years. Photo on left shows George M. Church, on the right Harold Throckmorton.

heavy losses. The Teutonic forces took 2500 prisoners and 21 cannon.

An offensive movement in Dobrudja was begun yesterday by the Russians and Rumanians who made massed attacks on the Bulgarian left wing, the war office announces. The attack broke down under the Bulgarian fire.

LAST NIGHT PASSED QUIETLY ON THE ENTIRE FRONT

PARIS, Dec. 1.—The official communication today says: "Last night passed quietly on the entire French front. Factories at Tientsin and certain bivouacs in the vicinity of Danville were bombed by our aviators last evening."

RUMANIANS PLAN FOR DESPERATE DEFENCE OF BUCHAREST

LONDON, Dec. 1.—The exchange Telegraph Co. says it has received information from Zurich, by way of Rome, that the Rumanian military authorities are making preparations for a desperate defense of Bucharest. The civilian population is said to have

evacuated the city and the government officials have retired to a town on the Russian frontier.

(This probably refers to the Rumanian town of Jassy, to which the government officials and diplomatic corps were said several days ago to have gone by.)

RUSSIANS ATTACKING WITH FORCE ALONG TRANSYLVANIA FRONT

VIENNA, Nov. 30, via London, Dec. 1.—The Russians are attacking incessantly and in great force along the eastern Transylvanian front in an effort to relieve the Rumanians, according to an official statement issued by the war office. The statement says: "The Russian onslaught failed with slight local successes which cannot alter the fact that the enemy's great sacrifices were again yesterday in vain. The battle continues."

CONSPICUOUS SUCCESS FOR THE BRITISH IN GERMAN EAST AFRICA

LONDON, Dec. 1.—Conspicuous success has been gained by the British in their campaign against the Germans in German East Africa, the war

office announced today.

"On Oct. 15, a strong German force commanded by Maj. Gen. Wabbe dislodged from Tabora, (in the central part of the colony) came in contact with the British, south of Iringa," the statement says. "Simultaneously, the enemy in the Malenge area took the offensive against the British on the Ruhudje river, with the evident intention of assisting the western German force to penetrate the British cordon and form a junction with the main German force. The attempt to break through was repulsed near Auringa and the British gained a conspicuous success on the Ruhudje river driving the enemy over the river with the loss of 200 killed, 82 prisoners and booty."

GERMANY'S POINT OF VIEW ON U-BOAT CONTROVERSY WITH NORWAY

CHRISTIANIA, Norway, Dec. 1, via London, 10.50 a. m.—The Dagbladet today publishes an interview with Herr Michaelis, German minister to Norway, outlining Germany's point of view on the submarine controversy with Norway. The minister says in part: "Germany cannot tolerate any spe-

cal treatment of war and merchant submarines by neutrals. Norway is the sole neutral which, by special instructions, has conveyed the impression of adopting the view of the entente.

"Germany is permitted by international law to defend herself with all her powers against Norwegian ships carrying contraband, which prolongs the war; and the recent food crises in Great Britain and Russia have shown that Germany is on the right path. Germany will not be deprived of the sharp weapon she possesses in the submarine. On the other hand Germany will always respect Norway's really difficult position and the most we expect of really independent Norway is that she does not treat German warfare and German economic problems differently than those of the enemy."

BUCHAREST IS NOW A WAR CAMP

BERLIN, via Sayville wireless, Dec. 1.—Bucharest, the Rumanian capital, is changing into a war camp, the Overseas News agency learns. Half of the civil population, according to a despatch to the German Bund, already has left the capital.

The Lokal Anzeiger publishes a telegram from Stockholm that the chief of police of Bucharest and Gen. Berthelot, the French strategist with the Rumanian army, have ordered the majority of the population, especially women and children, to leave the precincts of Bucharest fortresses within five days. All remaining persons are engaged in military and sanitary duty. Martial law prevails, the military authorities distributing all food.

Within 12 1/2 miles of Capital

The town of Comana (Tzoman), halfway between Giurgiu and Bucharest, situated on the direct railway connecting the two cities, at a point 16 miles to the south of the capital, has fallen into Rumanian hands. It lies only 12 1/2 miles south of Bucharest's outer ring of fortifications. Its loss

HOW TO REDUCE YOUR WEIGHT

A SIMPLE, SAFE, RELIABLE WAY.

People who are over-burdened with superfluous fat, know only too well the discomfort and ridicule that overtaken people have to bear.

If you are carrying around five or ten pounds of unhealthy fat you are unnecessarily weakening your vital organs and are carrying a burden which destroys the beauty of your figure.

There is no need of anyone suffering from superfluous fat. If you want to reduce your weight in the simple, safe and reliable way, without starvation diet or tiresome exercise, here is a test worth trying. Spend as much time as you can in the open air, breathe deeply and get from any good druggist a box of oil of korein capsules, take one after each meal and one before retiring at night.

Weigh yourself once a week so as to know just how fast you are losing weight and don't leave off the treatment or even skip a single dose until you are down to normal.

Oil of korein is absolutely harmless, is pleasant to take, and helps digestion. Even a few days' treatment has been reported to show a noticeable reduction in weight, footprints become lighter, your work seems easier and a lighter, your skin seems easier and a lighter possession of your whole being.

Every person who suffers from superfluous fat should give this treatment a trial. A. W. Bows & Co. can supply you.

REFUGEES TELL OF VILLA VICTORY AT CHIHUAHUA

JUAREZ, Mexico, Dec. 1.—The remnants of a Carranza army that fled from Chihuahua City after a battle with Villa troops are in camp on the plains south of Juarez. They brought with them the story of the evacuation of the city after four days and nights of fighting. The dead were piled high in the streets when they left, and had been covered with oil and burned, they said.

Soon after 1 a. m. yesterday the first troop train brought the ragged survivors of the defense forces which had escaped to the north. Accompanying this train was a sanitary section, consisting of three second class coaches and one "White Cross" hospital car. In these cars were more than 100 wounded soldiers of the Carranza command. The hospitals here are filled and volunteer nurses are working to care for the officers and men wounded in battle.

The troop trains that brought this surviving force to the border left Chihuahua City at 10:30 Monday morning, proceeding to a point near Terrazas station. Where a burned bridge forced them to transfer to another train on Wednesday.

The troops brought back many of their field pieces. These are parked in the customs house yards with garlands of "jerked beef" hanging from their muzzles. Women camp followers shared them to transfer to another train on Wednesday.

Refugees said that between the cemetery and Santa Roca hill the dead covered the streets, many having died days before. Along the streets near the railroad station, and surrounding the station, one refugee said he saw many cavalry horses with carbines and sabres attached to the saddles. The Carranza cavalrymen having abandoned them in order to leave the city on the troop train, they were left without an owner.

Along Zarco avenue the fighting had been fiercest and many civilians had been killed there and in other parts of the city by shell fire and rifle bullets. The houses lining this street were pitted with bullet marks of the battle and many shell holes were to be seen in the houses in the heart of the city.

RESCUED AFTER 23 DAYS ON WRECKED HULK

NEW YORK, Dec. 1.—The story of the rescue of a mutinying captain and five men of a tiny schooner, after they had suffered 23 days of hardships on their water-logged vessel, was told by the officers of the rescue ship, the American oil tanker Gold Shell, which reached this port yesterday.

The arrival here marked the end of a six months' voyage, during which she struck a mine in the war zone and was nearly sunk.

The shipwrecked vessel was the 90-ton schooner Arthur H. Wright of St. John's, N. E. Capt. Diamond, bound from Atlantic City, on her home port with salt. According to Capt. Hayes of the Gold Shell, his lookout sighted distress signals on a low-lying hulk in latitude 42.47 and longitude 56.28 on the morning of Nov. 28. Although a heavy sea was running, a boat was sent over the side to the distressed vessel.

The rescuers found the schooner water-logged, the bulkheads, deck-houses and lifeboats swept away and the sails and upper spars gone. In the shelter of the mainmast the captain and crew were huddled, exhausted. The rescuers first tried to get the schooner to prevent her from being a menace to navigation.

Capt. Diamond said his vessel left Atlantic City early in September. After being buffeted by head winds for weeks, he ran into a northwest gale on Nov. 5. From that time on the crew fought hunger, thirst and the elements. They had given themselves up for lost when the tanker arrived.

The Gold Shell left New Orleans for Bordeaux in June. On July 10 she struck a mine in the Bay of Biscay and sustained considerable damage forward. She reached Bordeaux in a sinking condition, and, after discharging her cargo and making temporary repairs, proceeded to Rotterdam, where she lay in drydock for two months.
